AFFIDAVIT OF PUBLICATION

County of Bingham

State of Idaho

ss

I, Marjorie Flint, do solemnly

swear that I am the Principal Clerk of

The Daily Bulletin, which is a daily newspaper of general circulation published each day except Saturday and Sunday at Blackfoot, Bingham County, Idaho, said newspaper having been so published at Blackfoot aforesaid for more than one year past; that said newspaper heretofore complied with all the provisions of Chapter 154 of the Sessions Laws of Idaho of 1933, approved March 11, 1933, and duly designated, pursuant to law, a particular day of the week as the day on which legal notices required by law or by order of any Court of competent jurisdiction within the State of Idaho shall be published to-wit: Friday of each week; that the notice attached hereto and which is a part of this affidavit and part of the proof of publication, was

published in said Friday issue of said newspaper 4 consecutive weeks the first publication having been made

on the 4 day of Nov., 1955 and the last publication having been made on the

25 day of Nov., 1955; that said notice was published in the regular and entire issue of every number of the paper as aforesaid during the period and time of publication, and that the notice was published in the newspaper and not in a supplement.

Marjorie Flint
Subscribed and sworn to before me this 25

day of Nov, 1955

Donald Jones
Notary Public for the State of Idaho,
Residing at Blackfoot, Idaho.

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M., on the 2nd day of December, 1955, at Blackfoot, County of Bingham, State of Idaho, before H. William Furchner, a Notary Public, proof will be submitted of the completion of works for the diversion of 4 cubic feet per second of the waters of subterranean flow from a well in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 34, Township 2 S., Rge. 33 E. B. M. and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-24193 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Harry Katseanes, Route 2, Blackfoot, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application or such permit, is 4 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 4 cubic feet per second.

4. The place where said water is used is North half of Section Thirty-four, in Township Two South, of Range Thirty-three, East of the Boise Meridian, in Idaho.

5. The date of priority which said user is prepared to establish is June 8th, 1953.

MARK R. KULP
State Reclamation Engineer

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. G-24193

Comes now Harry Katseanes and represents to the State Reclamation Engineer of the State of Idaho:

That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. G-24193.

That the point of diversion is described in said permit as being located in the SW¹/₄ NE¹/₄ Section 34, Township 2 South, Range 33 East, B.M.

That he now requests that the point of diversion be changed to a point located in the NE¹/₄ NW¹/₄ Section 34, Township 2 South, Range 33 East, B.M.

That his reasons for desiring to make such change are as follows:

That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Blackfoot, Idaho, this 6th day of June, 1956.

HARRY KATSEANES

Date of receipt at Department of Reclamation June 7, 1956.

APPROVAL OF STATE RECLAMATION ENGINEER

I, Mark R. Kulp, State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. G-24193. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

MARK R. KULP
State Reclamation Engineer

Permit No. G-24193
CERTIFICATE OF COMPLETION OF WORKS

TO ALL WHOM IT MAY CONCERN:

This is to certify that HARRY KATSEANES of Blackfoot, County of Bingham, and State of Idaho, the holder of Permit No. G-24193, issued upon Application No. G-31977 bearing date of priority of June 8, 1953, authorizing the diversion of 4 second feet of the waters of a well (subterranean flow) County of Bingham, State of Idaho, for irrigation purposes has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use 4 second feet of the waters of said well; that the point of diversion of said waters is in the NE¹/₄ NW¹/₄ Section 34, Township 2 South, Range 33 East, B.M. and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: North Half Section 34, Township 2 South, Range 33 East, B.M.

Witness my hand this 8th day of June, A. D. 1956.

RE: Permit No. G-24193

Mr. Harry Katseanes
Route 2
Blackfoot, Idaho

Dear Mr. Katseanes:

We now have on file the report of our field engineer on examination for completion of works and beneficial use on your Permit No. G-24193 which shows that your well in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 34, Township 2 South, Range 33 East, B.M., will deliver 200 inches of water which has been used to irrigate 320 acres of land in the N $\frac{1}{2}$ Section 34.

However, as you will note from the above, our field engineer found your well to be located in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 34, whereas, the original permit locates it in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 34. An Application for Amendment to the Point of Diversion will have to be recorded in this department before a Certificate of Completion of Works and License can be issued.

Upon receipt of the partially completed Application and the statutory fees amounting to \$5.00 for completion of works and \$16.00 license fee, a Certificate of Completion of Works and License can be issued you, for four second feet of water.

Very truly yours,

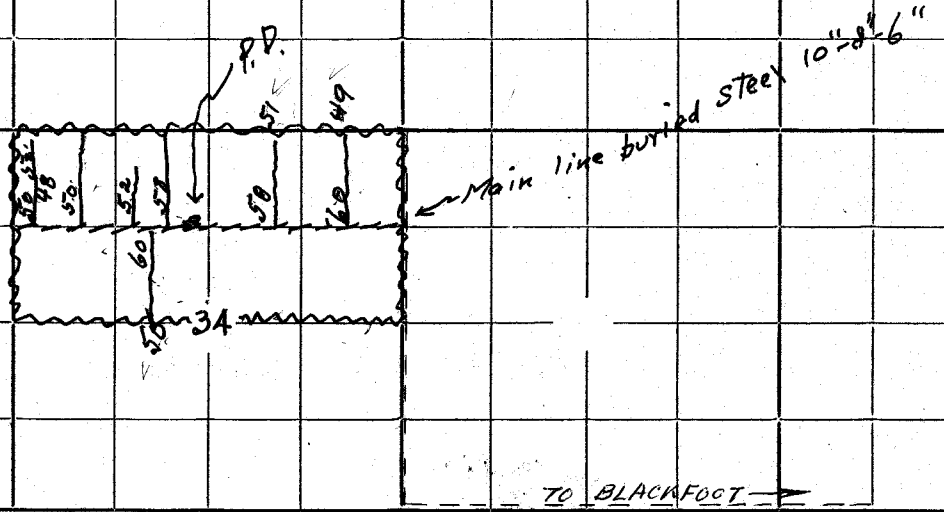

MARK R. KULP

Mr. H. William Furchner
Attorney At Law
Blackfoot, Idaho

Dear Mr. Furchner:

We acknowledge receipt of the corrected depositions of Harry Katseanes and two witnesses which completes proof of Completion of Works and Beneficial Use on Permit No. G-24193.

Before final action is taken the law requires that a field examination be made by an engineer from this Department.

We cannot say just when this examination will be made, but our field engineer will contact Mr. Katseanes at the time he makes the examination in order that he may arrange to show him over the ground.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. G-24193

Proof of Application of Water to Beneficial Use

and Completion of Works
Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Harry Katseanes, Residence, and P. O. Address: Route #2, Blackfoot, Idaho. I am a farmer, and livestock raiser.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. --

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. G-24193, with priority of June 8, 1953.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean water taken from well located 1320 feet South of the North quarter corner of Section 34, in Twp. 2 So., R. 33, E.B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Well, 16-inch diameter, 200 feet deep, with water level at about 100 feet; cased 10 feet to lava rock. Equipped with deep well turbine pump and 150 h.p. electric motor. Main line, 8-inch pipe for quarter mile each way from well, and 6-inch pipe for last quarter mile on each end. Runs East and West. Ten portable 4-inch laterals with risers run North and South from main line. Pump discharges at least 200 inches of water, based on my experience with irrigation. Operating pressure, about 45 lbs. per sq. in.-- 320 nozzles, 3/4 inch.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation. Entire 320 acres have been farmed and irrigated with sprinkler system for the past three farming seasons. All cultivated, except several small patches, which are rough, and total approximately 40 acres in area. Lands irrigated, entire North half of Sec. 34, in Twp. 2 So., R. 33, E.B.M.

24193

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. ---

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. Approximately 1 inch per acre.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. ---

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Full use of the well and water and sprinkler system has been made and crops produced on the land for the last three crop seasons.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None.

(Sign)

Harry Thomas

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Blackfoot, County of Bingham, State of Idaho, on this 2nd day of December, A. D. 1955.

W. William Peterson

Notary Public for Idaho, residing at Blackfoot, Idaho.

My commission expires January 31, 1958.

24193

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. G-24193

Proof of Application of Water to Beneficial Use

Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. James S. Johnston, residence and postoffice address: Blackfoot,
Idaho. I am a farmer, and 35 years of age.

Ques. 2. Are you acquainted with Harry Katseanes, the
holder of Permit No. G-24193? How long have you known him and where does
he reside?

Ans. Yes. I have known him about five years. He resides at Route # 2,
Blackfoot, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-24193, and are you
familiar with its provisions and conditions?

Ans. I am.

Ques. 4. State source of water supply, place of diversion, and describe works for con-
veying water from point of diversion to place of use.

Ans. Well, located 1320 feet South of the North quarter corner of
Section 34, in Twp. 2 So., R. 33, E.B.M. It is 16 inches in diameter,
and about 200 feet deep. Water stands at about 100 feet from surface.
Equipped with turbine pump, 150 h.p. electric motor and sprinkler system,
consisting of main line pipe running East and West from the well, with
movable laterals running North and South from main line, and risers
with sprinkler nozzles on the laterals.

Ques. 5. How many second feet of water do you estimate said works will safely con-
duct to place of use, and how much water have you seen being so conveyed?

Ans. In excess of 200 miner's inches, based on my observation and
long experience. I have seen that much water used on the land.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons
per minute have you seen the pump deliver, and how did you measure or estimate the
amount?

Ans. 200 miner's inches, based on observation and estimate from
use and experience of such equipment.

24193

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water from the well is all used for irrigation of the whole tract of 320 acres described in the permit. All of the land is cultivated, except about 40 acres in small spots throughout the tract, which are still rough and somewhat rocky. Lands irrigated, entire North half of Section 34, in Township 2 So., R. 33, E.B.M.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. --

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

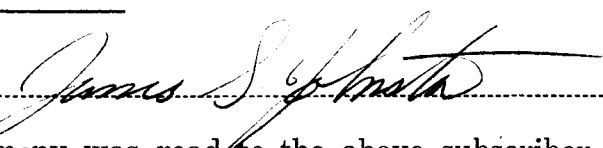

Ans. Land is a lava ash soil.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

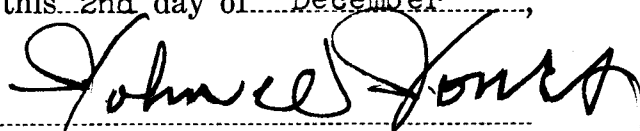

Ans. none.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen the whole tract above described farmed and irrigated from the well with the described sprinkler system during the entire crop season of 1955.

(Signed) 

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Blackfoot, County of Bingham, State of Idaho, on this 2nd day of December, A. D. 1955.

Notary Public.

My commission expires July 17th, 1957.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. G-24193

Proof of Application of Water to Beneficial Use
Deposition of Witness ^{and Completion of Works}

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Frank Fullmer. I am 38 years of age and my residence and postoffice address is Blackfoot, Idaho. I am manager of Simplot Produce Company in Blackfoot.

Ques. 2. Are you acquainted with Harry Katseanes, the holder of Permit No. G-24193 ? How long have you known him and where does he reside?

Ans. I have known him for over 10 years. He lives at Route #2, Blackfoot, in Bingham County, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-24193, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Well, located 1320 feet South of the North quarter corner of Section 34, in Twp. 2 So., R. 33, E.B.M. It is 16 inches in diameter, and about 200 feet deep. Water stands at about 100 feet from surface. It is equipped with a turbine pump, 150 h.p. electric motor and sprinkler system, consisting of mainline pipe running East and west from the well, with movable laterals running North and South from the main line, and risers with sprinkler nozzles on the laterals.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Upwards of 200 miner's inches, based on my observation and experience. I have seen that much water used on the land.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 200 inches, based only on observation and experience.

H 24193

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation. The whole tract of 320 acres described in the permit is irrigated. All is cultivated, except a few rough spots, which amount to possible 40 acres out of the whole tract. Lands irrigated, entire North half of Section 34, in Township 2 So., R. 33, E.B.M.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. --

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is a lava ash soil. It requires about 1 inch per acre for surface irrigation, and slightly less for sprinkler irrigation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. none.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen the whole tract above described farmed and irrigated from the well with the described sprinkler system for the past three years.

(Signed) Frank J. Jullmer

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Blackfoot, County of Bingham, State of Idaho, on this 2nd day of December, A. D. 1955.

November 16, 1955

Mr. J. N. Marshall
Assistant Loan Agent
John Hancock Mutual Life Insurance Co.
Hastbrouck Building
Idaho Falls, Idaho

Dear Mr. Marshall:

Re: #120528 - Katseanes

In reply to your letter of November 15, 1955, in regard to wells on Section 34 and Section 36, Township 2 South, Range 33 East, B. M.

We cannot fill out the forms which you enclosed for reasons which will be obvious from the information given below.

Permit No. 24193 in the name of Harry Katseanes was filed June 8, 1953, for four second feet of water from a well located in the corner common to the NE $\frac{1}{4}$ NW $\frac{1}{4}$, SE $\frac{1}{4}$ NW $\frac{1}{4}$, NW $\frac{1}{4}$ NE $\frac{1}{4}$, and SW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 34, Township 2 South, Range 33 East, B. M., for irrigation of the N $\frac{1}{2}$ of Section 34.

Completion of Works and Beneficial Use proofs were due on this Permit June 20, 1955, but were not made, and registered notice was sent Mr. Katseanes advising that this Permit was subject to cancellation, however, upon advice that the work was actually completed and the water beneficially applied notice is now being published in the Blackfoot Daily Bulletin that proofs are to be made on December 2, 1955, before Mr. H. William Furchner, Attorney At Law, Blackfoot, Idaho.

If these proofs are made the Permit may be reinstated, following which an inspection will be made by an Engineer from this department, but until this is done we have no information as to the dimensions or capacity of the well.

Our records show that at one time Harry Katseanes had a Permit (No. 21754) for 11.2 second feet of water from two wells in the NW $\frac{1}{4}$ NW $\frac{1}{4}$ and NE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 34, filed October 19, 1950, but canceled April 1, 1954, for failure to make the statutory proofs.

924193

November 16, 1955

This water was to have been used on the $N\frac{1}{2}$ and the $SW\frac{1}{4}$ and the $W\frac{1}{2}$ of the $SE\frac{1}{4}$ of Section 34.

Our records also show Permit No. 21752 in the name of Harry Katseanes for 12.8 second feet of water from two wells in the $SE\frac{1}{4}NW\frac{1}{4}$, and $SW\frac{1}{4}SW\frac{1}{4}$ Section 26, Township 2 South, Range 33 East, B. M., filed October 19, 1950, but canceled April 1, 1954, for failure to make the statutory proofs. This water was to have been used to irrigate all of Section 36.

We have no record of any other wells on Section 36 except the two above described.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Gentlemen:

Re: #120528 - Katseanes

We are desirous of knowing the condition of water permits or license to the following described property, and now owned by Mr. Harry N. Katseanes.

We understand there is one well on Section 34, Township 2 South, Range 33, East of the Boise Meridian, and four wells on Section 26, Township 2 South, Range 33, East of the Boise Meridian.

We are enclosing two forms which we ask that you fill out for us giving the information required from the Permits. If no permits exist we will appreciate your advising us otherwise the completed form would certainly be a real courtesy.

We thank you in advance for this information, and trust that a prompt reply will be received.

Yours truly,

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M., on the 2nd day of December, 19 55, at Blackfoot, County of Bingham, State of Idaho, before H. William Furchner, a Notary Public, proof will be submitted of the completion of works for the diversion of 4 cubic feet per second of the waters of SW 1/4 NE 1/4 Section 34, Township 2 S., Rge. 33 E.B.M. subterranean flow from a well in the / and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-24193 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Harry Katseanes, Route 2, Blackfoot, Idaho.
2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 4 cubic feet per second.
3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 4 cubic feet per second.
4. The place where said water is used is North half of Section Thirty-four, in Township Two South, of Range Thirty-three, East of the Boise Meridian, in Idaho.
5. The date of priority which said user is prepared to establish is June 8th, 1953.

RE: Permit No. G-24193

Mr. H. William Purchner
Attorney at Law
Blackfoot, Idaho

Dear Mr. Purchner:

In accordance with your letter of October 20, we are sending to the Blackfoot Daily Bulletin, notice for proof of completion of works and beneficial use to be made on Permit No. G-24193 of Harry Katseanes with instructions to publish it once a week for four weeks prior to December 2, 1955, and to send Mr. Katseanes the affidavit of publication together with statement of costs.

Enclosed are the forms of deposition to be executed by Mr. Katseanes and two disinterested witnesses in making these proofs and they must be sure to state that these works were completed prior to June 20, 1955, the due date.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. G-24193

Dear Sir:

We are enclosing herewith notices for completion of works and application to beneficial use to be given with regard to the above permit.

The work and the application of the water were completed prior to the final date named in the permit and we will appreciate your suspending any further action for cancellation of the permit until final proof can be made.

Very truly yours,

H. William Furchner

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) October 20, 1955

(P. O.) Blackfoot, Idaho

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
Daily Bulletin of Blackfoot, Idaho, published in
the county in which the works are situated.

Harry Katusas
By: H. William Furdman

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

Permit No. G-24193

It appearing to the State Reclamation Engineer that the terms and conditions of Permit No. G-24193
to Appropriate the Public Waters of the State of Idaho, have not been complied with as to
Completion of works June 20, 1955

you are hereby notified in compliance with Sec. 42-311, Idaho code that said Permit No. G-24193
is hereby held for cancellation.

You are hereby required to show cause before the State Reclamation Engineer on or before forty days from
date of this notice why said Permit should not be cancelled.

Said Permit No. G-24193 claims the use of four cubic feet per second of the
waters of a well with point of diversion located
in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 34, Township 2 South, Range 33 East, B. M., and
was approved June 20, 1953

In Witness Whereof, I have hereunto set my hand and affixed the seal of my office at Boise, Idaho, the
4th day of October, 1955

Mark R. Kulp.

State Reclamation Engineer.

Dear Sir:

We enclose herewith blank notice for proof of completion of works and application of water to beneficial use under your Permit No. G-24193. This notice should be filled out in duplicate and returned to this office at least 40 days before the date upon which you wish to make this proof, in order to allow time for the four weeks' publication required by law.

This proof must be submitted before a Notary Public or other officer authorized by law to administer oaths.

The date for proof, as set out in your permit, is not later than June 20, 1955.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M., on the 2nd of December, 1955, at Blackfoot, County of Bingham, State of Idaho, before H. William Furchner, a Notary Public, proof will be submitted of the completion of works for the diversion of 4 cubic feet per second of the waters of subterranean flow from a well in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 34, Township 2 S., Rge. 33 E. B. M. and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-24193 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Harry Katseanes, Route 2, Blackfoot, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application or such permit, is 4 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 4 cubic feet per second.

4. The place where said water is used is North half of Section Thirty-four, in Township Two South, of Range Thirty-three, East of the Boise Meridian, in Idaho.

5. The date of priority which said user is prepared to establish is June 8th, 1953.
