RE: Permits Nos. C-24593 & C-24594

Mr. Harold A. Ranquist
Route 2
Blackfoot, Idaho

Dear Mr. Ranquist:

In checking notices received this morning for proofs of Completion of Works and Beneficial Use on the above numbered permits in the name of Neal Williams, we note the following discrepancies in the land descriptions in each.

Permit No. C-24593 described land in the $W\frac{1}{2}NW\frac{1}{4}$, $SE\frac{1}{4}NW\frac{1}{4}$ and $NE\frac{1}{4}SW\frac{1}{4}$ Section 15, Township 3 South, Range 33 East, B.M., whereas the notice only describes the $W\frac{1}{2}NW\frac{1}{4}$ of said section.

Permit No. C-24594 describes land in the $SW\frac{1}{4}$, $NW\frac{1}{4}SE\frac{1}{4}$ Section 16, Township 3 South, Range 33 East, B.M., whereas the notice only describes the $SW\frac{1}{4}SW\frac{1}{4}$ of said section.

Please advise if it was intended to only include a portion of the land in these notices or if the omission was in error.

Very truly yours,

Dear Mr. Williams:

This morning's mail brings us affidavits of publication in the Blackfoot Daily Bulletin in connection with the proofs of completion of works and beneficial use on the above numbered Permits.

This completes the proofs but before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

We enclose your statements for costs of publication which you will doubtless wish to keep in your own files.

Dear Mr. Williams:

We have been holding the depositions of yourself and two witnesses in proof of completion of works and beneficial use on the above numbered Permits awaiting affidavits of publication in the Blackfoot Daily Bulletin, which are an essential part of the proofs.

The Blackfoot Daily Bulletin was instructed to send you these affidavits and we understood from Mr. Harold A. Ranquist, your attorney, that you were forwarding these affidavits to us.

To date we have not received them and it is important that the matter be given your prompt attention.

RE: Permits Nos. G-24593 and G-24594

Mr. Harold A. Ranquist
1385 Butler Avenue
Salt Lake City, Utah

Dear Mr. Ranquist:

We have your letter of September 22 enclosing depositions of Neal Williams and two witnesses in proof of completion of works and beneficial use on the above numbered Permits.

We return the depositions for correction as follows:

1. Question 5 of the deposition of the Permit Holder should state the amount of water the works are capable of conveying and should also give the kind and power of the pump.

2. In the depositions in connection with Permit No. G-24593, we note under Question 6 they only described the $W\frac{1}{2}NW\frac{1}{4}$ of Section 15, Township 3 South, Range 33 East B. . . Whereas, the original permit also includes the $SE\frac{1}{4}NW\frac{1}{4}$ and $NE\frac{1}{4}SW\frac{1}{4}$ of said Section. Was this omission intentional?

The affidavits of publication are also a necessary part of the proof and should accompany the depositions, and the Blackfoot Daily Bulletin was instructed to send these affidavits to Mr. Williams. If he has not received them, we suggest that the matter be taken up with the newspaper at once.

Mr. Harold A. Hanquist
Route 2
Blackfoot, Idaho

Dear Mr. Hanquist:

In checking notices received this morning for proofs of Completion of Works and Beneficial Use on the above numbered permits in the name of Neal Williams, we note the following discrepancies in the land descriptions in each.

Permit No. G-24593 described land in the $\frac{1}{2}$ SW $\frac{1}{4}$, SE $\frac{1}{4}$ NW $\frac{1}{4}$ and NE $\frac{1}{4}$ SW $\frac{1}{4}$ section 15, Township 3 South, Range 33 East, B.M., whereas the notice only describes the $\frac{1}{2}$ NW $\frac{1}{4}$ of said section.

Permit No. G-24594 describes land in the SW $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 16, Township 3 South, Range 33 East, B.M., whereas the notice only describes the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of said section.

Please advise if it was intended to only include a portion of the land in these notices or if the omission was in error.

Route 2
Blackfoot, Idaho

Dear Mr. Ranquist:

Your letter dated July 23 reached us a couple of days ago requesting both forms for making proof of completion of works and beneficial use on the above numbered Permits in the name of Neal Williams.

Notice should be made in duplicate on form 36 for each Permit setting the time and place and naming the Notary Public before whom the proof is to be made.

The proof may be made at any place convenient for Mr. Williams and his two witnesses and the time must be set sufficiently far enough ahead to allow for four weeks publication.

Both copies of Form 36 to be returned to this department, for each permit, together with Form 11 which is authorization for us to have the notice published at Permit Holder's expense in the designated county newspaper.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing and shall send Mr. Williams the necessary forms of deposition to be used in making the proof.

I have been requested by Neal Williams of Pingree, Idaho, to complete the necessary steps for filing on ground water he is using at present on land owned by him. To wit: T.3~~S~~. R.33~~E~~. Sec.15 W $\frac{1}{2}$ NW $\frac{1}{4}$, and T.3~~S~~. R. 33~~E~~. Sec.16 S $\frac{1}{2}$.

The wells were drilled under Permit No. 24593⁶ dated Dec 3, 1953 and No. 24594⁶ dated Dec 3, 1953

We are requesting the proper forms for Proof of Completion of Works and Proof of application of water to beneficial use. Please send four copies of all forms.

Sincerely Yours,

Harold A. Ranquist

RE: Permits Nos. G-24593 and G-24594

Mr. Neal Williams
Pingree
Idaho

Dear Mr. Williams:

We enclose Permits Nos. G-24593 and G-24594, together with departmental receipts Nos. G-357 and G-358 for the filing fees in connection therewith.

You will note that we have allowed two years within which to make the proofs of completion of works and beneficial use required to complete the water right, although both applications state that the works are either completed at this time or will be completed by May 1, 1954.

The two years' time is in conformity with the statute which sets two years as the minimum within which we may require these proofs. However, they may be made at any earlier date that you are prepared to make them and we shall be glad to send you, upon request, the necessary forms for making the proofs.

Very truly yours,

MARK R. KULP

Mr. Neal Williams
Pingree
Idaho

Dear Mr. Williams:

We have your letter of November 23rd in regard to filing on two irrigation wells.

We enclose two forms of application for Permit to appropriate subterranean water, together with the pamphlet giving regulations and instructions in regard to filing same.

If both these wells are to be used to irrigate the same land, one application will suffice, but if each well is to be used on different acreage, separate applications should be filed.

When this application is approved, it will be signed by the proper State officials and sent you as a use permit under which you may proceed with the construction of the work described in the application.

In order to complete your water right, proofs of Completion of Works and application of the water to Beneficial Use are required. The time required for making these proofs should be indicated under Question 10.

Very truly yours,
