Re: Permit No. G-24641

Mr. G. T. Newcomb
Declo
Idaho

Dear Mr. Newcomb:

Enclosed are the following:

- 1-2. Applications for Amendment to Permit No. G-24641 which were approved by the State Reclamation Engineer and recorded in the Department of Reclamation in Book 87 of Permits at Page 24641 amending the point of diversion as described on record to read as follows: "NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 12, Township 2 South, Range 32 East, B.M." and the list of land to read: "W $\frac{1}{2}$ SW $\frac{1}{4}$ of Section 7, Township 2 South, Range 33 East, B.M., and the SE $\frac{1}{4}$ of Section 12, Township 2 South, Range 32 East, B.M." These should now be attached to the original permit to which they refer and of which they become a part.
- 3-4. Certificate of Completion of Works and the License and Certificate of Water Right issued under Permit No. G-24641 confirming the right with priority of January 2, 1954, to your use of 2.28 second feet of subterranean water, with the point of diversion in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 12, Township 2 South, Range 32 East, B.M., for irrigation of 216.88 acres in the W $\frac{1}{2}$ SW $\frac{1}{4}$ of Section 7, Township 2 South, Range 33 East, B.M., and the SE $\frac{1}{4}$ of Section 12, Township 2 South, Range 32 East, B.M.
5. Departmental receipt #G-3096 for \$51.00, issued as receipt of the five dollar fee for each of the Certificates of Completion of Works and twelve dollars for each of the Licenses issued under Permits No. G-24641, G-24630 and G-23034, a total of \$17.00 each.

Very truly yours,

Water License No. G-24641Amount 2.28 c.f.s.

Water District No. _____

Priority January 2, 1954

THIS IS TO CERTIFY that G. T. NEWCOMB
 of Twin Falls, Idaho, made application for a permit to appropriate the
 public waters of the State of Idaho, dated January 2, 1954; that Permit No. G-24641
 was issued under said application; that Certificate of Completion of works, with a carrying capacity of
2.28 second feet, was issued thereunder on January 14, 1958, showing that said works
 were completed on the 25th day of February, 1956; and that on the 25th
 day of February, 1956, G. T. NEWCOMB

of Twin Falls, State of Idaho, made proof to the satisfaction of the
 State Reclamation Engineer of Idaho, of the right to use the waters of a well
, a tributary of subterranean, for the purpose of Irrigation
, under Use Permit No. G-24641 of the Department of Reclamation
 and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
 and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
10 of Licenses at page 6248, on the 14th day of January, 1958;
 The right hereby confirmed dates from January 2, 1954;

The Point of Diversion is located

in the NW 1/4 SE 1/4, Sec. 12, Tp. 2 S., R. 32 E., B. M. County Bingham

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
 aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
 not exceed 2.28 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
2 S.	33 E.	7	NW 1/4 SW 1/4	--	28.47
			SW 1/4 SW 1/4	--	28.41
2 S.	32 E.	12	NE 1/4 SE 1/4	40	40
			NW 1/4 SE 1/4	40	40
			SW 1/4 SE 1/4	40	40
			SE 1/4 SE 1/4	40	40
Total number of acres irrigated -				--	216.88

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place
 of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this
14th day of January, 1958.

/s/ Mark R. Kulp
 State Reclamation Engineer.

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

2070 Addison Ave.
Twin Falls, Idaho

Application No. G- 32448
Permit No. G- 24641
District No.

1. **Name of Applicant:** G. T. NEWCOMB
Postoffice address: Twin Falls **County:** Twin Falls **State:** Idaho
2. **Quantity of water claimed:**
 - (a) **Rate of withdrawal in cubic feet per second.** 3.2 or Idaho
Miners' inches 160 or gallons per minute.
 - (b) **Annual withdrawal in acre feet per annum**
3. **Source of water supply:** Subterranean, to be raised through a drilled well
4. **Location of point of diversion or well is in the** SE $\frac{1}{4}$ of the SE $\frac{1}{4}$ of Section 12
Twp. 2 S. , Rge. 32 E. , B.M., County of Bingham
5. **Water is to be used for:** Irrigation
6. **If for municipal, industrial or recreational purposes, give:**
 - (a) **Point of use of water is in the** $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
Rge. , B.M
 - (b) **Waste water or sewage effluent is to be returned to**
at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B.M.
7. **Kind of works:** Drilled well, to be cased and equipped with turbine pump and sprinkler system
8. **Estimated cost of works:** \$ 9,500.00
9. (a) **Is reservoir to be used?** No
(b) **Capacity of reservoir:**
10. **The time required for the completion of such work and complete application of the water to the proposed use is** Five (5) years.
11. **If applicant is a corporation, give:**
 - I. (a) **Date and place of incorporation:**
(b) **Amount of capital stock:** \$ (c) **Amount paid in:** \$
(d) **Names and addresses of directors:**
 - II. **The financial resources of the applicant are** (a) **Cash on hand:** \$
(b) **Treasury stock:** (c) **Bonds to be issued:**
(d) **Other resources:**
12. **The land to be irrigated is described in the following tabulation:**
13. **Existing water rights and/or valid permits appurtenant to the lands to be irrigated are:** None
 - (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) (cubic feet per second, inches or gallons per minute) is for new lands.

Re: Permit No. G-24641

Mr. G. T. Newcomb
2070 Addison East
Twin Falls, Idaho

Dear Mr. Newcomb:

Our field engineer's report on the inspection of the completion of construction work and application of water to beneficial use under the terms of Permit No. G-24641 shows that your well is located in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 12 and is capable of conveying 111 miner's inches (2.28 c.f.s.) of water for irrigation of 216.88 acres located in the W $\frac{1}{2}$ SW $\frac{1}{4}$ of Section 7, Township 2 South, Range 33 East, B.M. and the SE $\frac{1}{4}$ of Section 12, Township 2 South, Range 32 East, B.M. The record of the permit shows the well as being in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 12 and does not include the land in the W $\frac{1}{2}$ SW $\frac{1}{4}$ of Section 7, therefore, it is necessary that it be amended. We have enclosed application for amendments for this purpose and ask that you complete and return them.

Upon receipt of the amendments, mentioned above, and the statutory fees, totaling \$17.00, we will issue to you the Certificate of Completion of Works (for which the fee is five dollars) and the License and Certificate of Water Right (twelve dollars--based at the rate of two dollars for each 40-acre subdivision) confirming the right with priority of January 2, 1954, to your use of 2.28 second feet of subterranean water, with the point of diversion in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 12, for irrigation of 216.88 acres in the W $\frac{1}{2}$ SW $\frac{1}{4}$ of Section 7, Township 2 South, Range 33 East, B.M. and the SE $\frac{1}{4}$ of Section 12, Township 2 South, Range 32 East, B.M.

RE: Permit No. G-24630, G-24641 & G-23034

Mr. G. T. Newcomb
2070 Addison East
Twin Falls, Idaho

Dear Mr. Newcomb:

State law requires that a field inspection be made on any Permit being brought to license within the State of Idaho.

I intend to make inspection in connection with your three permits on Friday, July 27, 1956, in the morning.

Please be prepared to accompany me on the inspection or have someone who is familiar with the works do so.

I will drive to the place where the wells are located if I do not contact you before the time of our meeting.

I intend to stop overnight in Idaho Falls or Blackfoot, probably at the Cottage Hotel in Blackfoot the night before. If for any reason this is unsatisfactory for you please advise by return mail or call this office so that I can change the schedule.

Very truly yours,

MARK P. KULP
State Reclamation Engineer

Re: Permits Nos. G-24630 and G-24641

Mr. G. T. Newcomb
2070 Addison East
Twin Falls, Idaho

Dear Mr. Newcomb:

We acknowledge receipt of the depositions of yourself and the two witnesses, also affidavits of publications in the Shelley Pioneer, all submitted in proof of completion of works and beneficial use on the two above captioned Permits.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

BOISE, IDAHO

Permit No. 24641

Proof of Application of Water to Beneficial Use
and Completion of Works

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. My name is G.T. Newcomb, residence is 2070 Addison East, Twin Falls, Idaho, occupation is agriculture, fertilizer and irrigation and pump business, P.O. Address is 124 Blue Lakes Blvd. South, Twin Falls, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. An individual

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. The number of my permit is 24641, date 1/9/54, date of priority I propose to establish is 1/2/54

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean, drilled well in SE 1/4 Sec. 12, T. 2 S - R 32 E., B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Drilled well 300' deep, 14" casing, 140' lift and will flow 160 miner's inches from free flow. I have a sprinkler system with main line of 10", 8", 6". My laterals are portable aluminum 4". I have 4 laterals and each lateral has 33 nozzles. These operate under 40 lb. pressure and will average 7 gallons per minute per nozzle. My pump is 100 H.P. my estimate of 160 inches made from seeing the well tested with this equipment and from my experience in pumping.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation and the entire 160 acres are irrigated. This is described as SE 1/4 Sec. 12 T 2 S - R 32 E., B. M. There is no natural meadow land. The improvements here have been a direct result of this irrigation use. Cost here was for well \$3000.00, pump and motor \$6000 \$11,200.00, sprinkler system and \$1500.00 on land.

24641

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. For irrigation only.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. The minimum amount of water required, in my estimation would be 160 miner's inches.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I am the person who originally applied for and was issued this permit.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. This was first started in 1954 and has been continuous for agricultural production since that time.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. There are no other permits from which water is delivered on this land. However I do have permits # 23034 and #24630 which are in a direct line with this pump system and all of the operation is continuous.

(Sign)

G. T. Newcomb

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Boise, County of Ada,

State of Idaho, on this 25 day of February, A. D. 1956,

Harley C. S. Donnell
Notary Public for Idaho

24641

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 24641

Proof of Application of Water to Beneficial Use
Deposition of Witness ^{and Completion of Works}

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. My name is Eugene R. Hamilton, age is 36, residence 211 Sidney St. Twin Falls, Idaho, occupation is pump setter, P. O. Address is 211 Sidney St. Twin Falls, Idaho.

Ques. 2. Are you acquainted with G. T. Newcomb, the holder of Permit No. 24641? How long have you known him and where does he reside?

Ans. I have known him $3\frac{1}{2}$ years and know that he now resides at 2070 Addison St. East, Twin Falls, Idaho.

Ques. 3. Have you read or heard read said Permit No. 24641, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source is subterranean well in SE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 12, T. 2 S - R 32 E., B. M. The works consist of drilled well 300' deep, 14" casing, 140' lift and will flow 160 miner's inches of free flow. There is a sprinkler system with main line of 10", 8" and 6". The laterals are portable aluminum 4". 4 laterals and each lateral has 33 nozzles. These operate under 40 lb. pressure and will average 7 gallons per minute per nozzle. The pump is 100 H.P.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. I estimate from seeing water pumped, that this well will, under free flow, produce 160 Miner's inches, and I have seen this amount so conveyed.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I have seen the pump deliver 160 miner's inches and I estimate this from seeing wells tested and my experience in the pump business.

24641

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation on the SE 1/4 Sec. 12, T. 2 S., R. 32 E., B. M.
and all of the 160 acres are irrigable. There is no natural meadow land. The improve-
ments here have been for well \$3,000.00, pump and motor \$6,000.00, sprinkler system
\$11,200.00, and on land \$1500.00.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. For irrigation only

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. This is a lava ash soil, very productive and needs irrigation. I believe that
the 160 miner's inches of water now being put on the land is the minimum amount required
for profitable cultivation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I first help install this system and work right on through on it and am familiar
with it since that time.

(Signed)

Eugene R. Hamilton

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Boise,

Permit No. 24641

Proof of Application of Water to Beneficial Use

Deposition of Witness ^{and Completion of Works}

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. My name is Reed Winmill, my age is 31, residence Pioneer Trailer Courts, Twin Falls, Idaho, occupation is pump installer, P.O. Address, Pioneer Trailer Courts, Twin Falls, Idaho.

Ques. 2. Are you acquainted with G. T. Newcomb, the holder of Permit No. 24641? How long have you known him and where does he reside?

Ans. I have known him for 3 years and know that he resides at 2070 Addison St. East. Twin Falls, Idaho.

Ques. 3. Have you read or heard read said Permit No. 24641, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Subterranean well in SE 1/4 Sec. 12, T 2 S - R 32 E., and the works consist of a drilled well 300' deep, 14" casing, 140' lift and will flow 160 miner's inches. There is a sprinkler system with main line of 10" 8" and 6". The laterals are portable aluminum 4". There are 4 laterals and each lateral has 33 nozzles. These operate under 40# pressure and will average 7 gallons per minute per nozzle. The pump is 100 H.P.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. I estimate works will safely conduct 160 miner's inches and I have seen the works conveying this amount.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I have seen the pump deliver 160 miner's inches under free flow and I measured this by seeing pumps measured.

24641

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation on the SE 1/4 Sec. 12, T. 2 S. R. 32 E. and all the 160 acres are irrigable. There is no natural meadow land and the cost of improvements here are for well \$3,000.00, pump and motor \$6,000.00, sprinkler system \$11,200.00, and land \$1500.00.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. For irrigation only.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The soil is a lava ash soil, very productive and need irrigation and reclamation I believe that the 160 miner's inches of water now being put on the land is the minimum amount for profitable cultivation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have helped on this pump and worked on it and I have been familiar with this since that time.

**NOTICE OF PROOF OF COMPLETION
OF WORKS and APPLICATION OF
WATER TO BENEFICIAL USE**

Notice is hereby given that at 11 A. M., on the 25th day of February, 1956, at Boise, County of Ada, State of Idaho, before Harley M. McDowell proof will be submitted of the completion of works for the diversion of 3.2 cubic feet per second of the waters of subterranean source and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. 24641 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are G. T. Newcomb, 124 Blue Lakes South, Twin Falls, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 3.2 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 3.2 cubic feet per second.

4. The place where said water is used is SE 1/4 Section 12, T 2 S—R 33 E., B.M.

5. The date of priority which said user is prepared to establish is Jan. 2, 1954.

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 11 A. M., on the 25th
day of February, 1956, at Boise, County of
Ada, State of Idaho, before Harley M. McDowell
proof will be submitted of the completion of works for the diversion of
3.2 cubic feet per second of the waters of subterranean source
and of the application to beneficial use of said water, in accordance with
the terms and conditions of Permit No. 24641 heretofore issued by the
Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation
holding said permit are G. T. Newcomb, 124 Blue Lakes South, Twin Falls, Idaho

2. Said works of diversion will be fully completed on the date set
for such completion, and the amount of water which said works are capable of
conveying to the place of use, in accordance with the plans accompanying the
application for such permit, is 3.2 cubic feet per second,

3. The use to which said water has been applied is irrigation
purposes, and the amount applied to beneficial use is
3.2 cubic feet per second.

4. The place where said water is used is SE $\frac{1}{4}$, Section 12, T 2 S -
R 33 E., B.M.

5. The date of priority which said user is prepared to establish is
1/2/54.

JAN 7 1954

Department of Reclamation

Land Management Company
331 Northwest Main Street
Blackfoot, Idaho

Gentlemen:

We acknowledge receipt of your letter of December 31, 1953 enclosing three applications of G. T. Newcomb to appropriate subterranean water.

We return application No. G-32447 for the following corrections:

Question 4 locates the well in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 12, Township 2 South, Range 32 East, B.M., but the sketch map shows it in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ of said Section; which is correct?

Also, Question 2 claims 320 miner's inches of water or six cubic feet per second. 320 miner's inches is 6.4 cubic feet per second, and we assume that is the amount applied for. In that case, the correct filing fee is \$6.50, so we return your check for \$6.25 in order that you may substitute one for \$6.50.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
By
