Also our engineer's report on Permit No. <sup>24604</sup> ~~G-24061~~ shows the well is capable of conveying 250 miner's inches ( 5.0 c.f.s. ) for the irrigation of 250 acres, and upon receipt of the statutory fees totaling \$23.00 on this permit, we will also issue the Certificate of Completion of Works and the License and Certificate of Water Right, confirming the right with priority of December 10, 1953 to the use of 5.0 second feet of subterranean water with the point of diversion in the SE 1/4, Sec. 6, for the irrigation of 250 acres in the S 1/2, E 1/2, Sec. 6, NE 1/4, NE 1/4, Sec. 7, T. 1 S., R. 34 E.

Ans. Not applicable

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Dear Mr. Kerr:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-24604. Final proof is to be made before you, as Notary, on the 14th day of January, 1959, at 9:00 A. M., at 291 North Broadway, Blackfoot, Idaho.

As of this date we have mailed the notice to the Daily Bulletin, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions (Holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

In regard to an amendment for changing the place of use in connection with Permit No. G-24604, we would suggest that Mr. Wray wait until after inspection is made and then amend the permit if necessary.

We enclose a certified copy of Permit No. G-24604, together with departmental receipt No. G-3756, issued in the amount of \$1.50, covering your payment for the copy.

Re: Permit No. G-24604 - Willard S. Wray

Dear Sir:

I enclose herewith Form No. 36 in duplicate in connection with the above permit, and Form No. 11, Authorization to Publish Notice in the Daily Bulletin at Blackfoot, Idaho. We have been unable to find Mr. Wray's permit in this case, so will you fill in line six. I am also in doubt as to when publication can be commenced, so I have left the date blank and authorize you to fill in the appropriate date which will allow proper time for publication.

In discussing this with Mr. Wray, it appears that he has used some of the water on the NE Quarter of the NW Quarter of Section 7, which I do not believe was included in the permit, so we would like an appropriate form to amend the place of use. I should also like to have a copy of the permit to see whether there are any other amendments necessary and would appreciate your sending me a copy of the permit.

I enclose a check for \$1.50 which I believe is the proper amount for this copy.

Yours very truly,
