Gentlemen:

We acknowledge receipt of the clipping of the publication of Notice of proof of Completion of Works and Application of Water to Beneficial Use on Permit Nos. G-23186 and G-23184.

Upon checking the publications, we find the following errors (also marked in red pencil);

In the first paragraph - second line - the word "day" has a space between the "a" and "y"

Fifth line -- the name "Beebe" should be spelled with only one "e" at the last.

Paragraph 5 - third line should read;
NW¹/₄SE¹/₄, Sec. 1; Lot 1, Lot 2, N¹/₂SE¹/₄

The publication of Permit No. G-23184 is correct.

Gentlemen:

We have your letter of December 19, 1956, stating that Mr. James S. Johnston, holder of Permit No. G-23184 and Claudine H. Johnston, holder of Permit No. G-23186, are prepared to make proof of Completion of Works and Beneficial Use on their Permits.

Before these proofs are made, the statutes require publication of a Notice once a week for four weeks in a county newspaper. This Notice should be made in duplicate on Form 36 enclosed, setting the time and place and naming the Notary Public before whom the proofs are to be made.

The proofs may be made at any place convenient for the Permit holders and their two witnesses but the time must be set far enough ahead to allow for four weeks publication.

Both copies of Form 36 to be returned to this department together with Form 11 which is their authorization for us to have the notice published at their expense in the designated county newspaper.

We shall then send a copy of the Notice to the newspaper with instructions in regard to publishing and shall send you the Forms of depositions to be executed by the Permit holders, James S. and Claudine H. Johnston and their two disinterested witnesses in making these proofs.

Very truly yours,

MARK R. KULP
