The acceptability of final proof is contingent upon substantial compliance with the requirements of the Desert Land Act and appropriate rules and regulations in addition to development and reclamation of the land basically in accordance with your plan of development which is on file in the Idaho State Office. Further, your final proof must show that you have in good faith, substantially reclaimed, irrigated and cultivated all of the land in your entry. Any substantial change in source of water or deviation in the construction of the irrigation facilities must have the prior approval of the Bureau of Land Management. The irrigable acreage of this entry has been determined to be approximately **80.00** acres. In correspondence relating to this entry, always refer to the serial number shown above.

Subject to the Act of July 17, 1914, which will require the reservation of all oil and gas deposits to the United States.

IN WITNESS WHEREOF, I have hereunto set

Dear Mr. Polatis:

We are returning your personal check No. 894 in the amount of \$8.00.

We are enclosing a copy of the Department's June 22, 1966 correspondence and a copy of your June 1966 inquiries. Apparently there is some confusion over the fee required by the Department. The license fee is \$13.00. We are enclosing the Department's assignment form which must be completed in order for the license to be issued in your name. The permit at present, still remains in the name of Loren J. Hatch.

Department of Water Administration

Dear Sir,

I am writing your office in regards to the above well permit no. or license no on the following legal description property:

Lots 3 & 4, E $\frac{1}{2}$, S $10\frac{1}{4}$, Sec 18 Twp 3 S Range 33 E 6 M.

A well permit was issued originally to a Loren J. Hatch on this property. The property had exchanged hand a number of times before I acquired it in 1967. It adjoins my property on the south. At this time I am in the process of mortgaging it for loan purposes. The loan Company requires that the water licensing on all properties be in order before loan considerations are made.

In checking with your Idaho Falls branch I find that after a telephone call to you that a matter of \$8.00 license fee has not been paid and thus no license has been issued as yet. You will find enclosed \$8.00 for ~~please~~ that purpose. Please,

35-2277

transfer the permit no. and license
no. on that property to my name or let
me know what has to be done in order for
the transfer on the books, or if it is necessary.
also, please send a letter of verification
when this is done.

Sincerely

RE: Permit G-23224
Lorin J. Hatch

Lowell T. Polatis
Pingree, Idaho

Dear Mr. Polatis:

This is in reply to your letter of June 16, 1966, regarding a well in the SW $\frac{1}{4}$, Section 18, T 3 S., R 33 E., B.M.

The information you requested is as follows:

1. Well depth - 120 feet
2. Size of well - 8 inches
3. Length of casing - 100 feet of 8 inch
4. Water license or permit number - G-23224
5. Name of driller - Unknown
6. Holder of Permit - Lorin J. Hatch
7. Date of Priority - November 11, 1952

This permit is still in the original owners name. However, we have correspondence and our field representative says there is a new owner by the name of Lee E. Grimm. We wrote to Mr. Grimm and requested he get an assignment from Mr. Hatch and then if he would pay the fees amounting to \$13.00 we would issue a water license. We did not receive the assignment or the fees. Therefore, the permit still is in Mr. Hatch's name.

Gentlemen:

We currently own 160 acres of pump irrigation land out on the Desert in this area and are attempting to sell it to a man who is applying for an FHA loan. FHA has asked us for the irrigation permit number for the well and the ASC office here told me that I should write to you for the information.

The land was originally broken and developed by a Loren Hatch. Since that time it has been owned by a Leo Larsen, R. W. Bradford, Dale Jennings, J. L. Hardesty and myself, Lee E. Grimm. The description of the land is as follows:

Lots 3 and 4 E½ of the S.W. Quarter of Section

Mr. Fred W. Kiefer,
Box 415,
Blackfoot, Idaho.

Dear Mr. Kiefer:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-23224, in the name of Lorin J. Hatch. Final Proof is to be made before you, as Notary on the 1st day of August, 1959, at 10:00 o'clock A.M., at Blackfoot, Idaho.

As of this date we have mailed the Notice to the Daily Bulletin with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (Holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

RE: Permit No. G-23224

Date June 1, 1959

Lorin J. Hatch

Fred W. Kiefer
Civil & Irrigation Engineer
Blackfoot, Idaho

Dear Sir:

The date for proofs of completion of works and application of water to beneficial use, as set out under the terms of Permit No. G-23224 are due not later than August 3, 1959.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point or points of diversion; and the location of use or the lands which are irrigated--all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper will will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,
