INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 11 A.M. on the 10th day of November, 1959, at Blackfoot, County of Bingham, State of Idaho, before Earl W. Cory, Notary Public, at Thoreson Building, Blackfoot, Idaho, proof will be submitted of the completion of works for the diversion of 4 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G 25307, heretofore issued by the Department of Reclamation of the State of Idaho.

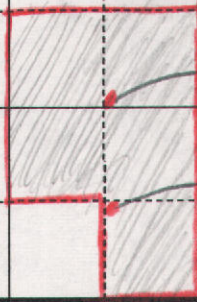

1. The name and postoffice address of the person or corporation holding said permit is Elmer Haggard, Blackfoot, Idaho, Route 1.
2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 4 cubic feet per second.
3. The use of which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 4 cubic feet per second.
4. The point of diversion of said water is SE $\frac{1}{4}$ SE $\frac{1}{4}$, SE $\frac{1}{4}$ NE $\frac{1}{4}$, Section 2, Township 2 South, Range 35 East Boise Meridian in Bingham County, Idaho.
5. The place where said water is used is South half Northeast quarter, North half of Southeast quarter and the Southeast quarter of the South east quarter of Section 2, Township 2 South, Range 35 East Boise Meridian, in Bingham County, Idaho.
6. The date of priority which said user is prepared to establish is December 7, 1954.

THIS IS TO CERTIFY that ELMER HAGGARD
of Blackfoot, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated December 7, 19 54; that Permit No. G-25307
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
3.46 second feet, was issued thereunder on November 3, 19 60, showing that said works
were completed on the 10 day of November, 19 59; and that on the 10
day of November, 19 59,

ELMER HAGGARD

of Blackfoot, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of a well
, a tributary of subterranean flow, for the purpose of irrigation
, under Use Permit No. G-25307 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
11 of Licenses at page 7003, on the 3 day of November, 19 60;
The right hereby confirmed dates from December 7, 19 54;

The Point of Diversion is located
in the NE 1/4 SE 1/4, Sec. 2, Tp. 2 S, R. 35 E, B. M. Bingham County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 3.46 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated

RE: License No. G-25307
Permit No. G-27983

Elmer Haggard
Rt 1
Blackfoot, Idaho

Dear Mr. Haggard:

The field report shows you were producing 2.30 c.f.s. from your well in the NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 2, T. 2 S., R. 35 E., B.M. for irrigation of land included in License No. G-25307 plus the NW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 1; N $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 2. As your land was licensed for 3.46 c.f.s., you are not producing any extra water for the additional land. The two reports of field investigation indicates that the pump should be repaired as you obtained less water under less pressure from 8 laterals instead of 6 laterals.

Enclosed is Form 20 which you may complete from your License No. G-25307 to include extra land under your licensed water right. You must pay for a short legal notice in the county paper for two issues, cost generally under \$10.00, plus \$1.00 fee to this office.

Also enclosed is a form to relinquish a permit which we request you complete as no water right can be obtained from this permit.

Very truly yours,

RALPH W. THOMAS
Deputy State Reclamation Engineer

October 18, 1960

Re: Permit No. G-25307

Elmer Haggard
Rt 1
Blackfoot, Idaho

Dear Mr. Haggard:

Our field engineer's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. G-25307 shows the well is (~~xxx~~) capable of conveying 173 miner's inches, or 3.46 c.f.s. of water for the irrigation of 200 acres.

Upon receipt of the statutory fees, totaling \$ 15.00 , we will issue the Certificate of Completion of Works (fee \$5.00) and the License and Certificate of Water Right (fee \$ 10.00 , based at the rate of \$2.00 for each 40-acre subdivision) confirming the right, with priority of December 7, 1954 to the use of 3.46 second feet of subterranean water with the point of diversion in the NE¹/₄SE¹/₄ of Section 2 for irrigation of 200 acres in the S¹/₄NE¹/₄, NE¹/₄SE¹/₄, SE¹/₄SE¹/₄ of Section 2, Township 2 South, Range 35 East, B.M.

Since your permit shows the points of diversion to be in the SE¹/₄SE¹/₄ and SE¹/₄NE¹/₄ of Section 2 it will be necessary to have an amendment to the point of diversion. Complete the enclosed amendment form, send it with the above mentioned fees, with an additional \$1.00 (total \$16.00) for recording the amendment, and your Certificate of Completion of Works and License and Certificate of Water Right will be issued.

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 A.M. on the 10th day of November, 1959, at Blackfoot, County of Bingham, State of Idaho, before Earl W. Cory, Notary Public, at Thoreson Building, Blackfoot, Idaho, proof will be submitted of the completion of works for the diversion of 4 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. Q 25307, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is Elmer Haggard, Blackfoot, Idaho, Route 1.
2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 4 cubic feet per second.
3. The use of which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 4 cubic feet per second.
4. The point of diversion of said water is SE 1/4 Sec. 24, SE 1/4 NE 1/4 Section 2, Township 2 South, Range 35 East, Boise Meridian in Bingham County, Idaho.
5. The place where said water is used is South half Northeast quarter, North half of Southeast quarter and the Southeast quarter of the South east quarter of Section 2, Township 2 South, Range 35 East, Boise Meridian, in Bingham County, Idaho.
6. The date of priority which said user is prepared to establish is December 7, 1954.

Permit No. G-25307

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Elmer Haggard, Route 1, Farmer, Blackfoot, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Individual

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. G-25307, December 13th, 1954, December 13th, 1954.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Deep well, Northwest corner of the NE 1/4 of Section 2, Township 2 South, Range thirty-five, East Boise Meridian.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Deep well, Engineers estimate by measurements is 320 inches, conducted by main pipelines, depth of well is 283 feet, size of casing is 16 inch, it is 82 feet to water. Discharge of pump is 1500 gallons per minute under 60 pounds of pressure, measurement was determined by observation and pump curves and is figured at 320 inches at open discharge. There are 192 nozzels measuring 11/64ths by 5/32nds, operating on 60 pounds of pressure.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Sprinkling irrigation for Agricultural purposes, used for the irrigation of S2NE 1/4, NE 1/4, SE 1/4, Sec. 2, T. 2, S. Range 35, E.B.M., about 40 acres in each subdivision is irrigated by sprinklers; cultivated, complete well with casing, main sprinkling line and necessary take off lines, and has been put to beneficial use during the past five years.

J 25307

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Used only for sprinkling irrigation.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. Used only for sprinkling irrigation.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I am the original permittee.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. I have been using about 200 inches of water for sprinkling 200 acres of farm land during the past five years.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Have only used the water for sprinkling irrigation.

(Sign)

Elmer Haggard

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Blackfoot, County of Bingham

State of Idaho, on this 10th day of November, A. D. 19 59.

RECEIVED
NOV 12 1959
Department of Reclamation

Permit No. G-25307

Proof of Application of Water to Beneficial Use

Deposition of Witness ^{and Completion of Works}

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Orrie E. Hiatt, 50, Route 1, Farming, Blackfoot, Idaho.

Ques. 2. Are you acquainted with Elmer Haggard, the holder of Permit No. G-25307? How long have you known him and where does he reside?

Ans. 15 years, Rose area, Route 1, Blackfoot, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-25307, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Deep well, Northwest corner of the NW 1/4 of Section 2, Township 2 South, Range Thirty-five, East Boise Meridian, pipeline

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. It will throw 320 inches and I have seen 200 inches put to beneficial use.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. The engineer's estimate is 320 inches and from seeing the pump in operation I feel his estimate is correct.

G 25307

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. sprinkling irrigation, S~~1~~NE~~1~~, N~~2~~SE~~1~~, SE~~1~~SE~~1~~ Sec. 2, T.2 So. Range 35, E.B.M.
approximately 200 acres under cultivation.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Used only for irrigation

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Sandy loam soil, excellent for irrigated crops, would take about 1 inch
per acre.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. During the past five years I have seen around 200 inches of this water put
to beneficial use on the above described lands.

Mr. Earl W. Cory,
Attorney at Law,
Blackfoot, Idaho.

Dear Mr. Cory:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-25307, in the name of Elmer Haggard. Final Proof is to be made before you, as Notary on the 10th day of November, 1959, at 10:00 o'clock A.M., at Blackfoot, Idaho.

As of this date we have mailed the Notice to the Daily Bulletin with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (Holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

Re: Permit No. G- 25307

Date: Oct. 1, 1959

Earl W. Cory
Attorney at Law
Blackfoot, Idaho

Dear Sir:

The date for proofs of Completion of Works and Application of Water to Beneficial Use, as set out under the terms of Permit No. G- 25307 are due not later than Dec. 13, 1959.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point of, or points of diversion; and the location of use or the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

GEO. N. CARTER
