AFFIDAVIT OF PUBLICATION

County of Bingham)
State of Idaho) ss.

I, Marjorie Flint, do solemnly

principle clerk

swear that I am the principle clerk of The Daily Bulletin, which is a daily newspaper of general circulation published each day except Saturday and Sunday at Blackfoot, Bingham County, Idaho, said newspaper having been so published at Blackfoot aforesaid for more than one year past; that said newspaper heretofore complied with all the provisions of Chapter 154 of the Sessions Laws of Idaho of 1933, approved March 11, 1933, and duly designated, pursuant to law, a particular day of the week as the day on which legal notices required by law or by the order of any Court of competent jurisdiction within the State of Idaho shall be published to-wit: Friday of each week; that the notice attached hereto and which is a part of this affidavit and part of the proof of publication was, published

in said Friday issue of said newspaper 14 consecutive weeks the first publication having been made

on the 19th day of July, 1957 and the last publication having been made on the

9th day of August, 1957; that said notice was published in the regular and entire issue of every number of the paper as aforesaid during the period and time of publication, and that the notice was published in the newspaper and not in a supplement.

Marjorie Flint

Subscribed and sworn to before me this 13

day of Aug, 1957

Donald Jones
Notary Public for the State of Idaho,
Residing at Blackfoot, Idaho

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE.

Notice is hereby given that at 1:00 P.M., on the 15th day of August, 1957, at Idaho Falls, County of Bonneville, State of Idaho, before Devon Sanderson, Notary Public, proof will be submitted of the completion of works for the diversion of 6.4 cubic feet per second of underground waters from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of permit No. G-24174 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Joseph M. Hatch, 1059

Memorial Drive, Idaho Falls, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 6.4 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 6.4 cubic feet per second.

4. The Point of diversion of said water is NE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 18, Twp. 3 S., Rge. 32 E.

5. The place where said water is used is N $\frac{1}{2}$ Sec. 18, Twp. 3 S., Rge. 32 E.

6. The date of priority which said user is prepared to establish is June 1, 1953.

APPLICATION FOR PERMIT To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 31955
Permit No. G- 24174
District No.

1. Name of Applicant: JOSEPH M. HATCH, M.D.
Postoffice address: Idaho Falls County: Bonneville State: Idaho
2. Quantity of water claimed:
(a) Rate of withdrawal in cubic feet per second. 6.4 or Idaho
Miners' inches 320 or gallons per minute.
(b) Annual withdrawal in acre feet per annum 1600
3. Source of water supply: Well, to obtain subterranean water.
4. Location of point of diversion or well is in the NE 1/4 of the NW 1/4 of Section 18
Twp. 3 S, Rge. 32 E, B.M., County of Bingham
5. Water is to be used for: Irrigation
6. If for municipal, industrial or recreational purposes, give:
(a) Point of use of water is in the 1/4 of the 1/4 of Section, Twp.
Rge., B.M.
(b) Waste water or sewage effluent is to be returned to
at a point in the 1/4 of the 1/4 of Section, Twp., Rge., B.M.
7. Kind of works: Drilled well & ditch system
8. Estimated cost of works: \$ 12,000
9. (a) Is reservoir to be used? No
(b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is 3 years.
11. If applicant is a corporation, give:
I. (a) Date and place of incorporation:
(b) Amount of capital stock: \$ (c) Amount paid in: \$
(d) Names and addresses of directors:
II. The financial resources of the applicant are (a) Cash onhand: \$ 3,000
(b) Treasury stock: (c) Bonds to be issued:
(d) Other resources: Interest in other land & property.
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are:
(a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
(b) (cubic feet per second, inches or gallons per minute) is for new lands.

Remarks:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

Re: Permit No. G-24174

Dr. Joseph M. Hatch
1050 Memorial Drive
Idaho Falls, Idaho

Dear Dr. Hatch:

Our field engineer's report on his inspection of the completion of works and application of water to beneficial use under Permit No. G-24174 shows the well is capable of conveying 191 miners' inches (3.82 c.f.s.) of water for irrigation of 210 acres.

Upon receipt of the statutory fees, totalling \$21.00, we will issue the Certificate of Completion of Works (for which the fee is five dollars) and the License and Certificate of Water Right (sixteen dollars--based at the rate of two dollars for each 40-acre subdivision) confirming the right with priority of June 1, 1953, to your use of 3.82 second feet of subterranean water, with the point of diversion in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 18, for irrigation of 210 acres in the N $\frac{1}{2}$ of Section 18, Township 3 South, Range 32 East, B.M.

Re: Permits Nos. G-24172, G-24173, G-24174

Hatch Clinic
1050 Memorial Drive
Idaho Falls, Idaho

Attention: Mr. Steven Hatch, M. D.

Dear Dr. Hatch:

Acknowledging your letter of December 20, 1957 in regard to Permits as stated above.

We wish to state that in reference to Permits Nos. G-24173 and G-24174, final proofs have been received on both of these permits. Before state license can be issued, it is necessary that a field examination be made by the department, as you have been previously notified. Due to so many field examinations to be made, it was not possible to make these examinations last fall, however, said examination will be made this next spring or early summer. You will be advised when the inspection can be made.

In connection with Permit No. G-24172, final proofs are not due until June 5, 1959, however proofs can be submitted prior to said date, providing you have everything in readiness for making final proofs. Permit No. G-24172 can also be granted an additional two years extension from June 5, 1959 to June 5, 1961, for the reason that an extension is allowable due to the fact that you were not allowed to go on to said land by the Bureau of Land Management in connection with your desert entry No. Idaho 04246. We can allow you five years from the date of approval of your desert entry, which would be until July 5, 1961, by request in letter form.

We hope this gives you the desired information, and if not, feel free to write us again.

Very truly yours,

MARK R. NULP

RE: Permit No. C-24174

Dr. Joseph M. Hatch
1050 Memorial Drive
Idaho Falls, Idaho

Dear Dr. Hatch:

We acknowledge receipt of the affidavit of publication in The Daily Bulletin and we appreciate your prompt attention in this request.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

AFFIDAVIT OF PUBLICATION

County of Bingham)
State of Idaho) ss.

I, Marjorie Flint, do solemnly

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE.

Notice is hereby given that at 1:00 P.M., on the 15th day of August, 1957, at Idaho Falls, County of Bonneville, State of Idaho, before Devon Sanderson, Notary Public, proof will be submitted of the completion of works for the diversion of 64 cubic feet per second of underground waters from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of permit No. G-24174 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Joseph M. Hatch, 1059

Memorial Drive, Idaho Falls, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 64 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 64 cubic feet per second.

4. The Point of diversion of said water is NE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 18, Twp. 3 S., Rge. 32 E.

5. The place where said water is used is N $\frac{1}{2}$ Sec. 18, Twp. 3 S., Rge. 32 E.

6. The date of priority which said user is prepared to establish is June 1, 1953.

Permit No. 8-24174

Proof of Application of Water to Beneficial Use

and Completion of Works Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Joyah M. Hatch 144-5th Street Idaho Falls, Idaho
Physician & Surgeon - 1050 Memorial Drive Idaho Falls, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. K

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 8-24174 - Permit date June 6 1953 extended to 24 September 1959

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. NE 1/4 of NW 1/4 of Section 18 Twp. 3 S. Range 3 E. East
Bingham County, Idaho - by Deep Well

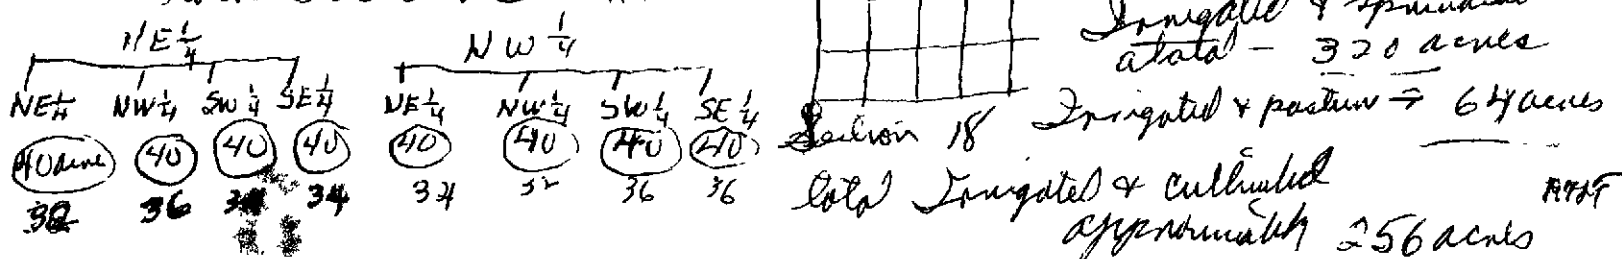

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Well & Ditch System - Rate of water at least 6.4
Cubic feet per second or Idaho Miners inches 320 gal
per minute - Annual withdrawal 1600 feet per
annual acre feet - also sprinkler system on E 1/2 of
area - Depth of Well 160 ft - to water 118 feet 16" casing at top
Pump capacity 1850 gpm - Logan Bowler type

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation surface on a portion of land
& sprinkler system on rest - Land is irrigated &
all acres is cultivated or pasture work

NE 1/4 of NW 1/4 of Section 18
total 320 acres

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. none

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 320 minims inches

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. yes

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. 135 acms 160 acms 300 acms crop & pasture
Irrigation - 1955 1956 & 1957 for
crops 320 minims inches per year 1957
minimum

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. surface irrigation & sprinkled. none
used other than above

(Sign) Joseph M. Hatcher M.D.

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Idaho Falls, County of Bonneville, State of Idaho, on this 15th day of August, A. RECEIVED
AUG 1 - 1907
Department of Reclamation

Permit No. G-24174

Proof of Application of Water to Beneficial Use
Deposition of Witness ^{and Completion of Works}

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Mrs. George Elg, age 39, 1390 Susanne, Idaho Falls, Idaho

Housewife

Ques. 2. Are you acquainted with Dr. Joseph M. Hatch, the holder of Permit No. G-24174? How long have you known him and where does he reside?

Ans. Known him about 5 years

Resides at 144 5th Street, Idaho Falls, Idaho

Ques. 3. Have you read or heard read said Permit No. G-24174, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Location: NE $\frac{1}{4}$ of NW $\frac{1}{4}$ of Section 18, Twp 3S Range 32EBM, Bingham County, Idaho
Deep Well System, with part of the land ditch irrigated and the remainder sprinkled
Well is 160 feet deep and 118 feet to water. Well is a 16 inch bore, producing
6.4 cu. ft. per second or 320 miners inch capacity. Annual withdrawal 1600 per
annum acre feet.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Pump is delivering approximately 6.4 cubic feet per second. Amount
estimated from personal experience on a similiar project.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I believe that the total pump capacity is approximately 320 Miners inches.

J 24174

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. ~~265 acres cultivated and planted to crops and about 64 acres in pasture.~~

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. ~~None~~

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. ~~Slightly rolling land, volcanic ash soil and slightly rocky. A bout 7/8 inch of water per acre needed for adequate irrigation.~~

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. ~~No personal interest.~~

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. ~~I have observed the land before the water was made available and after the land was reclaimed and planted to crops.~~

Re: Permits: G-24173
G-24174

C. Steven Hatch, M. D.
1050 Memorial Drive
Idaho Falls, Idaho

Dear Doctor Hatch:

In answer to your letter of July 15th in regard to publication notices in connection with Permit Nos. G-24173 and G-24174, was somewhat confusing since you stated that your proofs were to be made in Blackfoot and we naturally considered that your Notary would be in Blackfoot also. However, we have requested the paper to change the location from Blackfoot to Idaho Falls in their subsequent issues for publication. Therefore you may have the depositions taken in connection with said proofs at Idaho Falls.

You also wish to know how soon after said proofs are made on your water right that you should make final proofs requesting patent for your land from the Bureau of Land Management. We see no reason why you should not apply for patent any time you wish, as in a good many cases the Bureau of Land Management issues a patent prior to the Department of Reclamation issuing a license on the water right. It may take some time after applying for the patent before you receive same and by that time, in all probability, your license or water right can be obtained.

Very truly yours,

MARK R. KULP

**NOTICE OF PROOF OF COMPLETION
OF WORKS AND APPLICATION
OF WATER TO BENEFICIAL
USE**

Notice is hereby given that at 1:00 P. M., on the 17th day of October, 1955, at Blackfoot, County of Bingham, State of Idaho, before E. W. Coyle, Notary Public, proof will be submitted of the completion of works for the diversion of 6.4 cubic feet per second of the waters of underground water to the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G24174 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Joseph M. Hatch, Idaho Falls, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 6.4 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 6.4 cubic feet per second.

4. The place where said water is used is North 1/2 Section 16, Township 3 South, Range 32 East, County of Bingham, State of Idaho, and the well is located in the NE 1/4 NW 1/4 of said section.

5. The date of priority which said user is prepared to establish is June 1, 1953.

G-24174 - Joseph M. Hatch

Hatch Clinic
1050 Memorial Drive
Idaho Falls, Idaho

Attention: C. Steven Hatch, M. D.

Dear Dr. Hatch:

We have your letter of June 24, 1957 stating that you are prepared to make proofs of completion of works and beneficial use on Permits Nos. G-24173 and G-24174.

Before these proofs are made, the statutes require publication of a notice once a week for four weeks in a county newspaper. This notice should be made in duplicate on Form 36 enclosed, setting the time and place and naming the notary public before whom the proofs are to be made.

Both copies of Form 36 to be returned to this department together with Form 11 which is your authorization for us to have the notice published at your expense in the designated county newspaper.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing and shall send you the forms of deposition to be executed by you self and two disinterested witnesses in making these proofs.

The proofs may be made at any place convenient for you and your two witnesses but the date must be set far enough ahead to allow for four weeks publication.

Very truly yours,

MARK R. KUL
State Reclamation Engineer

RECEIVED
APR 3 1956
Department of Reclamation

Permit G-24174
CSH:174:BF

Dear Sir:

Following our telephone conversation concerning the above permit for water, the approval date of June 6, 1953, specified that work was to begin August 6, 1953, and be completed June 6, 1956.

We received a letter from the United States Bureau of Land Management dated May 13, 1953, instructing us not to go on the land and it was not until September 14, 1954, that permission was granted to go onto the property. From that time until now, a well has been dug, levies have been placed in with ditches and about two thirds of the property has been under cultivation. The additional third has been plowed but the supplying of water to that area will require a booster pump with sprinkler which has not yet been completed.

Following your suggestion, we submit this letter as a formal request for extension of time for completion of works and application of water to beneficial use on this farm.

It is requested that a two year extension be granted. If additional information is required in relation to this application, will you kindly let us know.

I greatly appreciate your kindness and helpful information received by our telephone conversation.

Very truly yours,

C. Steven Hatch, M.D. for
J. M. Hatch, Partner.

Dear Dr. Hatch:

We received a copy of the first publication of the Blackfoot Daily Bulletin of notice for Proof of Completion of Works and Beneficial Use to be made on the above captioned Permit October 17, 1955.

On September 16, 1955 we mailed to you the depositions for you as holder of said Permit and the two witnesses which were to be signed before E. W. Cory, Notary Public, at 1:00 P. M. Oct. 17, 1955. To date these proofs have not been received in this department.

Since the Proofs have not come in it will be necessary for you to furnish an affidavit to the effect that the Proofs were made by you the holder, and the two witnesses, as of the date set in the application and that no protests were received at that time. The Proofs will also have to state that the works were fully completed on the date set for the taking of the depositions or prior thereto.

If the proofs are not submitted immediately it will be necessary for us to take steps for cancelling said Permit.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RE: Permit No. G- 24174

Dr. Joseph M. Hatch
1050 Memorial Drive
Idaho Falls, Idaho

Dear Dr. Hatch:

We have sent to the Blackfoot Daily Bulletin notice for proof of Completion of Works and Beneficial Use to be made on your Permit No. 24174 October 17, 1955, with instructions to publish it once a week for four weeks prior to that date and to send you the Affidavit of Publication together with statement of costs.

At the time set you should appear before E. W. Cory, Notary Public, together with two disinterested witnesses who are familiar with the terms of the Permit and the work done thereunder for the purpose of executing the enclosed depositions.

Very truly yours,

MARK R. KULP

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 1:00 P M., on the 17th day of October, 19 55, at Blackfoot, County of Bingham State of Idaho, before E. W. Cory Notary Public, proof will be submitted of the completion of works for the diversion of 4.654 6.4 ^{subterranean} cubic feet per second of the waters of ~~Subterranean~~ Waters and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. 024174 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Joseph M. Hatch, Bonanza County, Idaho Falls, Idaho

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 6.4 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is ~~4.654~~ 6.4 cubic feet per second.

4. The place where said water is used is North $\frac{1}{2}$ Section 18, Township 3 South, Range 32 East County of Bingham, State of Idaho, and the well is located in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ of said section.

5. The date of priority which said user is prepared to establish is ~~Mar 15, 1955~~ June 1, 1953.

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) September 5, 1955

(P. O.) Idaho Falls, Idaho

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho

Dear Sir:

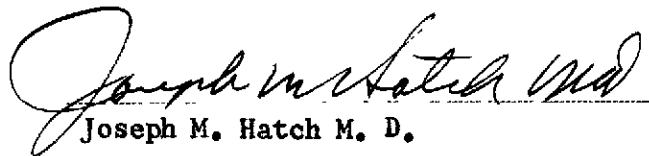

You are hereby authorized to have the attached notice published at my expense in the

Blackfoot Daily Bulletin

of Blackfoot, Idaho

published in

the county in which the works are situated.

Joseph M. Hatch M. D.

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

RE: Permit No. G-24174

Dr. Joseph M. Hatch
1050 Memorial Drive
Idaho Falls, Idaho

Dear Dr. Hatch:

We have your letter of July 1 and note that you have completed your well and sprinkler system and are irrigating the cleared land under Permit No. G-24174.

If the land has been completely irrigated so that you are able to make proof of completion of works and beneficial use, you may do so at any time, although the proofs are not actually due until June 6, 1956.

Before these proofs are made, the statutes require publication of a notice once a week for four weeks in a county newspaper. This notice should be made in duplicate on Form 36 enclosed, setting the time and place and naming the Notary Public before whom the proofs are to be made.

The proofs may be made at Idaho Falls or any place convenient for you and your two witnesses but the time must be set far enough ahead to allow for four weeks publication.

Both copies of Form 36 to be returned to this Department together with Form 11 which is your authorization for us to have the notice published at your expense in the designated county newspaper.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing and shall send you the forms of deposition to be executed by yourself and two witnesses in making these proofs.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Dear Sir:

I am happy to inform you that under permit No. G-24174 for desert land entry, a well has been drilled and a sprinkling system set up and I am now in the process of irrigating the cleared land.

If this letter will not serve as proof of water use, would you kindly inform me as to what steps are necessary to provide formal proof and if forms are necessary, would you kindly provide the same.

Sincerely yours,

Joseph M. Hatch M.D.

RE: Permits Nos. G-24172, G-24173, and G-24174

Mr. Harvey A. Hatch
1050 Memorial Drive
Idaho Falls, Idaho

Dear Mr. Hatch:

By this same mail we are sending to the Bureau of Land Management two copies of Permits Nos. G-24172, G-24173, and G-24174, one of which has been certified to be used in connection with Desert Land Entry Filings by yourself, C. Steven Hatch, and Joseph A. Hatch.

We enclose herewith departmental receipt No. G-286 for the \$6.00 fees for making these copies.

Very truly yours,

RE: Permits Nos. G-24172, G-24173, and G-24174

Mr. Harvey A. Hatch
Idaho Falls
Idaho

Dear Mr. Hatch:

Reference is made to your telephone request for two copies of Permits Nos. G-24172, G-24173 and G-24174 in the names of yourself, C. Steven Hatch, and Joseph M. Hatch, to be sent to the Bureau of Land Management for use in connection with desert land entries filed there.

The applications did not state that these permits were to be used in connection with desert land entries or we would have informed you at the time that these extra copies were required.

However, we shall make two copies of each of these permits, certify one of each and forward to the Bureau of Land Management within the next day or two. The fee for making these will be \$2.00 each, for which please send us your check.

Very truly yours,
