INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

License and Certificate of Water Right

Water License No. G-23034

Amount 3.08 c.f.s.

Water District No. _____

Priority September 5, 1952

THIS IS TO CERTIFY that G. T. NEWCOMB of Twin Falls, Idaho, made application for a permit to appropriate the public waters of the State of Idaho, dated September 5, 19 52; that Permit No. G-23034 was issued under said application; that Certificate of Completion of works, with a carrying capacity of 3.08 second feet, was issued thereunder on January 14, 19 58, showing that said works were completed on the 25th day of February, 19 56; and that on the 25th day of February, 19 56, G. T. NEWCOMB

of Twin Falls, State of Idaho, made proof to the satisfaction of the State Reclamation Engineer of Idaho, of the right to use the waters of a well, a tributary of subterranean, for the purpose of Irrigation, under Use Permit No. G-23034 of the Department of Reclamation and that said right to the use of said waters has been perfected in accordance with the laws of Idaho, and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume 10 of Licenses at page 6250, on the 14th day of January, 19 58; The right hereby confirmed dates from September 5, 19 52;

The Point of Diversion is located in the NW 1/4 SE 1/4, Sec. 7, Twp. 2 S., R. 33 E., B. M. County Bingham

That the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed 3.08 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
2 S.	33 E.	7	NE $\frac{1}{4}$ SE $\frac{1}{4}$	40	40
			NW $\frac{1}{4}$ SE $\frac{1}{4}$	40	40
			SW $\frac{1}{4}$ SE $\frac{1}{4}$	40	40
			SE $\frac{1}{4}$ SE $\frac{1}{4}$	40	40
			NE $\frac{1}{4}$ SW $\frac{1}{4}$	40	40
			SE $\frac{1}{4}$ SW $\frac{1}{4}$	40	40
			Total number of acres irrigated	- - -	240

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this 14th day of January, 19 58.

State Reclamation Engineer.

(SEAL)

2070 Addison Ave.
Twin Falls, Idaho

1. Name of Applicant: G. T. NEWCOMB
Postoffice address: Twin Falls County: Twin Falls State: Idaho
2. Quantity of water claimed:
- (a) Rate of withdrawal in cubic feet per second. 8.64 or Idaho
Miners' inches 432 or gallons per minute.
- (b) Annual withdrawal in acre feet per annum
3. Source of water supply: Subterranean, to be raised through two drilled wells
4. Location of point of diversion or well is in the NW 1/4 of the SE 1/4 of Section 7
ME NW 18
Twp. 2 S. , Rge. 33 E. , B.M., County of Bingham
5. Water is to be used for: Irrigation
6. If for municipal, industrial or recreational purposes, give:
- (a) Point of use of water is in the 1/4 of the 1/4 of Section , Twp.
Rge. , B.M.
- (b) Waste water or sewage effluent is to be returned to
at a point in the 1/4 of the 1/4 of Section , Twp. , Rge. , B.M.
7. Kind of works: Drilled wells, to be cased and equipped with turbine type pumps and sprinkling system
8. Estimated cost of works: \$ 20,000.00
9. (a) Is reservoir to be used? No
(b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is Five(5) years.
11. If applicant is a corporation, give:
- I. (a) Date and place of incorporation:
(b) Amount of capital stock: \$ (c) Amount paid in: \$
(d) Names and addresses of directors:
- II. The financial resources of the applicant are (a) Cash on hand: \$
(b) Treasury stock: (c) Bonds to be issued:
(d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None
- (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
- (b) (cubic feet per second, inches or gallons per minute) is for new lands.

This permit to be used in connection with the irrigation development of vacant federal land now under application in the Land & Survey Office as a desert land entry (Section 7, Lot 4; Sec. 18, Lot 1, 2, E $\frac{1}{2}$ NW $\frac{1}{4}$), and deeded land (Lot 3, E $\frac{1}{2}$ SW $\frac{1}{4}$ SE $\frac{1}{4}$) Sec. 7) all in T. 2 S., R. 33 E., B.M. The irrigation development of this land will also serve as the beneficial use of the water.

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

G. T. NEWCOMB Applicant.

By Harley M. McDowell Agent.

Date of first receipt at Department of Reclamation: 3:30 P. M. September 5, 1952

Returned to applicant for correction:

Corrected application received:

Approval of State Reclamation Engineer

The number of this permit is G-23034

Recorded in Book 82 Page 23034 Approved September 9, 1952

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ to be filed on or before

Work to begin on or before November 9, 1952 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which the permit holder has no control.

One-fifth of the work above specified to be completed on or before March 9, 1955

The whole of said work to be completed and beneficial use of water appropriated in accordance herewith, to be made on or before September 9, 1957

Witness my hand this 9th day of September, 1952

MARK R. KULP
State Reclamation Engineer.

IN TESTIMONY WHEREOF, We, LEN JORDAN, Governor of the State of Idaho, and IRA H. MASTERS, Secretary of State of the State of Idaho, have caused this instrument to be executed in the name of the State of Idaho, and caused the Great Seal of the State of Idaho to be hereunto affixed, this 9th day of September, 1952.

BOISE, IDAHO
REPORT OF ENGINEER

Permit No. G-23034

This proof is for Completion of Works & Beneficial Use In Water District No. _____

1. Name of applicant G. T. Newcombe

2. Source of water supply: Subterranean flow from a well

3. Location of point of diversion: Is in the _____ NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 7

T. 2 S. R. 33 E., B.M. County of Bingham

4. Describe works as they exist, giving dimensions and capacities of same: 125 hp. Charlesoi-
Motor Layne Turbine # 27739
Buried steel main line, 8" d. Portable al. laterals
H = 157.32 feet measured by Kilburn of U.S.G.S.
Sprinkler system.

5. Water is used for: Irrigation

6. State whether or not water has been turned into works of diversion: yes.

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

SE $\frac{1}{4}$, E $\frac{1}{2}$ SW $\frac{1}{4}$, Lots 3 and 4, of Sec. 7, Twp. 2 S., Rge. 33 E., B.M.

Approximately 297 Acres

This is one of three pumps on a common system.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: _____

These 3 systems are not yet in use this
year. Not being actively farmed. Most of
land in soil bank retirement.

See G-24630 and G-24641

RE: Permit No. G-24630, G-24641 & G-23034

Mr. G. T. Newcomb
2070 Addison East
Twin Falls, Idaho

Dear Mr. Newcomb:

State law requires that a field inspection be made on any Permit being brought to license within the State of Idaho.

I intend to make inspection in connection with your three permits on Friday, July 27, 1956, in the morning.

Please be prepared to accompany me on the inspection or have someone who is familiar with the works do so.

I will drive to the place where the wells are located if I do not contact you before the time of our meeting.

I intend to stop overnight in Idaho Falls or Blackfoot, probably at the Cottage Hotel in Blackfoot the night before. If for any reason this is unsatisfactory for you please advise by return mail or call this office so that I can change the schedule.

Very truly yours,

Re: Permit No. G-23034

Mr. G. T. Newcomb
2070 Addison East
Twin Falls, Idaho

Dear Mr. Newcomb:

We acknowledge receipt of the depositions of yourself and two witnesses, also affidavit of publication in the Shelley Pioneer, all submitted in proof of completion of works and beneficial use on Permit No. G-23034.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

**NOTICE OF PROOF OF COMPLETION
OF WORKS and APPLICATION OF
WATER TO BENEFICIAL USE**

Notice is hereby given that at 10:30 a. m., on the 25th day of February, 1956, at Boise, County of Ada, State of Idaho, before Harley M. McDowell, Notary Public, proof will be submitted of the completion of works for the diversion of 8.64 cubic feet per second of the waters of subterranean source, with Pts of Diversion in NE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 18 and NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 7, T2S-R33E, B. M. and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. 623034 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are G. T. Newcomb, 124 Blue Lakes South, Twin Falls, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 8.64 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 8.64 cubic feet per second.

4. The place where said water is used is SW $\frac{1}{4}$ SE $\frac{1}{4}$, Section 7; NW $\frac{1}{4}$, Sec. 18, T 2 S - R 33 E, B. M.

5. The date of priority which said user is prepared to establish is September 5, 1952.

MARK R. KULP,

State Reclamation Engineer.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 23034

Proof of Application of Water to Beneficial Use
and Completion of Works

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. My name is G.T. Newcomb, residence is 2070 Addison East, Twin Falls, Idaho, occupation is agriculture, fertilizer and irrigation and pump business, P.O. Address is 124 Blue Lakes Blvd. South, Twin Falls, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Acting as an individual

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. The number of my permit is 23034, date of permit is 9/9/52, and date of priority which I propose to establish under this permit is 9/5/52.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Source of water supply is subterranean well in NW 1/4 SE 1/4, Sec. 7, T 2 S - R 33 E., B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Drilled well 300' deep, 14" casing, 140' lift and will flow 320 miner's inches from free flow. I have a sprinkler system with main line of 10", 8" and 6". My laterals are portable aluminum 4". I have 8 laterals and each lateral has 33 nozzles. My nozzles are 3/32 by 11/64ths, operate under 40 lb. pressure and will average 7 gallons per minute per nozzle. My pump is 150 H.P. and my estimate of 320 inches made from seeing the well tested with this equipment and from my experience in pumping.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation and I irrigate the entire 297 acres described as SE 1/4, E 1/2 SW 1/4, Lots 3 and 4, T. 2 S. R 33 E., B. M. This is all cultivated land and all the improvements here have been made as a direct result of this irrigation use. I spent \$7,000 for pump and motor, \$3,000 in well, and sprinkler system \$21000.00, land \$2560.00 (Lot 3 contained 28.47 Acres and Lot 4, 28.41 acres.)

J. 23034

1957

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. For irrigation only.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. The minimum amount to be used here would be 320 miner's inches

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I am the person who originally held and was issued this permit.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. This diversion was first started in 1954 and has been used continuously since that time.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. There are no other water permits appurtenant to this land at all, except I do have Permits #24630 and 24641 which are used in conjunction with it in a straight line.

(Sign)

G. T. Newcomb

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Boise County of Ada

State of Idaho, on this 25th day of February A. D. 19 56 ..

Deposition of Witness ^{and Completion of Works}

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. My name is Eugene R. Hamilton, Age is 36, Residence 211 Sidney St. Twin Falls, Idaho, occupation is pump setter, P. O. Address is 211 Sidney St. Twin Falls, Idaho.

Ques. 2. Are you acquainted with G. T. Newcomb, the holder of Permit No. 23034? How long have you known him and where does he reside?

Ans. I have known him 3½ years and know that he now resides at 2070 Addison St. East, Twin Falls, Idaho.

Ques. 3. Have you read or heard read said Permit No. 23034, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Subterranean water raised through a drilled well in NW 1/4 Sec. 7, T. 2 S - R 33 E. The works consist of 14" well drilled to depth of 300', 140' lift and 150 H.P. motor. It has a mainline sprinkler system and 8 laterals with 33 nozzles per lateral and each nozzle operating under 40 lb. pressure will produce 7 gallons per minute. The facilities here are adequate for conveying all the water from the diversion to the place of use.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. I estimate said works will safely conduct 320 Miner's inches to place of use, and I have seen this much water conveyed.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I know that the water produced from this well can be safely conveyed to the place of use and in having seen this well deliver and discharge 320 inches under free flow as mentioned above, this is based on my experience and from seeing wells tested.

H. 23034

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation on SE 1/4, E 1/4 SW 1/4, Lots 3 & 4, T. 2 S - R 33 E., B. M. on _____ acres.
No cultivated or natural meadow of any kind could ever be raised here and no crops can
be raised without artificial irrigation. Cost of improvements here are for well \$3,000.
pump and motor \$7,000.00, sprinkler system \$21,000.00 and land \$2560.00

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Only irrigation.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. This land is a lava ash soil, very productive and needs irrigation for development. I believe that the water now being used on the land would be in the minimum which is necessary for profitable irrigation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None whatever.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen this well since it was first developed. I helped install the pump and worked on it and I have had occasion to be familiar with the project during the entire period of use

(Signed) Eugene P. Hamilton

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Boise
County of Ada, State of Idaho, on this 25th day of February,
A. D. 1956.

Permit No. 23034

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. My name is Reed Winmill, my age is 31, I reside at Pioneer Trailer Courts, Twin Falls, Idaho, occupation is pump installer, P. O. Address, Pioneer Trailer Courts, Twin Falls, Idaho.

Ques. 2. Are you acquainted with G. T. Newcomb, the holder of Permit No. 23034? How long have you known him and where does he reside?

Ans. I have known him 3 years and know that he resides at 2070 Addison St. East, Twin Falls, Idaho.

Ques. 3. Have you read or heard read said Permit No. 23034, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source of water is subterranean well in NW 1/4 Sec. 7, T 2 S - R 33 E., B. M. Works consist of 14" well drilled to depth of 300', 140' lift and 150 H.P. motor. It has a mainline sprinkler system and 8 laterals with 33 nozzles per lateral and each nozzle operating under 40# pressure will produce 7 gallons per minute. The facilities here are adequate for conveying all the water from the diversion to the place of use.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. I estimate from seeing pumps measured that it will produce 320 miner's inches, and I have seen this much water conveyed.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I have seen the pump deliver 320 miner's inches under free flow and I measure this by seeing pumps measured.

H. 23034

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation on SE $\frac{1}{4}$, E $\frac{1}{2}$ SW $\frac{1}{4}$, Lots 3 & 4, T. 2 S - R. 33 E., B. M. on _____ acres.
No cultivated or natural meadow of any kind could ever be raised here and no crops can be raised without artificial irrigation. The improvements made here are for well \$3,000.00 pump and motor \$7,000.00, sprinkler system \$21,000.00 and land \$2,560.00.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Only irrigation.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is lava ash soil, very productive and needs irrigation for development. I believe that the 320 inches water now being used on the land would be the minimum which is necessary for profitable irrigation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I helped install the pump and I have been familiar with it since that time.

RE: Permits Nos. G-23034 & G-24630

Mr. Harley M. McDowell
519 Idaho Building
Boise, Idaho

Dear Mr. McDowell:

We are today sending to the Shelley Pioneer two notices for completion of works and beneficial use proof on the above numbered Permits to be made February 25, 1956, before you as Notary Public.

The Shelley Pioneer has been instructed to publish these notices once a week for four weeks prior to that date and to send Mr. G. T. Newcomb the affidavits of publication together with statements of costs.

At the time set, Mr. Newcomb should appear before you together with two disinterested witnesses who are familiar with the terms of the Permits and the work done thereunder for the purpose of executing the enclosed depositions.

Very truly yours,

MARK R. KULP
