Gentlemen:

We find two slight typographical errors in the notice on Permit No. G-23085 of Carolyn Christensen, appearing in your issue of November 11 as follows:

In line 1, the word at is omitted between the words that and 10 A.M.

In the third line of paragraph 1, the word is should be are, making the line read, "said permit are Carolyn Christensen,".

Please make these corrections in your subsequent issues.

Dear Mr. Jensen:

On September 21 we acknowledged receipt of notice for completion of works and beneficial use proof to be made on Permit No. G-23085 in the name of Carolyn Christensen, and called attention to the fact that the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 31, Township 1 South, Range 36 East B.M. was omitted from the notice.

We have been awaiting advice from you as to whether or not this should be included, and for this reason, the notice has not been sent to the Shelley Pioneer for publication.

Please advise as to whether or not this 40 should be included and please set another date for making the proof far enough ahead to allow for the statutory four weeks publication.

Dear Mr. Jensen:

We have your letter of September 20, enclosing duplicate notice for proof of completion of works and beneficial use on Permit No. G-23085 of Carolyn Christensen.

It is not too late to make these proofs but the priority date will be just 28 days later since the proofs will be that much past due, in other words the original priority date would have been September 3, 1952 and it will now be September 31, 1952.

In checking the notice we find that the SE¹/₄ of Section 31, is omitted from the land description although it is in the original permit. We assume this is an oversight and with your permission can include it in the notice.
