Attorney At Law
Blackfoot, Idaho

Dear Mr. Purchner:

Our records show that we have received no reply to office letters addressed Mr. Wayne Wilcox in your care October 7, 1954, in regard to the above numbered Permits.

In these letters we informed him that a license could be issued on Permit No. 21045 upon receipt of the statutory fee of \$38.00 for 109 inches of water from a well in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 12, Township 2 South, Range 34 East, B.M.

Also that a Certificate of Works and License could be issued for 216 inches of water from a well in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 12, Township 2 South, Range 34 East, upon the receipt of the Certificate of Completion fee of \$5.00; there being no extra License fee since the same land is involved.

Probably Mr. Wilcox has overlooked this matter so we are bringing it to your attention.

1650 feet of 6" steel main, 4100' of 6 & 8 " steel main, approx. half and half. 1/2 mile of 8 and 6 " steel main, approx. half and half, and 660' 8 and 6" steel main, approx. half and half.

Mr. Wilcox has recently acquired this property. It is an isolated farm in a pocket out in the edge of the lavas and will probably always remain as a single unit. He wants to correct this filing and be sure the additional filing which is now in process of being issued are correct and cover all of the land which we have carefully gone over and be sure that the points of diversion are right. He does not mind any expense incurred, he wants to be sure the water is made appurtenant to the land and the title is secured.
