Re Wallace Driscoll - 5-1-69

Gentlemen

We have an application for a loan from Wallace Driscoll on the SW1/4 of Section 27, T6S, R30EBM in Bingham County. He is purchasing this land from Ray and Keith Snow, who we understand purchased from a Mr Palmer and he from an O E Marshall. There is supposed to be a well license for this 160 acres under #G-25707, but no one seems to know where the application or license is. Could you please verify that there is such a license and tell us how many inches is licensed and the date of priority. Also, since no one seems to know how deep the well or water level is, we were wondering if it would be possible for you to send us a copy of the well log. If there is any charge for this, please send us a statement of your charges along with this information and we will remit. Thank you.

Yours truly,

Blair W. Archibald

Dear Mr. Marshall:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use on Permit No. G-25707. The proofs are to be made at 10:00 A. M. on the 7th day of March, 1959, before Dick Baltazar, Notary Public, First Security Bank of Idaho, Nampa, Idaho.

As of this date we have mailed the notice to the Aberdeen Times, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then to mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions (Notary and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.
