Dear Mrs. Archibald:

In answer to your inquiry of January 11 we find that Western Potato Company has Licenses G-27724, G-25555, G-25449, and G-25402. It appears that the well involved in the agreement may be covered by G-25555, but the well location is shown in the permit as the SW1/4NW1/4, Sec. 18 while the agreement states the NW1/4SW1/4, Sec. 18, both T. 4 N., R. 36 E., B.M. If you can ascertain the permit number of the well involved this office will send copies of the permit to the BLM.

The fee for the copies is \$2.00. *Net 25555*

A water transfer should be arranged through this department to allow the water to be used in locations other than provided in the original license.

Dear Mr. Belson:

We have our field engineer's report on the inspection of proof of completion of works and application of water to beneficial use under Permit No. G-25402 (Western Potato Company) which shows that well is capable of conveying 2 1/4 miner's inches (4.88 c.f.s.) of water for irrigation of 320 acres. This permit is now entitled to a Certificate of Completion of Works and a License and Certificate of Water Right.

Upon receipt of the statutory fee of \$21.00, we will issue the Certificate of Completion of Works (\$5.00) and the License (\$8.00 -- based at the rate of \$2.00 for each 40-acre subdivision) confirming the right with a priority of January 31, 1955, to the use of 4.88 second feet of water from subterranean flow with the point of diversion in the SE 1/4 NW 1/4 of Section 17, for irrigation of 320 acres in the N 1/2 of Section 17, Township 4 North, Range 36 East, B.M.

Dear ~~MR.~~ Gentlemen:

An inspection and a report on same is required by law in connection with any permit for use of water being brought to license in the State of Idaho before same can be licensed.

An inspecting Engineer from this Department will be in your County the week of June 17th and 24th to make inspections.

He will try to contact you by telephone or otherwise at that time to make a definite appointment with you for the inspection.

Please prepared to accompany him or have someone represent you on the inspection.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION

In the Matter of the Reinstatement
of Permit No. G-25402 Under the
Provisions of Section 5594, Idaho
Compiled Statutes.

ORDER REINSTATING PERMIT

WHEREAS, Permit No. G-25402 lapsed through failure of the holder to make proof of completion of the works of diversion within the time specified in the Permit, to-wit February 3, 1957; and,

WHEREAS, On the 3rd day of April, 1957 notice to show cause why said permit should not be canceled, under the provisions of Section 5594, Compiled Statutes of Idaho, was duly served on the holder of said permit; and,

WHEREAS, On the 10th day of April, 1957 the holder filed notice of appearance to offer proof to show that the works of diversion under said permit were fully completed within the time required; and,

WHEREAS, On the 28th day of May, 1957 depositions of the holder and two witnesses were received at the Department of Reclamation showing that the said works of diversion were completed within the time required in the permit; and,

WHEREAS, After examination of the said depositions, the ~~Commissioner of Reclamation~~ ^{State Engineer} of the State of Idaho, is fully satisfied that the works of diversion were completed as required under the terms of said Permit No. G-25402, and that the holder has acted in good faith;

IT IS, THEREFORE, Hereby Ordered that said Permit No. G-25402 be, and the same is, hereby reinstated, and that a certificate of completion of works be issued to the applicant herein.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of this Department, at Boise, Idaho, this 17th day of June, 1957.

Gentlemen:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in the Rigby Star, all submitted in Proof of Completion of Works and Beneficial Use on Permit No. G-25402.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

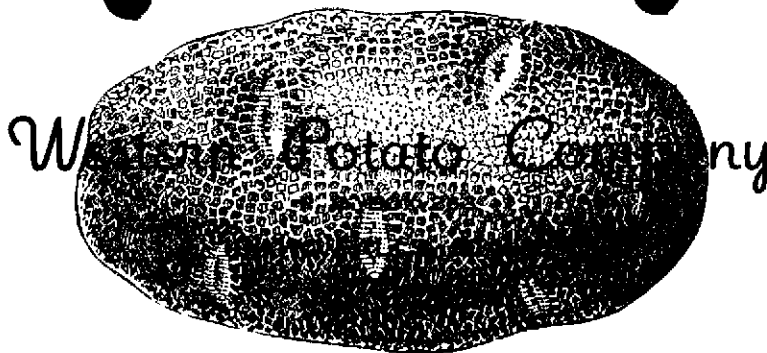

Very truly yours,

Attention: Mr. Roy W. Thompson

Dear Mr. Thompson:

In reply to your letter of April 8, this is to advise you that we wish to prove up on permit No. G-25402 and relinquish permit No. G-25449. We are also doing as you requested and are changing the permit number from G-25449 to G-25402 on the "Proofs of Application of Water to Beneficial Use and Completion of Works". We also did as requested under question 4 of The Deposition of Holder and inserted the correct legal description of the forty acre subdivision from which the water will be used. Under question 6 we changed the description from the south half of section 17 to the north half of section 17.

We are mailing you herewith the amendment form completed to change the location of the well as you requested.

The reason for all of this confusion stems from our letter of January 31, 1957, wherein we requested cancellation of permit No. G-25402 and substituting No. G-25555 in its place. That letter should have requested the substituting of Permit No. G-25402 and disregarding the permit No. G-25449.

We are extremely sorry for any inconvenience our error has created and appreciate your cooperation in making the necessary changes for us.

Very truly yours,

Comes now Western Potato Co. and represents to the State
Reclamation Engineer of the State of Idaho:

That he is the owner and holder of Permit to appropriate the Public
Waters of the State of Idaho, No. 25402.

That the point of diversion is described in said permit as being
located S¹/₂ of Sect 17, T4N, R-36E Jefferson County,

That he now requests that the point of diversion be changed to a
point located N¹/₂ of Sect 17, T4N, R36E Jeff County

That his reasons for desiring to make such change are as follows:
On January 31, 1957 we wrote your office asking that permit No.
G-25402 be cancelled and G-25555 be substituted. We should have requested
the cancellation of G-25449 and retain permit No. G-25402
That no one will be injured by such change, and that such change

Re: Permit No. G-25449 and Permit No. G-25402.

Western Potato Company
P. O. Box 263
Idaho Falls, Idaho

Attention: Mr. Herman Nelson.

Gentlemen:

We are somewhat confused relative to the two above captioned permits. You have sent to this office "Proofs of Application of Water to Beneficial Use and Completion of Works" on Permit No. G-25449. These proofs state that the water applied for is appurtenant to the S $\frac{1}{2}$ of Sec. 17, T. 4 N., R 36 E.

Since receiving these proofs you have telephoned this department stating that you made a mistake in proving up on the wrong permit and you wished these proofs to apply to Permit No. G-25402. Your intention to make proofs have been published in the newspaper on both of the said permits. We gather from your telephone conversation that you wish to prove up on Permit No. G-25402 and relinquish Permit No. G-25449. In case this is what you wish to do we are returning herewith said "Proofs of Application of Water to Beneficial Use and Completion of Works" and will request that you change the permit number from G-25449 to G-25402.

Also, under question 4 of the "Deposition of Holder" give the correct location of the well by legal land description showing well in 40 acre sub-division from which the water will be used to irrigate the N $\frac{1}{2}$ of Sec. 17, T 4 N., R 36 E.

Under question 6 it will be necessary for you to change the land description from the S $\frac{1}{2}$ of Sec. 17 to the N $\frac{1}{2}$ of Sec. 17 on your own deposition as well as on the deposition of the two witnesses. We are also enclosing an amendment form to change the point of diversion or the location of your well from where it is described in the permit to the present location.

We have a letter in our files dated January 31, 1957 in which you state as follows: "In checking our records we find that Permit No. G-25402 was received but the well was never drilled. Instead, we decided to put our well on the N $\frac{1}{2}$ of Sec. 18 and obtain Permit No. G-25555. We would, therefore, like to disregard Permit No. G-25402 and have it cancelled. Please substitute in it's place Permit No. G-25555."

Our records show that Permit No. G-25555, the well is located in the SE $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Sec. 18, T 4 N., R 36 E., the place of use being the N $\frac{1}{2}$ of Sec. 18, T 4 N., R 36 E. We assume that you wish now to prove up under Permit No. G-25402, using the same well as described in Permit No. G-25555. Therefore, we will not cancel Permit No. G-25402 until you return said proofs with the above stated corrections or advise us exactly what you wish to do with same.

Re: Permit Nos. G-25402 and G-25449

Attention: Mark R. Kulp

Dear Sir:

In checking our records we find that permit No. G-25402 was received but the well was never drilled, instead we decided to put our well on the north half of section 18 and obtained permit No. G-25555.

We would therefore like to disregard permit No. G-25402 and have it cancelled. Please substitute in its place permit No. G-25555.

Attention: Mr. Herman Belsen:

Dear Mr. Belsen:

We acknowledge receipt of your Notice of Proof of Completion of Works and Application of Water to Beneficial Use in connection with the Permits captioned above.

You have stated in the Notices that the depositions will be taken before Max Humphreys officiating as a Notary Public. However, you did not name the town or city in which the proofs are to be notarized. It is essential that this place be designated in the Notice of Publication.

We checked with the Office of the Secretary of State to ascertain Mr. Humphreys' address and find that they do not have listed a Max Humphreys as a Notary in the State of Idaho.

Please furnish the above requested information so that we can finish processing your Notices of Publication for the paper.

Gentlemen:

We received Notices of Proof of Completion of Works and Application of Water to Beneficial Use in connection with the Permits captioned above, January 9, 1957, and are returning them to you for correction and additional information.

It is necessary for you to allow four weeks time for publication in a county newspaper, therefore, the time set for making proofs should be set for a time four weeks in advance of the date you wish to make proof, also, allowing at least one week for time to get the notice to the paper, thus making it necessary to set the date in the middle part of February.

In line 3 please fill in the name of the Notary before whom you wish to appear to have your depositions sworn after the publication of the notice has been published for four weeks.

Also on Form 11 enclosed please state the name of the paper in which you wish this publication to be published.

When these corrections and additional information are completed, return to this department.

Very truly yours,
