Dear Mr. Ferrin:

The following is a summary of the above numbered permits and claim:

Claim No. 35-4008 - This claim has been filed and processed and no exceptions have been filed against said claim. A mortgage deed has been submitted showing that any vested right in the property is controlled by Utah Mortgage Loan Corporation. The original mortgage deed apparently is held by your company. The copy we have can not be reproduced clearly enough to certify. We have been informed by Mr. R. Kay Poulsen that Utah Mortgage Loan Company has further conveyed their interest under this deed to Connecticut Mutual Life Insurance Company. The copy of the assignment of mortgage is on file but can not be reproduced clearly.

Permit No. G-23092/35-2260 - We are enclosing a certified copy of the Water License issued on this permit. No transfers have been recorded in this office that would modify this license. We are not able to record changes of ownership as indicated in previous correspondence. We feel that whoever holds the mortgage on the real property will control any appurtenant water rights.

Permit No. G-32257/35-2763 - We are enclosing a certified copy of the assignment of this permit. This permit is in good standing and the department has a field examination pending. This examination must be made prior to licensing of the permit. We have not set a definite date for this examination. The results of this examination will be forwarded to Connecticut Mutual Life Insurance Company and to Utah Mortgage Loan Corporation.

If we can be of further assistance, please feel free to contact us.

Gentlemen:

Apparently some concern and confusion exists over our re-numbering the following permits:

Permit No. G-23092 has been re-numbered 35-2260.  
Permit No. G-32257 has been re-numbered 35-2763.

Claim to a Water Right No. 35-4008 represents a constitutional appropriation, partly represented by permit G-23092 and G-23093 (cancelled) and partly established under constitutional provisions. We have enclosed for your future use copies of the above referenced.

Gentlemen:

Please be advised that we have received your letter regarding the above numbered permit (or permits).

We have filed your letter in the permit folder, however, we cannot refuse to process any request for transfer, amendment, or change. We would attempt to notify you of the action taken or being taken, but could not accept any responsibility for failure in case you failed to receive the information.

The only way to guarantee that no changes would occur would be to have the permit assigned to the company holding the loan.

Dear Mr. Newcomb:

We received your letter of March 4, 1965, in regard to the above noted permits in name of Shillingtons. Audrey Newcomb's Permit No. G-23093 is also part of the problem. You stated you would be in the office during March to clear the records.

The three permits use two wells to irrigate Sec. 32; Fr. Sec. 31, T. 1 N., R. 35 E. and a few acres in Sec. 4, T. 1 S., R. 35 E.

A precancellation notice was sent to Mr. Shillington, dated February 24, 1965, to show cause within 60 days why the permit should not be cancelled. His permit claimed water from a well which was never drilled. The 60 days will have past on April 25th.

I have been trying to clear the records since July 31, 1961. We must have action in the near future.

Dear Mrs. Shillington:

On July 31, 1961 we wrote to you and two others in regard to permits to irrigate Sec. 32, T. 1 N., R. 35 E., B.M. We have not heard from either party.

Your permit shows the point of diversion in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ , Sec. 32 to irrigate the S $\frac{1}{2}$ N $\frac{1}{2}$ , N $\frac{1}{2}$ S $\frac{1}{2}$ , Sec. 32, T. 1 N., R. 35 E., B.M.

The report of the field investigation shows that the well described was used to irrigate the E $\frac{1}{2}$ SE $\frac{1}{4}$ , Sec. 31; S $\frac{1}{2}$ , Sec. 32, T. 1 N., R. 35 E., B.M. and Lots 3 and 4, Sec. 4, T. 1 S., R. 35 E., B.M.

As the permit must show the proper location of the well and place of use, we can issue the Certificate of Completion of Works and Water License for 96 inches or 1.92 c.f.s. of water from the well in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ , Sec. 32 for irrigation of 160 acres in the N $\frac{1}{2}$ S $\frac{1}{2}$ , Sec. 32, T. 1 N., R. 35 E., B.M. upon payment of statutory fees totalling \$13.00.

The Attorney General's Office has ruled that failure to pay the fees is cause for cancellation of the permit.

Your permit may be amended; however it would be necessary for you to readvertise the legal notice and make new depositions of completion of works and beneficial use of the water.

RE: Permit No. G-23092

Jessie M. Shillington

Dear Mrs. Shillington:

Permit No. G-23092 shows point of diversion in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ , Section 32 to irrigate the S $\frac{1}{2}$ N $\frac{1}{2}$ , N $\frac{1}{2}$ S $\frac{1}{2}$ , Section 32, Township 1 North, Range 35 East.

The Report of the Engineer shows the well in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ , Section 32 is irrigating the E $\frac{1}{2}$ SE $\frac{1}{4}$ , Section 31; S $\frac{1}{2}$ , Section 32, Township 1 North, Range 35 East, and Lots 3 and 4, Section 4, Township 1 South, Range 35 East. The S $\frac{1}{2}$ N $\frac{1}{2}$ , Section 32 is not irrigated.

Permit No. G-23093 in the name of Audrey Newcomb with point of diversion in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ , Section 32 originally had a land list of NE $\frac{1}{4}$ , Section 31 and N $\frac{1}{2}$ N $\frac{1}{2}$ , Section 32. That well is now irrigating that land plus the S $\frac{1}{2}$ N $\frac{1}{2}$ , Section 32.

Permit No. G-26362 in the name of Guy W. Shillington shows the well in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ , Section 32 to irrigate the E $\frac{1}{2}$ SE $\frac{1}{4}$ , Section 31; S $\frac{1}{2}$ S $\frac{1}{2}$ , Section 32, Township 1 North, Range 35 East; Lots 3 and 4, Section 4, Township 1 South, Range 35 East. The Report of the Engineer shows this land is irrigated from the well in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ , Section 32 as shown above.

The Water Licenses can be issued to the lands shown on the permits which is the same as shown in the depositions. The amount of water from the well in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ , Section 32 would have to be specified as to how much to Jessie M. Shillington and how much to Guy W. Shillington.

Permit No. G-23092 could be licensed for all of the land now irrigated from the well in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ , Section 32, and Permit No. G-26362 would be relinquished. An amendment to the land list would be necessary.

Permit No. 0-23093 could be licensed for all of the land now irrigated from the well in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ , Section 32. An amendment to the land list would be necessary.

This same letter is being sent to all three holders of the three permits on account of the overlap in land.

Kindly advise your wishes at your earliest convenience.

RE: Permit No. G-23092

Mrs. Jessie M. Shillington  
715 6th Street  
Rupert, Idaho

Dear Mrs. Shillington:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in The Daily Bulletin, all submitted in proof fo completion of works and beneficial use on Permit No. G-23092.

Before final action is taken in the matter the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Dear Mr. McDowell:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-23092, in the name of Jessie M. Shillington. Final Proof is to be made before you, as Notary on the 14th day of May, 1960, ~~#####~~ at 9:00 o'clock A.M., at 612 Idaho Bldg., Boise Idaho.

As of this date we have mailed the Notice to the Daily Bulletin with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (Holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

**Dear Mr. McDowell:**

The date for proofs of Completion of Works and Application of Water to Beneficial Use, as set out under the terms of Permit No. G- **23092** are due not later than **May 26, 1960.**

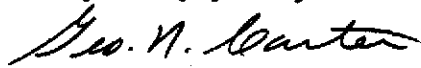

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point of, or points of diversion; and the location of use of the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

APPLICATION FOR AMENDMENT  
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS  
OF THE STATE OF IDAHO, NO. G-23092

Comes now Jessie M. Shillington and  
represents to the State Reclamation Engineer of the State of Idaho:

That she is (~~was~~) the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. G-23092.

That the point of diversion is described in said permit as being located ;

Sec. 32, SE $\frac{1}{4}$ NW $\frac{1}{4}$  - T 1 N - R 35 E., B.M.

That she now requests that the point of diversion be changed to a point
