Dear Mr. Wray:

Our engineer's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. G-23027 shows the well is capable of conveying 200 miner's inches (4.0 c.f.s.) of water for the irrigation of 210 acres.

Upon receipt of the statutory fees totaling \$23.00, we will issue the Certificate of Completion of Works (fee \$5.00) and the License and Certificate of Water Right (fee \$18.00 - based at the rate of \$2.00 for each 40-acres subdivision) confirming the right with priority of September 5, 1952 to the use of 4.0 second feet of subterranean water, with the point of diversion in Lot 1 (NW $\frac{1}{4}$) Sec. 7, T. 1 S., R. 34 E., for the irrigation of 210 acres in the W $\frac{1}{2}$ Sec. 7, T. 1 S., R. 34 E., and the E $\frac{1}{2}$ Sec. 12, T. 1 S., R. 33 E.

Also our engineer's report on Permit No. ~~G-24064~~²⁴⁶⁰⁴ shows the well is capable of conveying 250 miner's inches (5.0 c.f.s.) for the irrigation of 250 acres, and upon receipt of the statutory fees totaling \$23.00 on this permit, we will also issue the Certificate of Completion of Works and the License and Certificate of Water Right, confirming the right with priority of December 10, 1953 to the use of 5.0 second feet of subterranean water with the point of diversion in the SE $\frac{1}{4}$ Sec. 6, for the irrigation of 250 acres in the S $\frac{1}{2}$ Sec. 6, E $\frac{1}{2}$ Sec. 6, NE $\frac{1}{4}$ Sec. 7, T. 1 S., R. 34 E.

The total fees for the two permits would be \$46.00.

We enclose also Application for Amendment to the land list and to the point of diversion on Permit No. ~~G-24064~~²⁴⁶⁰⁴ which should be signed and returned to this office with the fees mentioned above.

Re: Permit No. G-23027 - Willard S. Wray

Dear Sir:

I enclose herewith an application for the amendment of the place of use of the waters under the above mentioned permit, which I trust will be found in satisfactory form.

In preparing this amendment, I discovered an error in the proof submitted in that we inadvertently omitted from the deposition of the applicant, Willard S. Wray, and Robert Willard Wray, one of his witnesses, the 18 acres irrigated and cultivated in the E $\frac{1}{2}$ of the NW $\frac{1}{4}$ of Section 22, Twp 1 S, Range 33 EBM. Fortunately, we did have it included in the deposition of the witness, Lloyd R. Merrill.

Will this letter of explanation and Mr. Merrill's proof be sufficient to include this 18 acres subject to actual inspection of the premises, or should I make application to submit amended proof? Your early reply will be appreciated.

Yours very truly,

Robert M. Kerr, Jr.

Application for Permit to Appropriation
To Permit to appropriate the Public Waters
of the State of Idaho, No. G-23027.

Department of Reclamation

Comes now WILLARD S. WRAY, and represents to the State Reclamation Engineer of the State of Idaho.

That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. G-23027, and requests that the list of lands to be irrigated, as described in said permit, be changed to read as follows:

Lots 1 (NW1/4NW1/4), 40 acres; Lot 2 (SW1/4NW1/4) 35 acres; Lot 3 (SW1/4SE1/4) 40 acres;
Lot 4 (SW1/4SW1/4) 40 acres, all in Section Seven, Township One South, Range
Thirty-four East of the Boise Meridian, NE1/4NE1/4, 40 acres; E1/4NW1/4NE1/4, 20 acres;
SE1/4NE1/4, 35 acres; NE1/4SE1/4, 35 acres; SE1/4SE1/4, 35 acres, all in Section Twelve,
Township One South, Range Thirty-three East of the Boise Meridian.

....., making a total of 320 acres.

That an additional amount of water is not asked for, and that the rights of others will not be adversely affected by such change.

Signed at Blackfoot, Idaho, this 12th day of December, 1958.

Dear Mr. Kerr:

We wish to acknowledge receipt of your letter of November 14, 1958, enclosing Deposition of Holder and two witnesses, in Proof of Completion of Works and Application of Water to Beneficial Use, on Permit No. G-23027, in the name of Willard S. Wray, also Affidavit of Publication and Affidavit in reference to postponement of hearing.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department and in regard to your request for an amendment to change the place of use, we are enclosing a form for that purpose, however the amendment may be made after the inspection by our field engineer.

We cannot tell just when this examination will be made, but our field engineer will try and contact Mr. Wray at the time he makes the inspection so that arrangements may be made to show him over the grounds.

Gentlemen:

We have completed proof in the above matter and enclose herewith the following:

Deposition of Holder
Deposition of Witness, Lloyd R. Merrill
Deposition of Witness, Robert W. Wray
Affidavit of Publication in the Daily Bulletin at
Blackfoot, Idaho, on September 26, October 3, 10,
and 17, 1958
Affidavit of Shirlee Graff with reference to postponement of hearing

It developed at the time of hearing that some of this water is actually being used on a different parcel of land than that described in the permit, so we request permission to amend the application to change the point of use and would appreciate your sending me the necessary forms.

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Willard S. Wray, residence Route # 1, Blackfoot, Idaho, occupation farmer, post office address, Route # 1, Blackfoot, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Not applicable.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Number G 23027, dated September 9, 1957, date of priority, September 5, 1952.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Underground water from well and pump located in the NW 1/4 (Lot 1) of Section 7, Township 1 South, Range 34 EBM.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Deep turbine pump with 150 HP electric motor. Well is 340 deep, cased down 30 feet with 20 inch casing. A section of 60 feet of casing (about 16 inch diameter) was put in at about 190 foot depth. Depth to water is about 250 feet. Discharge about 250 inches. Estimated from design of pump, comparison with other pumps and the acreage irrigated.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. 30 acres in Lot 1, 20 acres in Lot 2, 30 acres in Lot 3, 25 acres in Lot 4, Section 7, Township 1 S, Range 34 EBM; 40 acres in NE 1/4, 15 acres in SE 1/4, 30 acres in NE 1/4, and 15 acres in SE 1/4 Sec. 12, T. 1 S. R. 33 EBM. all irrigated and cultivated. 5 acres in said Lot 3, 5 acres in said Lot 4, and 5 acres in said SE 1/4 are irrigated for pasture. Improvements in addition to the well, ditches, etc. improvements consist of cleared and cultivated land, potato cellar, house, culinary well, and fences.

H. 23027

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Not applicable

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. None.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I am the original permit holder.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. In 1958 it was used through ditches for irrigation, to the amount of 250 inches during the irrigation season for the production of crops and pasture on the land described in answer to question 6.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. In 1957 water was borrowed from another well and conveyed through ditches for the irrigation of approximately 60 acres. About 125 inches was used as needed for irrigation of those crops. This was a temporary arrangement pending completion of this well and no rights are claimed for this land as a result of such use.

Dear Mr. Kerr:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-23027, in the name of Willard S. Wray. Final proof is to be made before you, as Notary, on the 12th day of November, at 9:00 A. M., at Blackfoot, Idaho.

As of this date we have mailed the Notice to the Daily Bulletin, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then to mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and his two disinterested witnesses, who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions (Holder and two Witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

RE: Permit No. G-23027

Date September 2, 1958

Willard S. Wray
Route #2
Blackfoot, Idaho

Dear Sir:

The date for proofs of completion of works and application of water to beneficial use, as set out under the terms of Permit No. G-23027 are due not later than November 20, 1958.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point or points of diversion; and the location of use or the lands which are irrigated--all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

GEO. N. CARTER

Blackfoot, Idaho

Dear Mr. Kerr:

Relative to your letter of July 8, 1957, requesting an extension of time for completion of works and application for water to beneficial use under the above captioned permit.

We note in connection with this permit that the maximum time of five (5) years for making completion of works proof and application for water to beneficial use is due on September 9, 1957.

However, since the Bureau of Land Management did not approve said Desert Land Entry in the name of Willard S. Wray, Serial No. Idaho-03258 until November 20, 1953, an extension of time can be granted for five (5) years from November 20, 1953 to November 20, 1958.

Your letter is all that will be required for an extension of time on this Desert Land Entry Permit and the same will be recorded and a copy of same mailed to you within the next few days.

Very truly yours,

Re: Permit No. G-23027 - Willard S. Wray

Gentlemen:

Mr. Willard S. Wray asked me to write to inquire about securing an extension of time for completion of works and application of water to beneficial use under the above permit. While he has done a considerable amount of work in clearing and reclaiming this property and making improvements on it under desert entry requirements, he would like additional time to complete the works and the application of water to the fullest beneficial use. Please advise by return mail and send us the necessary forms.

Yours very truly
