APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 31857
Permit No. G- 24077
District No.

1. Name of Applicant: IVER ELG
315 E. 2nd Falls
Postoffice address: 331 E. 22 St. Idaho / County: Bonneville State: Idaho
2. Quantity of water claimed: 6.4 cubic feet per second
 - (a) Rate of withdrawal in cubic feet per second. or Idaho
Miners' inches 320 or gallons per minute.
 - (b) Annual withdrawal in acre feet per annum
3. Source of water supply: Subterranean water from well
4. Location of point of diversion or well is in the NE 1/4 of the NE 1/4 of Section 8
Twp. 3 S., Rge. 32 E., B.M., County of Bingham
5. Water is to be used for: irrigation
6. If for municipal, industrial or recreational purposes, give:
 - (a) Point of use of water is in the 1/4 of the 1/4 of Section , Twp.
Rge. , B.M.
 - (b) Waste water or sewage effluent is to be returned to
at a point in the 1/4 of the 1/4 of Section , Twp. , Rge. , B.M.
7. Kind of works: Well, pump and ditch system
8. Estimated cost of works: \$ 6,000.00
9. (a) Is reservoir to be used?
(b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is five years.
11. If applicant is a corporation, give:
 - I. (a) Date and place of incorporation:
(b) Amount of capital stock: \$ (c) Amount paid in: \$
(d) Names and addresses of directors:
 - II. The financial resources of the applicant are (a) Cash on hand: \$
(b) Treasury stock: (c) Bonds to be issued:
(d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: none
 - (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) (cubic feet per second, inches or gallons per minute) is for new lands.

BE IT KNOWN THAT The undersigned hereby makes appli cation for permit to appropriate the public waters of the State of Idaho as herein set forth.

Re: Permit No. G-24077

Mr. Iver Elg
315 East Twentieth
Idaho Falls, Idaho

Dear Mr. Elg:

Our field engineer's report on his inspection of the completion of works and beneficial use of the water under the terms of Permit No. G-24077 shows that the well is capable of conveying 110 miners inches (2.20 c.f.s.) of water for irrigation of 130 acres.

Upon receipt of the statutory fees, totaling \$13.00, we will issue the Certificate of Completion of Works (for which the fee is five dollars) and the License and Certificate of Water Right (eight dollars--fee is based at the rate of two dollars for each 40-acre subdivision) confirming the right with priority of May 1, 1953, to the use of 2.20 second feet of subterranean water, with point of diversion in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 8, for irrigation of 130 acres in the SW $\frac{1}{4}$ of Section 8, Township 3 South, Range 32 East, B.M.

Dear Mr. Elg:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in the Daily Bulletin, all submitted in Proof of Completion of Works and Application of Water to Beneficial Use, on Permit No. G-24077.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Ans. G 24077, May 12, 1953. Priority date May 12, 1953.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Drilled well...center of the SW $\frac{1}{4}$ of Section 8, Twp 3, South, Range 32 East of the Boise Meridian in Idaho..County of Bingham.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Deep well turbine pump and sprinkler system. Well depth is 210 feet, size of casing is 16 " at a seven foot depth and depth of water is 100 feet. Pump discharge is 900 gallons per minute determined by number and size of sprinkler nozzles and the pressure under which they operate. Number of nozzles 165, 3/16 size, operating at 55 pounds.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigating crops commonly rotated on such land in the area. The entire area of 160 acres comprising the SW $\frac{1}{4}$ of Section 8, Twp 3, South, Range 32 EBM has been watered and cultivated and crops have been grown have been grown since 1957.

24077

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. XXXX

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. XXXX

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

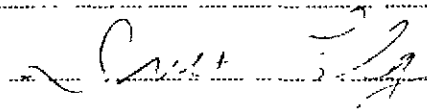

Ans. XXX

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

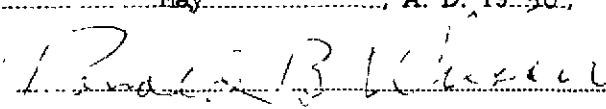

Ans. Water has been diverted under the above permit since 1957, 900 GPM were constantly used during the 1957 growing season, irrigated approximately once a week.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. none

(Sign) 

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Idaho Falls, County of Bonneville, State of Idaho, on this 3rd day of May, A. Permit No. G 24077

Proof of Application of Water to Beneficial Use

Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. James F. Bauman, 30 yrs, 2270 Curlew Drive, Idaho Falls, Idaho....
Branch Manager for Wintroath Pumps, Division of Worthington Corporation located
at Idaho Falls, Idaho.

Ques. 2. Are you acquainted with Iver Elg, the
holder of Permit No. G 24077? How long have you known him and where does
he reside?

Ans. Eighteen months....315 East 20th Street, Idaho Falls, Idaho

Ques. 3. Have you read or heard read said Permit No. G 24077, and are you
familiar with its provisions and conditions?

Ans. YES

Ques. 4. State source of water supply, place of diversion, and describe works for con-
veying water from point of diversion to place of use.

Ans. Deep well turbine and sprinkler system...center of the Southwest Quarter of
Section 8, Twp 3, South, Range 32 EBM.

Ques. 5. How many second feet of water do you estimate said works will safely con-
duct to place of use, and how much water have you seen being so conveyed?

Ans. Two second feet....same...two second feet.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons
per minute have you seen the pump deliver, and how did you measure or estimate the
amount?

Ans. Two second feet. Number of sprinklers, nozzle size and operating pressure.

24077

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Used for irrigating row crops in the Southwest Quarter of Section 8, Twp 3, South Range 32 EBM in Bingham County.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. xxxx

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Reclaimed from native grasses and sage and is a medium-type soil.
Requires approximately $5\frac{1}{2}$ gpm per minute per acre; or $5/8$ of an inch.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. NO

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Have visited this farm several times in the last year and have seen said sprinkler operating on this farm.

(Signed) Albert B. Allen

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Idaho Falls, County of Bonneville, State of Idaho, on this 3rd day of May, A. RE: Permit No. G-24077

Mr. Iver Elg
315 E. 20th
Idaho Falls, Idaho

Dear Mr. Elg:

This acknowledges receipt of the Notice of proofs of completion of works and application of water to beneficial use under Permit No. G-24077, to be made at Idaho Falls, at 10:00 A.M. on the 3rd day of May, before Ronald B. Wilson, Notary Public.

As of this date, we have mailed the Notice to the Daily Bulletin with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and to then mail the affidavit of publication and statement of costs to you.

In completing the enclosed depositions, it is very important that they be executed by you and two disinterested witnesses, who are familiar with the terms and the work done thereunder, at the time, date, place and before the Notary as advertised in the publication Notice, as well as all other necessary information called for. The signatures and the Notary's seal are essential.

When returning the depositions to this office, please be sure to include the affidavit of publication.

Very truly yours,

MARK R. KULP

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Due 5-12-58

Notice is hereby given that 10:00 A.M., on the 3rd day of May, 1958, at Idaho Falls,, County of Bonneville, State of Idaho, before Ronald B. Wilson, Notary Public, at (~~at~~) Wintroath Pump Co. office, South Hwy, Idaho Falls proof will be submitted of the completion of works for the diversion of 2.23 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-24077 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person ~~PI/PPPPPPPPPP~~ holding said permit ~~PPP/~~ is Imr Ekg, 315 E. 20th, Idaho Falls, Idaho

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 2.23 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 2.23 cubic feet per second.

4. The point of diversion of said water is SW¹/₄ Sec. 8, Twp. 3 S., Rgs. 32 E.

5. The place where said water is used is SW¹/₄ of Sec. 8, Twp. 3 S., Rgs. 32 E. b.M.

6. The date of priority which said user is prepared to establish is May 1, 1953.

Re: Permit No. G-24077

Mr. Iver Elg
215 East 20th
Idaho Falls, Idaho

Dear Mr. Elg:

Enclosed is the application for amendment to Permit No. G-24077 as approved by the State Reclamation Engineer and recorded in the Department of Reclamation in Book 85 of Permits at Page 24077 amending the list of land as described on record to read as follows: "SW $\frac{1}{4}$ of Section 8, Township 3 South, Range 32 East, B.M., making a total of 160 acres." This should now be attached to the original permit to which it refers and of which it becomes a part.

We herewith return the amendment to the point of diversion of Permit No. G-24077. This was recorded in the Department of Reclamation in conjunction with the permit October 6, 1955 and should also be attached to the original permit to which it refers.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

To Permit to appropriate the Public Waters
of the State of Idaho, No. 624077

RECORDED
MAR 14 1958
Department of Reclamation

Comes now Iver E. Ig, and represents to the State
Reclamation Engineer of the State of Idaho.

That he is the owner and holder of Permit to appropriate the Public Waters of the State of
Idaho, No. 624077, and requests that the list of lands to be irrigated, as described in said
permit, be changed to read as follows:

S. W. 1/4 of Section 8 Township 3 So. Range 32 E R. N

, making a total of 16.0 acres.

That an additional amount of water is not asked for, and that the rights of others will not be ad-
versely affected by such change.

Signed at Idaho Falls, this 13 day of March, 1958

Iver E. Ig

Date of receipt at office of Department of Reclamation March 14, 1958

APPROVAL OF STATE RECLAMATION ENGINEER

I, MARK R. KULP, State Reclamation Engineer of the State of Idaho, hereby approve
the above and foregoing application for amendment to Permit to appropriate the Public Waters of
the State of Idaho, No. 624077. This approval constitutes a new permit and is issued as an
amendment to the original permit, to which it refers, and of which it becomes a part, and said appli-
cation is approved only insofar as the rights of others will not be adversely affected thereby.

State Reclamation Engineer

March 11, 1958

Re: Permit No. G-24077

Mr. Iver Elg
215 East 20th
Idaho Falls, Idaho

Dear Mr. Elg:

This will acknowledge receipt of the Notice of Proof of Completion of Works and Application of Water to Beneficial Use. The notice is made out in due form, with the exception of the place where said water is used. You state that the water is used upon the SW $\frac{1}{4}$ of Section 8, Township 3 South, Range 32 East.

We wish to state that the records of this department show that the water is to be used on the NE $\frac{1}{4}$ of the SE $\frac{1}{4}$ of Section 8, Township 3 South, Range 32 East.

Providing you have changed the land list upon which the water is to be used, it will require an amendment to the land list stating that the land to be irrigated is the SW $\frac{1}{4}$ of Section 8, in place of the E $\frac{1}{2}$ of Section 8.

We are enclosing an amendment for this purpose. We will hold up notice of proof before sending it to the publisher until we hear from you.

Very truly yours,

MARK R. K. LP
State Reclamation Engineer

RE: Permit No. G-24077

Date March 1, 1958

Iver Elg
~~330 W 22nd Street~~ 315 East 20th St.
Idaho Falls, Idaho

Dear Sir:

The date for proofs of completion of works and application of water to beneficial use, as set out under the terms of Permit No. G-24077 are due not later than May 12, 1958.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper with the county.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed on, for what purpose it is used, the point or points of diversion and the location of use or the lands which are irrigated--all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Dear Mr. Elg:

We have your letter of April 28 enclosing your check for \$10.00 for water permit.

We assume you wish to apply for subterranean water from a well and in reply we enclose a form of application for permit to appropriate subterranean water from a well together with a pamphlet giving regulations and instructions in regard to filing same.

When this application is approved, it will be signed by the proper State Officials and sent you as a use permit under which you may proceed with the construction of the work described in the application.

In order to complete your water right, proofs of completion of works and application of the water to beneficial use are required. The time required for making these proofs should be indicated under Question 10.

We return your check for \$10.00 and you may submit another with your application for the amount of filing fee as shown on the fourth page of the application.

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE

NOTICE IS HEREBY GIVEN that 10.00 a.m., on the 3rd day of May, 1958, at Idaho Falls, County of Bonneville, State of Idaho, before Ronald E. Wilson, Notary Public, at Wintroath Pump Co office, South Hiway, Idaho Falls, proof will be submitted of the completion of works for the diversion of 2.23 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-24077 heretofore issued by the Department of Reclamation of the State of Idaho.

1 The name and postoffice address of the person holding said permit is Ever E. Eg., 315 E. 20th, Idaho Falls, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 2.23 cubic feet per second.

3 The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 2.23 cubic feet per second.

4. The point of diversion of said water is SW $\frac{1}{4}$ SW $\frac{1}{4}$ Sec 8, Twp 3 S., Rge. 32 E.

5. The place where said water is used is SW $\frac{1}{4}$ of Sec 8, Twp 3 S., Rge. 32 E. B. M.

6. The date of priority which said user is prepared to establish is May 1, 1953.

MARK R. KULP,
State Reclamation Engineer
