Dear Mr. Wenger:

We acknowledge receipt of the depositions of yourself and Aldon L. Toeva also Affidavit of Publication in the Aberdeen Times submitted in proof of Completion of Works and Beneficial Use on Permit No. G-24707 in the name of yourself and John L. Toeva.

Also the depositions of Mrs. Agatha Toeva and two witnesses together with Affidavit of Publication in the Aberdeen Times in proof of Completion of Works and Beneficial Use on Permit No. G-24910.

This completes these proofs but before final action is taken the law requires that a field examination be made by an engineer from this Department.

We cannot tell when these examinations will be made but at the time set our field engineer will contact you and Mr. Toeva in order that you may arrange to show him over the ground.

Meanwhile, we return Mrs. Toeva receipt No. G-336 for the \$5.00 filing fee on her permit No. G-24910 which was enclosed with the proofs.

Very truly yours,

RE: Permit No. G-24707

Mr. F. L. Wenger
Aberdeen
Idaho

Dear Mr. Wenger:

We have your letter of January 18 in regard to making proofs of Completion of Works and beneficial use on Permit No. G-24707 in the name of yourself and John L. Toevs.

We note what you say in regard to an error in Question 12 of the application which should be in Township 6 South, Range 31 East B.M. This was evidently an error in the original application but on checking our records we find that the original sketch map definitely locates it in Township 6 South instead of Township 4 South. We have changed our records accordingly and you may make same on the original permit.

As you know, before making proofs, notice must be published once a week for four weeks prior to making these proofs in a county newspaper. This notice should be made in duplicate on Form 36 enclosed setting the time and place and naming the Notary Public before whom the proof is to be made.

Both copies of Form 36 to be returned to this department together with Form 11 which is your authorization for us to have the notice published at your expense in the designated county newspaper.

We shall then send a copy of the notice to the newspaper with instructions in regard to publish and shall send you the necessary forms of deposition to be used in making the proof.

Dear Mr. Toews:

The State Treasurer has handed us your application for permit to appropriate underground water accompanied by your check for \$5.25.

We return the application together with the sketch map for the following corrections:

1. Question 4 of the application describes the location of the well in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 31, Township 5 South, Range 31 East, B.M. which agrees with the sketch map if the portion marked is the entire SE $\frac{1}{4}$ SE $\frac{1}{4}$.
2. Sketch maps are required to be furnished in duplicate showing definitely the location of the well or point of diversion and the land to be irrigated should be colored or cross-hatched.
3. Question 12 should give the location of the 67 acres described in the SW $\frac{1}{4}$ of Section 32, that is should show the acreage in each 40-acre subdivision.
4. The total number of acres described in Question 12 is 104, and the statutes would entitle you to apply for 104 inches or 1 inch per acre. If you wish to apply for that amount, the correct filing fee is \$5.50.

We return your check for \$5.25 in order that you may substitute for it one for \$5.50. We also enclose two additional copies of Form 0 in order that you may submit duplicate sketch maps in accordance with the above instructions.
