APPLICATION FOR PERMIT 35-2344

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 32060
Permit No. G- 24271
District No.

1. Name of Applicant: DEAN HOWELL
Postoffice address: Box 849, Blackfoot County: Bingham State: Idaho
2. Quantity of water claimed: 160 miner's inches
 (a) Rate of withdrawal in cubic feet per second. 3.2 or Idaho
 Miners' inches 160 or gallons per minute.
 (b) Annual withdrawal in acre feet per annum
3. Source of water supply: Subterranean to be raised through a drilled well.
4. Location of point of diversion or well is in the NE $\frac{1}{4}$ of the NE $\frac{1}{4}$ of Section 8
 Twp. 3 S , Rge. 32 E , B.M., County of Bingham
5. Water is to be used for: Irrigation
6. If for municipal, industrial or recreational purposes, give:
 (a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
 Rge. , B.M.
 (b) Waste water or sewage effluent is to be returned to
 at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B.M.
7. Kind of works: Drilled well to be cased and equipped with turbine type pump and sprinkler system.
8. Estimated cost of works: \$ 15,000
9. (a) Is reservoir to be used? No
 (b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is 5 years.
11. If applicant is a corporation, give:
 I. (a) Date and place of incorporation:
 (b) Amount of capital stock: \$ (c) Amount paid in: \$
 (d) Names and addresses of directors:
 II. The financial resources of the applicant are (a) Cash on hand: \$
 (b) Treasury stock: (c) Bonds to be issued:
 (d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None
 (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 (b) (cubic feet per second, inches or gallons per minute) is for new lands.

Remarks: This permit to be used in connection with the irrigation of vacant federal land now under application in the Idaho Land & Survey office as a desert land entry. The irrigation development of the land will also serve as the beneficial use of the water.

BE IT KNOWN THAT The undersigned hereby makes appli cation for permit to appropriate the public waters of the State of Idaho as herein set forth.

DEAN HOWELL Applicant.

Dear Mr. Anderson:

Our field engineer's report on his inspection of the completion of works and beneficial use of the water under the terms of Permit No. G-24271 shows that the well is capable of conveying 97 miners inches (1.94 c.f.s.) of water for irrigation of 160 acres.

Upon receipt of the statutory fees, totaling \$13.00, we will issue the Certificate of Completion of Works (for which the fee is five dollars) and the License and Certificate of Water Right (eight dollars--fee based at the rate of two dollars for each 40-acre subdivision) confirming the right with priority of July 2, 1953, to the use of 1.94 second feet of subterranean water, with point of diversion in the NE $\frac{1}{4}$ of Section 8, for irrigation of 160 acres in the NE $\frac{1}{4}$ of Section 8, Township 3 South, Range 32 East, B.M.

Dear Mr. Furniss:

This acknowledges the depositions of Holder and two Witnesses and the Affidavit of Publication in The Daily Bulletin in proof of completion of works and beneficial use under Permit No. G-24271.

Before permit is licensed, the law requires that a field examination be made by an engineer from this department. At this time we cannot say just when this will be made but our field engineer will contact you prior to the time he is to make the inspection so that you can arrange to accompany him.

Very truly yours,

I, Margorie Flint, do solemnly

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE.

NOTICE IS HEREBY GIVEN That 10 a.m., on the 10th day of September, 1958, at Blackfoot, County of Bingham, State of Idaho, before J. Elaine Anderson, Notary Public, at 167 West Bridge Street, proof will be submitted of the completion of works for the diversion of 3.2 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-24271 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is Burton E. Furniss, RFD No. 2, Blackfoot, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 3.2 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 3.2 cubic feet per second.

4. The point of diversion of said water is NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 8, Township Three South, Range Thirty-two EBM, Bingham County.

5. The place where said water is used is NE $\frac{1}{4}$, Section Eight, Township Three South, Range Thirty-two EBM, Bingham County.

6. The date of priority which said user is prepared to establish is July 2, 1953.

GEO. N. CARTER,
State Reclamation Engineer
Pub Aug 15, 22, 29, Sept 5, 1958.

swear that I am the principal clerk of The Daily Bulletin, which is a daily newspaper of general circulation published each day except Saturday and Sunday at Blackfoot, Bingham County, Idaho, said newspaper having been so published at Blackfoot aforesaid for more than one year past; that said newspaper heretofore complied with all the provisions of Chapter 154 of the Sessions Laws of Idaho of 1933, approved March 11, 1933, and duly designated, pursuant to law, a particular day of the week as the day on which legal notices required by law or by the order of any Court of competent jurisdiction within the State of Idaho shall be published to-wit: Friday of each week; that the notice attached hereto and which is a part of this affidavit and part of the proof of publication was, published

in said Friday issue of said newspaper . . . 4 . . . consecutive weeks the first publication having been made

on the 15th day of August, 1958, and the last publication having been made on the

5th day of September 1958; that said notice was published in the regular and entire issue of every number of the paper as aforesaid during the period and time of publication, and that the notice was published in the newspaper and not in a supplement.

Margorie Flint

RECEIVED
SEP 12 1958
Dep. of Reclamation

Permit No. G-24271

Proof of Application of Water to Beneficial Use

Deposition of Holder and Completion of Works

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Burton E. Furniss, R. F. D. #2, Blackfoot, Idaho, Farming

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Not applicable

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. G-24271; July 3, 1953; July 2, 1953

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean waters; NE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 8, Twp. 3 So. Range 32
East of Boise Meridian, Bingham County, Idaho

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Drilled well 16" dia; cased 57 ft, at a lower level by reason of
gravel and rock strata; depth 225 ft.; depth to water 125 ft.; 75 h.p.
turbine pump and electric motor; $\frac{1}{2}$ mile steel mainline; 6-4" alum. lateral
secs. $\frac{1}{4}$ mi. each; 198 nozzles $\frac{3}{16}$ ths inch size; operating pressure 55 lbs.;
110 miners inches, estimate.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation; NE $\frac{1}{4}$ NE $\frac{1}{4}$, 36 acres; NW $\frac{1}{4}$ NE $\frac{1}{4}$, 36 acres; SW $\frac{1}{4}$ NE $\frac{1}{4}$, 36 acres;
SE $\frac{1}{4}$ NE $\frac{1}{4}$, 39 acres, cultivated; reclamation of desert lands for agricultural
purposes.

Sec. 8, 3S, -32E.

P 24271

R 24271

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. None

X Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. Approximately one miner's inch per acre

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. By assignment from Dean L. Howell and Helen Howell, husband and wife, August 25, 1956.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. 1957-1958, entire irrigation season each year under entire area previously described; through irrigation system previously described; Approximately one miner's inch per acre; approx. every 8 days by rotation.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

(Sign) Burton E. Gurnie

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Blackfoot, County of Bingham,

State of Idaho, on this ✓ 10th day of ✓ September, A. D. 1958.

Permit No. G-24271

Proof of Application of Water to Beneficial Use

Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Edward M. Webb, Jr., Pingree, Idaho, age 46, Farming

Ques. 2. Are you acquainted with Burton E. Furniss, the holder of Permit No. G-24271? How long have you known him and where does he reside?

Ans. Yes; 16 years; R. F. D. #2, Blackfoot, Idaho

Ques. 3. Have you read or heard read said Permit No. G-24271, and are you familiar with its provisions and conditions?

Ans. Yes; Yes;

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Subterranean waters; NE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 8, Twp. 3 So., Range 32, East B. M.; Drilled well 16" dia; cased 57 ft. at a lower level by reason of gravel and rock strata; depth 225 ft; depth to water 125 ft; 75 h.p. turbine pump and electric motor; $\frac{1}{2}$ mi. steel mainline; 6-4" alum. lateral secs. $\frac{1}{4}$ mi. each; 198 nozzles 3/16 in. size; oper. pressure 55 lbs; 110 miners in. estimate.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Approx. 110 miner's inches; same amount

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. Approximately 110 miner's inches estimate based upon actual observation and experience

J 24271

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation; NE $\frac{1}{4}$ NE $\frac{1}{4}$, 36 acres; NW $\frac{1}{4}$ NE $\frac{1}{4}$, 36 acres; SW $\frac{1}{4}$ NE $\frac{1}{4}$, 36 acres; SE $\frac{1}{4}$ NE $\frac{1}{4}$, 39 acres, cultivated; reclamation of desert lands for agricultural purposes.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Not Applicable

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Desert Land, Sandy lava ash loam; slightly rolling; approx. one miner's inch per acre.

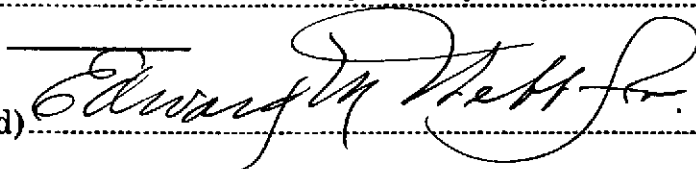

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None

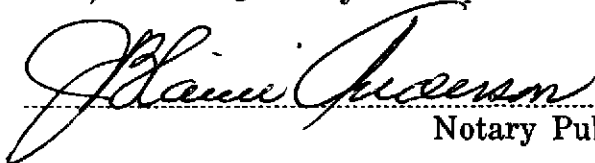

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. 1957-1958, entire irrigation season each year under entire area previously described; through irrigation system previously described; approx. one miner's inch per acre; approx. every 8 days by rotation.

(Signed)

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Blackfoot, County of Bingham, State of Idaho, on this 10th day of September, A. Burton E. Furniss

Mr. J. Elaine Anderson
Attorney At Law
P. O. Box 752
Blackfoot, Idaho

Dear Mr. Anderson:

This acknowledges the Notice of ¹roof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-24271, in the name of Burton E. Furniss. Final proof is to be made before you, as Notary, on the 19th day of September, 1958, at 10:00 A. M., at Blackfoot, Idaho.

As of this date we have mailed the Notice to the Daily Bulletin, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then to mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and his two disinterested witnesses, who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication Notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that 10 a.M., on the 10th day of September,
1958, at Blackfoot, County of Bingham, State of Idaho,
before J. Blaine Anderson, Notary Public, at (address) 167 West
Bridge Street, proof will be submitted of the completion
of works for the diversion of 3.2 cubic feet per second of underground
water from a well, and of the application to beneficial use of said water,
in accordance with the terms and conditions of Permit No. G-24271 ~~G-24272~~ heretofore
issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding
said permit is Burton E. Furniss, R. F. D. #2, Blackfoot, Idaho

2. Said works of diversion will be fully completed on the date set for
such completion, and the amount of water which said works are capable of con-
veying to the place of use is 3.2 cubic feet per second.

3. The use to which said water has been applied is irrigation
purposes, and the amount applied to beneficial use is
3.2 cubic feet per second.

4. The point of diversion of said water is NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 8, Township
Three South, Range Thirty-two E.B.M. Bingham County.

5. The place where said water is used is NE $\frac{1}{4}$, Section Eight,
Township Three South, Range Thirty-two E.B.M. Bingham County.

6. The date of priority which said user is prepared to establish is
July 2, 1953.

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE.

NOTICE IS ^{HEREBY} GIVEN That 10 a.m., on the 10th day of September, 1958, at Blackfoot, County of Bingham, State of Idaho, before J. Blaine Anderson, Notary Public, at 167 West Bridge Street, proof will be submitted of the completion of works for the diversion of 3.2 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-24271 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is Burton E. Furniss, RFD No. 2, Blackfoot, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 3.2 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 3.2 cubic feet per second.

4. The point of diversion of said water is NE $\frac{1}{4}$ NE $\frac{1}{4}$, Section 8, Township Three South, Range Thirty-two EBM, Bingham County.

5. The place where said water is used is NE $\frac{1}{4}$, Section Eight, Township Three South, Range Thirty-two EBM, Bingham County.

6. The date of priority which said user is prepared to establish is July 2, 1953.

GEO. N. CARTER,
State Reclamation Engineer.
