This Permit is 35 2421 Approved.

If approved, this permit authorizes the construction of a well subject to the following conditions

GENERAL CONDITIONS

1. The well must be constructed in compliance with the applicable statutes, specific conditions of approval shown on the water right permit, injection well permit, transfer or amendment and the rules and regulations of the Department for water appropriation, injection wells and well construction standards
2. This drilling permit is valid for two (2) months from its date of issuance for the start of construction and is valid for one (1) year from the date of issuance for completion of the well unless an extension has been granted
3. This permit does not constitute the approval of the District Health Department or the Idaho Department of Health and Welfare which may be required before construction of this well
4. The well shall be constructed by a driller currently licensed in the State of Idaho who must maintain a copy of the drilling permit at the drilling site
5. Issuance of this drilling permit does not authorize trespass on the land of another party.
6. This permit does not constitute other local, county, state or federal approvals which may be required for construction of a well.
7. This drilling permit does not represent a right to divert and use the water of the State of Idaho
8. If a bottom hole temperature of 85°F or greater is encountered, well construction shall cease and the well driller and the well owner shall contact the Department immediately

RE: Transfer Application No 35-7672 & 35-02421

Dear Water Right Applicant.

The Department of Water Resources acknowledges receipt of your transfer application. Please refer to the application number above in all further correspondence.

This office is currently in the process of advertising the application in the Morning News. The advertisement will be published for two consecutive weeks, and a period of ten days following the second publication will be allowed for the submittal of protests

If the application is protested, you will be sent a copy of the protest. The protest must be resolved before final action is taken. If the protest is not resolved by the involved parties this Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our state office in about five weeks. Department personnel will conduct a complete review prior to final processing of the application and will notify you of the outcome of this review. When final processing of the application is complete, you will be sent a copy. A typical processing time for an unprotested application is about eight weeks.

Please feel free to contact this office if you have any questions regarding this procedure.

Dear Sir

Our office is representing Larry J. Thatcher and Mildred I. Thatcher, husband and wife, as Vendors of the following described property.

Township 2 South, Range 32 E B.M., Bingham County, Idaho: Section 31: E $\frac{1}{2}$ (Tract B); Section 32: W $\frac{1}{2}$ (Tract B); Township 3 South, Range 32 E.B.M., Bingham County, Idaho: Section 5: W $\frac{1}{2}$ NW $\frac{1}{4}$ (Tract B); Section 5: NE $\frac{1}{4}$, E $\frac{1}{2}$ NW $\frac{1}{4}$ (Tract A).

A question has arisen concerning the licensed water rights existing on the above described property. I have in my possession Water License No. G-24654 dated March 23, 1966. This License and Certificate is applicable only to a small portion of the subject property

I am specifically interested in learning whether or not there exist any other perfected water rights of record on this property. Would you please advise me accordingly?

Dear Mr. Brower:

Our field engineer's report on his inspection of the completion of works and beneficial use of the water under the terms of Permit No G-25650 shows that the well is capable of conveying 132 miners inches (2.64 c f.s.) of water for irrigation of 230 acres.

Upon receipt of the statutory fees, totaling \$17.00, we will issue the Certificate of Completion of Works (for which the fee is five dollars) and the License and Certificate of Water Right (twelve dollars--fee is based at the rate of two dollars for each 40-acre subdivision) confirming the right with priority of April 29, 1955, to the use of 2.64 second feet of subterranean water, with point of diversion in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 5, for irrigation of 230 acres in the NE $\frac{1}{4}$, E $\frac{1}{2}$ NW $\frac{1}{4}$ Section 5, Township 3 South, Range 32 East, B.M.

Dear Mr. Brower

This acknowledges the depositions of Holder and two Witnesses and the Affidavit of Publication in The Daily Bulletin in proof of completion of works and beneficial use under Permit No. G-25650.

Before the permit is licensed, the law requires that a field examination be made by an engineer from this department. At this time we cannot say just when this will be made but our field engineer will contact you prior to the time he is to make the inspection so that you can arrange to accompany him.

Dear Mr. Furchner:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-26560 25650 in the name of L. J. Thatcher and Claude G. Brower. Final proof is to be made before you, as Notary, on the 4th day of September, 1958, at 10:00 A. M., at Blackfoot, Idaho.

As of this date we have mailed the Notice to the Daily Bulletin, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then to mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder's and their two disinterested witnesses, who are familiar with the terms of the permit and the work done thereunder at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.
