Dear Mr. Williams:

Reference is made to your telephone inquiries to this office and the State Department of Reclamation on March 22, 1960 regarding Jean Hatch's desert-land application, Idaho 011371.

In my letter addressed to you dated February 17, 1960, I pointed out that Jack Hatch's water permit No. G-24375 was not appurtenant to the SW $\frac{1}{4}$, Section 14, T. 2 S., R. 32 E., B.M., Idaho. We also noted that Mr. Hatch had exhausted his desert entry right but Mrs. Jean Hatch was qualified to make such a filing. Mrs. Hatch's application, Idaho 011371, was received in this office February 26, 1960.

On February 19, 1960 the State Department of Reclamation transmitted two photocopies of an amendment to water permit No. G-24374 to include the SW $\frac{1}{4}$, Section 14, T. 2 S., R. 32 E., B.M., Idaho. However, Mr. Hatch failed to assign this portion of the water to Jean Hatch.

Please refer to Section 232.13 of the enclosed Circular 1991 on desert-land regulations. Even though Jean Hatch is the wife of Jack Hatch, her evidence of water right must be submitted in her name. We cannot approve a desert entry to her on a water right belonging to another individual.

Mrs. Hatch's application is complete in all details with the exception of two copies of a proper water permit. As soon as this material is received, action can be taken toward field examination and classification.

If you have any question regarding this matter, please do not hesitate to contact us.

Dear Mr. Bailey:

Enclosed are two photo copies of an amendment to the land list under Permit No. G-24375. This amendment includes land in the SW $\frac{1}{4}$ of Section 14, Township 2 South, Range 32 East on which Mrs. Hatch is making a Desert Entry filing. The filing should be in your office February 23.

The lands under Permit No. G-24375 have been inspected by our field engineer. We are willing to issue the Certificate of Completion of Works and Water License for 169 miners inches of water to irrigate 169 acres of land included in Mr. Hatch's Desert Entry and 35 miners inches to irrigate 35 acres of land in the proposed Mrs. Hatch entry in the SW $\frac{1}{4}$ of Section 14. The well produced 4.75 cubic feet per second at the time of the inspection, or 34 miners inches of water over the amount we can show under the license.

Dear Mr. Hatch:

Our field engineer's report on his inspection of proof of Completion of Works and application of water to beneficial use under the terms of Permit No. G-24375 shows the well is capable of conveying 204 miner's inches (4.08 c.f.s) of water for the irrigation of 204 acres.

Upon receipt of the statutory fees totaling \$33.00, we will issue the Certificate of Completion of Works (fee \$5.00) and the License and Certificate of Water Right (fee \$28.00 - based at the rate of \$2.00 for each 40-acre subdivision) confirming the right with priority of August 18, 1953 to the use of 4.08 second feet of water from subterranean flow, with the point of diversion in the NE1/4, Sec. 15, for the irrigation of 204 acres in W1/4SW1/4, SW1/4SW1/4, Sec. 14; E1/4E1/4, NW1/4SW1/4, NE1/4SW1/4 Sec. 15; NW1/4, Sec. 23, T. 2 S., R. 32 E. B. T.

We enclose an Application for Amendment to the land list which should be signed and returned to this office with the fees mentioned above.

Very truly yours,

GEO. T. CARTER

Dear Mr. Hatch:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in the Daily Bulletin, all submitted in Proof of Completion of Works and Application of Water to Beneficial Use on Permit No. G-24375.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Dear Mr. Hatch:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-24375, to be made at 10:00 A.M. on the 10th day of October, 1958, before Dean Williams, Notary Public.

As of this date we have mailed the Notice to the Daily Bulletin, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then to mail the affidavit of publication and the statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses, who are familiar with the terms of the Permit and the work done thereunder, at the place, on the date, at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's Seal has been placed on each, and that all depositions (Holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

RE: Permit No. G-24375

Date June 1, 1958

Jack Hatch
Route #1 /
Blackfoot, Idaho

Dear Sir:

The date for proofs of completion of works and application of water to beneficial use, as set out under the terms of Permit No. G-24375 are due not later than August 24, 1958.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made on no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point or points of diversion; and the location of use or the lands which are irrigated--all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. G-24375

Mr. Jack Hatch
Route # 1
Blackfoot, Idaho

Dear Mr. Hatch:

In reply to your letter of January 23, 1958 in which you state that you do not have enough land under water Permit No. G-24375 in order to use the amount of water filed on under said, 4.6 cubic feet per second, and that you would like to amend your permit to transfer 55 inches of water to the SW $\frac{1}{4}$ of Section 14, Township 2 South, Range 32 East.

We have been requested under date of March 31, 1955, in a letter from the Farmers Home Administration at Blackfoot, Idaho, requesting that the department withhold approval of any request of permittee for assignment or transfer or change in permit adverse to the interests of the mortgagee without written consent or approval.

Therefore, before amending your permit for the transfer of water to the SW $\frac{1}{4}$ of Section 14, Township 2 South, Range 32 East, it will be necessary to get the approval of the Farmers Home Administration in Blackfoot, Idaho.

Very truly yours,

MARK R. KULP
