License and Certificate of Water Right

Water License No. G-24076Amount 2 c.f.s.

Water District No. _____

Priority May 1, 1953

THIS IS TO CERTIFY that GEORGE ELG
 of Idaho Falls, Idaho, made application for a permit to appropriate the
 public waters of the State of Idaho, dated May 1, 19 53; that Permit No. G-24076
 was issued under said application; that Certificate of Completion of works, with a carrying capacity of
2 second feet, was issued thereunder on November 7, 19 58, showing that said works
 were completed on the 3rd day of May, 19 58; and that on the 3rd
 day of May, 19 58, GEORGE ELG

of Idaho Falls, State of Idaho, made proof to the satisfaction of the
 State Reclamation Engineer of Idaho, of the right to use the waters of a well
, a tributary of suterranean, for the purpose of Irrigation
, under Use Permit No. G-24076 of the Department of Reclamation
 and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
 and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
10 of Licenses at page 6487, on the 7th day of November, 19 58;
 The right hereby confirmed dates from May 1, 19 53;

The Point of Diversion is located
 in the SW 1/4 NW 1/4, Sec. 8, Tp. 3 S., R. 32 E., B. M. County Bingham
 That the amount of water to which such right is entitled and hereby confirmed, for the purposes
 aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
 not exceed 2 cubic feet per second.

Description and location of use:

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 31856
Permit No. G- 24076
District No.

1. Name of Applicant: GEORGE ELG
1390 Susan Ave
Postoffice address: 387 3rd. St. Idaho Falls County: Bonneville State: Idaho
2. Quantity of water claimed: 6.4 cubic feet per second
 - (a) Rate of withdrawal in cubic feet per second. 6.4 or Idaho
Miners' inches 320 or gallons per minute.
 - (b) Annual withdrawal in acre feet per annum
3. Source of water supply: Subterranean from well
4. Location of point of diversion or well is in the SW $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Section 8
Twp. 3 S., Rge. 32 E., B.M., County of Bingham
5. Water is to be used for: irrigation
6. If for municipal, industrial or recreational purposes, give:
 - (a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
 , Rge. , B.M.
 - (b) Waste water or sewage effluent is to be returned to
at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B.M.
7. Kind of works: Well, pump & ditch systems
8. Estimated cost of works: \$ 7,000
9. (a) Is reservoir to be used?
(b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is 5 years.
11. If applicant is a corporation, give:
 - I. (a) Date and place of incorporation:
(b) Amount of capital stock: \$ (c) Amount paid in: \$
(d) Names and addresses of directors:
 - II. The financial resources of the applicant are (a) Cash on hand: \$
(b) Treasury stock: (c) Bonds to be issued:
(d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None
 - (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) (cubic feet per second, inches or gallons per minute) is for new lands.

Remarks:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

Re: Permit No. G-24076

Mr. George Elg
1390 Susanne Avenue
Idaho Falls, Idaho

Dear Mr. Elg:

Our field engineer's report on his inspection of the completion of works and beneficial use of the water under the terms of Permit No. G-24076 shows that the well is capable of conveying 100 miners inches (2 c.f.s.) of water for irrigation of 160 acres.

Upon receipt of the statutory fees, totaling \$13.00, we will issue the Certificate of Completion of Works (for which the fee is five dollars) and the License and Certificate of Water Right (eight dollars--fee is based at the rate of two dollars for each 40-acre subdivision) confirming the right with priority of May 1, 1953, to the use of 2 second feet of subterranean water, with point of diversion in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 8, for irrigation of 160 acres in the NW $\frac{1}{4}$ Section 8, Township 3 South, Range 32 East, B.M.

Very truly yours,

GEO. N. CARTER

Dear Mr. Elg:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in the Daily Bulletin, all submitted in Proof of Completion of Works & Application of Water to Beneficial Use, on Permit No. G-24076.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE.

NOTICE IS HEREBY GIVEN that 10:00 A. M., on the 25th day of May, 1958, at Idaho Falls, County of Bonneville, State of Idaho, before Ronald R. Wilson, Notary Public, at Winthrop Pump office, South Highway, Idaho Falls, proof will be submitted of the completion of works for the diversion of 2.23 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-24076 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person holding said permit is George E. E. 1390 Susane, Idaho Falls, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 2.23 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 2.23 cubic feet per second.

4. The point of diversion of said water is SW¹/₄ NW¹/₄, Sec. 8, Twp 3 S., Rge. 32 E.

5. The place where said water is used is NW¹/₄ Sec. 8, Twp 3 S., Rge. 32 E. B. N.

6. The date of priority which said user is prepared to establish is May 1, 1952.

and Completion of Works Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. ✓ George Elg, 1390 Susanne Avenue, Idaho Falls, Idaho. Lather....occupation.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. G 24076 ... May 12, 1953. Priority date.. May 12, 1953.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Drilled well. The Southwest Quarter of the Northwest Quarter (SW¹ NW¹)

of Section Eight (8), Township Three (3), South, Range Thirty-two (32) East of the Boise Meridian in Idaho.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Deep well turbine pump and sprinkler system. Depth of well 176 feet; depth and size of casing..16" casing to a depth of seven feet; total of 126' to water. Discharge of pump 924 gallon per minute; determined by number and size of sprinkler nozzles and operating pressures.

165 11/64 x 3/32 nozzles at 55 lbs pressure.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation of row crops and legumes typical of area. The entire Northwest Quarter of Section 8, Twp 3, South, in Range 32 EBM in Bingham County has been irrigated. It is all cultivated land.

#24076

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. XXXXXX

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. XXXXXX

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. XXXXX

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Water has been diverted under the above permit since 1955; the entire amount of 92 1/2 gallons has been used constantly on the entire acreage of 160 acres since the crop season of 1955. Frequency of irrigation..approximately every week.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

(Sign) George E. G.

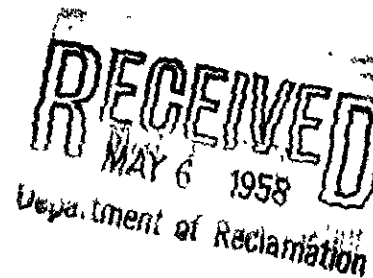

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Idaho Falls, County of Bonneville, State of Idaho, on this 3rd day of May, A. D. 1958.

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. ~~XXXXXXXX~~, William W. Williams, 51 yrs. 483 West 16th Street, Idaho Falls, Idaho

Ques. 2. Are you acquainted with George Elg, the holder of Permit No. G 24076? How long have you known him and where does he reside?

Ans. Yes...four or five years, 1390 Susanne Avenue, Idaho Falls, Idaho

Ques. 3. Have you read or heard read said Permit No. G 24076, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. A deep well turbine pump with sprinkling system. This equipment is located in the ~~center of~~ Southwest Quarter of Section 8, Twp 3, South, Range 32 EBM, in Bingham County.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 2.23 second feet...have seen 925 GPM conveyed.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 2.23 Second feet...number of sprinklers, nozzle size and operating pressures.

24076

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Used for irrigating row crops in the Northwest Quarter of Section 8, Twp. 3, South, Range 32 EBM, in Bingham County.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. xxx

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Reclaimed from the desert..sandy-loam soil. Have to irrigate it about once a week.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Been out there two or three times and saw the sprinkler system operating.

(Signed) William W. Williams

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Idaho Falls,
County of Bonneville, State of Idaho, on this 3rd day of May,

RE: Permit No. G-24076

Mr. George Elg
1390 Susanne
Idaho Falls, Idaho

Dear Mr. Elg:

This acknowledges receipt of the Notice of proofs of completion of works and application of water to beneficial use under Permit No. G-24076, to be made at Idaho Falls at 10:00 A.M. on the 3rd day of May, before Ronald B. Wilson, Notary Public.

As of this date, we have mailed the Notice to the Daily Bulletin with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and to then mail the affidavit of publication and statement of costs to you.

In completing the enclosed depositions, it is very important that they be executed by you and two disinterested witnesses, who are familiar with the terms and the work done thereunder, at the time, date, place and before the Notary as advertised in the publication Notice, as well as all other necessary information called for. The signatures and the Notary's seal are essential.

When returning the depositions to this office, please be sure to include the affidavit of publication.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RE: Permit No. G-24076

Date March 1, 1958

George Elg
(387 3rd Street) 170¹/₂ 2nd St.
Idaho Falls, Idaho

Dear Sir:

The date for proofs of completion of works and application of water to beneficial use, as set out under the terms of Permit No. G-24076 are due not later than May 12, 1958.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper with the county.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed on, for what purpose it is used, the point or points of diversion and the location of use or the lands which are irrigated--all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Mr. George Elg
387 - 3rd St.
Idaho Falls, Idaho

Dear Mr. Elg:

We have your letter of April 28 enclosing your check for \$10.00 for water permit.

We assume you wish to apply for subterranean water from a well and in reply we enclose a form of application for permit to appropriate subterranean water from a well together with a pamphlet giving regulations and instructions in regard to filing same.

When this application is approved, it will be signed by the proper State Officials and sent you as a use permit under which you may proceed with the construction of the work described in the application.

In order to complete your water right, proofs of completion of works and application of the water to beneficial use are required. The time required for making these proofs should be indicated under Question 10.

We return your check for \$10.00 and you may submit another with your application for the amount of filing fee as shown on the fourth page of the application.
