INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

public waters of the State of Idaho, dated August 16, 1952 that Permit No. G-22988
was issued under said application; that Certificate of Completion of with a carrying capacity of
4.0 second feet, was issued thereunder on January 27, 1961, showing that said works
were completed on the 22nd day of July, 1957; and that on the 22nd
day of July, 1957,

WILLARD H. SHILLINGTON
of Rupert, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of a well
, a tributary of subterranean flow, for the purpose of irrigation
, under Use Permit No. G-22988 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
11 of Licenses at page 7043, on the 27 day of January, 1961;
The right hereby confirmed dates from August 16, 1952;

The Point of Diversion is located
in the NW 1/4 SW 1/4, Sec. 35, Tp. 1 S., R. 33 E., B. M. County Bingham
That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 4.0 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
1 S.	33 E.	35	NE 1/4 NW 1/4	40	40
			SW 1/4 NW 1/4	40	40
			SE 1/4 NW 1/4	40	40
			NE 1/4 SW 1/4	40	40
			NW 1/4 SW 1/4	40	40
			SW 1/4 SW 1/4	40	40
			SE 1/4 SW 1/4	40	40
			Total number of acres to be irrigated:		280

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place
of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this
27th day of January, 1961.

 District No.

2400 W. 1st St. Boise
 P.O. Box 2161
 Boise, Idaho

1. Name of Applicant: WILLARD H. SHILLINGTON
 Postoffice address: 715 6th St., Rupert County: Minidoka State: Idaho
2. Quantity of water claimed:
 - (a) Rate of withdrawal in cubic feet per second. 5.6 or Idaho
 Miners' inches 280 or gallons per minute.
 - (b) Annual withdrawal in acre feet per annum
3. Source of water supply: Subterranean flow from a well
4. Location of point of diversion or well is in the NE $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 35
 Twp. 1 S. , Rge. 33 E. , B.M., County of Bingham
5. Water is to be used for: Irrigation
6. If for municipal, industrial or recreational purposes, give:
 - (a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
 Rge. , B.M.
 - (b) Waste water or sewage effluent is to be returned to
 at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B.M.
7. Kind of works: Drilled well, to be cased, and equipped with turbine type pump, and sprinkling system
8. Estimated cost of works: \$ 28,200.00
9. (a) Is reservoir to be used? No
 (b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is Five (5) years.
11. If applicant is a corporation, give:
 - I. (a) Date and place of incorporation:
 (b) Amount of capital stock: \$ (c) Amount paid in: \$
 (d) Names and addresses of directors:
 - II. The financial resources of the applicant are (a) Cash on hand: \$
 (b) Treasury stock: (c) Bonds to be issued:
 (d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None
 - (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) (cubic feet per second, inches or gallons per minute) is for new lands.

Remarks:

WILLARD H. SHILLINGTON *Applicant.*

By Harley M. McDowell Agent.

Returned to applicant for correction:

Corrected application received:

The number of this permit is G-22988

Recorded in Book 82 Page 22988 Approved August 28, 1952

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ _____ to be filed on or before _____

Work to begin on or before October 28, 1952 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which the permit holder has no control.

One-fifth of the work above specified to be completed on or before February 28, 1955

The whole of said work to be completed and beneficial use of water appropriated in accordance herewith, to be made on or before **August 28, 1957**

Witness my hand this 28th day of August, 1952

APPLICATION FOR AMENDMENT

POINT OF DIVERSION

Permit No. G-22988

Comes now WILLARD H. SHILLINGTON and represents to the State Reclamation Engineer of the State of Idaho:

That he is the owner and holder of Permit to Appropriate the Public Waters of the State of Idaho, No. G-22988.

That the point of diversion is described in said Permit as being located: NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 35, T. 1 S., R. 33 E., B. M.

That he now requests that the point of diversion be changed to a point located: NW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 35, T. 1 S., R. 33 E., B. M., Idaho

That the reason for desiring to make such change is as follows: More feasible well site.

That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Boise, Idaho, this 25 day of January, 1961.

s/ WILLARD H. SHILLINGTON

Date of Receipt at Department of Reclamation: January 26, 1961

APPROVAL OF STATE RECLAMATION ENGINEER

I, GEO. N. CARTER, State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to Appropriate the Public Waters of the State of Idaho, No. G-22988. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

s/ GEO. N. CARTER
State Reclamation Engineer

Recorded: January 27, 1961

Permit No. G-22988
CERTIFICATE OF COMPLETION OF WORKS

TO ALL WHOM IT MAY CONCERN:

This is to certify that WILLARD H. SHILLINGTON, of Rupert, County of Minidoka, and State of Idaho, the holder of Permit No. G-22988, issued upon Application No. G-30739, bearing date of priority of August 16, 1952, authorizing the diversion of 5.6 second feet of waters of a well, County of Bingham, State of Idaho, for irrigation purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use 4.0 second feet of the waters of a well from subterranean flow; that the point of diversion of said waters is NW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 35, T. 1 S., R. 33 E., B.M.; and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit:

280 acres in NE $\frac{1}{4}$ NW $\frac{1}{4}$, S $\frac{1}{2}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$, Sec. 35, T. 1 S., R. 33 E., B. M.

Change of Address

Dear Water Right Holder:

IDWR has been notified the address presently in our records is incorrect. Although we have reached you at the address above, we need your written confirmation this is your correct mailing address before we can change our records. Future notices related to your water right can be sent only to the address on your water right or as otherwise changed by you.

Please sign your name at the bottom of this letter and return it to this office. Make corrections to your name and address if necessary and list any other water rights you may have before returning this letter by January 18, 2002. Thank you for your help.

If your mail delivery address changes in any form, please contact us in writing so we can update our records.

If there has been a change in ownership of the property connected with the water rights referenced above, please call this office toll-free at 1-800/451-4129 to obtain a form to make this required change to the water right record.

Sincerely,

Sally Sherman

Gentlemen:

Please be advised that we have received your letter regarding the above numbered permit (or permits).

We have filed your letter in the permit folder, however, we cannot refuse to process any request for transfer, amendment, or change. We would attempt to notify you of the action taken or being taken, but could not accept any responsibility for failure in case you failed to receive the information.

The only way to guarantee that no changes would occur would be to have the permit assigned to the company holding the loan.

APPROVAL OF STATE RECLAMATION ENGINEER

I, GEO. N. CARTER, State Reclamation Engineer of the State of Idaho, HEREBY APPROVE
the above and foregoing application for amendment to Permit to Appropriate the Public
Waters of the State of Idaho, No. G-22988. This approval constitutes a new
permit and is issued as an amendment to the original permit, to which it refers and of
which it becomes a part, and said application is approved only insofar as the rights of
others will not be adversely affected thereby.

Re: Permit No. G-22988
Willard H. Shillington

Mr. Harley M. McDowell
P. O. Box 2161
Boise, Idaho

Dear Mr. McDowell:

Our field engineer's report on his inspection of the completion of work and application of water to beneficial use under Permit No. G-22988, Willard H. Shillington, shows the well is located in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 35, Township 1 South, Range 33 East, B.M., and is capable of conveying 200 miners' inches (4. c.f.s.) of water for irrigation of 200 acres. The point of diversion listed on the record of the permit is in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 35, therefore it is necessary that the permit be amended. We have enclosed an application for amendment to point of diversion form for this purpose.

Upon receipt of the amendment, mentioned above, and the statutory fees, totalling \$19.00, we will issue to Willard H. Shillington, the Certificate of Completion of Works (for which the fee is five dollars) and the License and Certificate of Water Right (fourteen dollars--based at the rate of two dollars for each 40-acre subdivision) confirming the right with priority of August 16, 1952, to his use of 4. second feet of subterranean water, with the point of diversion in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 35, for irrigation of 200 acres in the E $\frac{1}{2}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$ SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 35, Township 1 South, Range 33 East, B.M.

Very truly yours,

MARK R. KULP

BOISE, IDAHO
REPORT OF ENGINEER

Permit No. G-22988

This proof is for Completion of Works & Beneficial Use In Water District No. _____

1. Name of applicant: Willard H. Shillington
2. Source of water supply: Subterranean flow from a well
3. Location of point of diversion: Is in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 35
T. 1 S. R. 33 E., B.M. County of Bingham h = 171.5 measured
4. Describe works as they exist, giving dimensions and capacities of same: 200 hp. K.S. Motor, #33851 Layne R. Turbine - cone base. No protection. E.M. Control Panels. 10" x 8' delivery to East into Y. All main line and laterals are portable Ad. pipe. Nozzles = mostly $\frac{3}{4}$ " singles.
5. Water is used for: Irrigation
6. State whether or not water has been turned into works of diversion: yes.
7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

SW $\frac{1}{4}$, S $\frac{1}{2}$ NW $\frac{1}{4}$, NE $\frac{1}{4}$ NW $\frac{1}{4}$ of Sec. 35., Twp. 1 S., Rge. 33 E., B.M.

No fences - everything wide open.
No protection. Pipe laying in field.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks:

Crops are hay-grain-potatoes.

No one along on inspection.

h = measured by tape.
200" is higher than the 6' gpm stated in propo.

This examination was made on the 10 day of April, 19 58

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Dear Mr. Shillington:

We acknowledge receipt of the Deposition of holder and two witnesses, also affidavit of publication in The Daily Bulletin, all submitted in proof of completion of works and beneficial use on Permit No. G-22988.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:30 a.m. on the 22nd day of July, 1957, at Boise, County of Ada, State of Idaho, before Harley M. McDowell proof will be submitted of the completion of works for the diversion of 5.6 cubic feet per second of the waters of subterranean source in NE $\frac{1}{4}$ SW 35, Twp. 1 S., Rge. 33E, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. 22988 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Willard H. Shillington, 715 Sixth St., Rupert, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 5.6 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 5.6 cubic feet per second.

4. The place where said water is used is SW $\frac{1}{4}$, S $\frac{1}{2}$ NW $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 35 T1S-R 33 E, B. M.

5. The date of priority which said user is prepared to establish is 8-16-52.

Permit No. G-22988

Proof of Application of Water to Beneficial Use

and Completion of Works Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. My name is Willard H. Shillington; residence, Rupert, Idaho; occupation, farmer; postoffice address, Box 201, Rupert, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Individual.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Number of the permit is G-22988; date of permit, 8/28/52; date of priority, 8/16/52.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. The source of the water is a drilled well and the pt. of diversion NE 1/4 SW 1/4, Sec. 35, T1S - R33E., B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. The works of diversion consist of 18" hole drilled to 225 ft., equipped with 200 h.p. turbine type pump and motor. Sprinkler system with aluminum mainline 1320 ft. 10", 1980 ft. of 8" aluminum mainline and 1980 ft. of 6" aluminum mainline. Pump and system is capable of producing 210 miner's inches. There are 8 portable aluminum laterals, 1320 ft. long. Each has 33 full circle heads that will produce 6 1/2 gal./minute. There is 10 or 12 ft. of steel casing in the well. The sprinkler system operates at 50 lb. pressure, the only way I know what this well produces is having seen other wells measured and seeing this delivered through a sprinkler system.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water is used for irrigation and irrigates the entire 280 acres. I irrigated the whole 40 acres on each of the seven subdivisions. The entire area is cultivated, there is no natural meadow land and I have spent over \$30,000 here as a direct result of this irrigation use. Land irrigated is described as: SW 1/4, S 1/4 NW 1/4, NE 1/4 NW 1/4, Sec. 35, T1S - R33E., B.M.

A. 22988

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Only irrigation.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. I am raising diversified crops here and could even use more water. You cannot get by with any less.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I am the same person who applied for this originally.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. I started work on beneficial use and construction immediately after my desert entry was allowed in 1954. The water has been used to its fullest extent since that time.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. This is the only permit on this land and all of the water is used to directly benefit and irrigate the crops raised.

(Sign) Richard H. Phieffington

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed

and sworn to before me, at my office in Boise, County of Ada,

State of Idaho, on this 22 day of July, A. D. 1957.

Permit No. G-22988

Proof of Application of Water to Beneficial Use
Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. My name is Abbie Dell Newcomb; age, 40; residence, 2070 Addison E., Twin Falls, Idaho; occupation, housewife; postoffice address, same as residence.

Ques. 2. Are you acquainted with Willard H. Shillington, the holder of Permit No. G-22988? How long have you known him and where does he reside?

Ans. I have known him ten years and know that he now resides at Rupert, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-22988, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source of water is from drilled well; place of diversion, NE 1/4 SW 1/4, Sec. 35, T. 1 S., R. 33 E., B.M., Works consist of main line sprinkler with laterals, pump and motor. Well drilled to 225 ft. with 10 or 12 ft. of casing. The mainline has 8 laterals and each lateral has 33 full circle heads.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. I would estimate the well to produce and works safely convey over 4 second ft. of water and have seen this amount so conveyed. It should deliver over 210 inches.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I have seen this run all of the lines that are on it now and it seems to have plenty of pressure and irrigate the entire area. My husband is in the pump business and I have seen water measured and feel it would easily deliver the amounts stated above.

22988

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Used for irrigation. All of each subdivision has been irrigated. No natural meadow. All improvements listed above have been as a direct result of this use. The land which is irrigated from this permit is the SW¹/₄, NE¹/₄ NW¹/₄, Section 35, T.1.S. - R.33.E., B.M.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Irrigation only.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. This is good land when irrigated. Very fertile, Will produce all types of row crop. I estimate the amount of water required to be a minimum of what is now being used.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. We have been out here several times while this is being developed and I have witnessed the operation here and the application of the water during the entire time.

(Signed)

Arthur Lee Newcomb

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Boise, County of Ada, State of Idaho, on this 22 day of July, A. Permit No. G-22988

Proof of Application of Water to Beneficial Use
Deposition of Witness ^{and Completion of Work}

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. My name is G. T. Newcomb; age, 40; residence 2070 Addison East; occupation, farmer; postoffice address, 124 Blue Lakes South, Twin Falls, Idaho.

Ques. 2. Are you acquainted with Willard H. Shillington, the holder of Permit No. G-22988? How long have you known him and where does he reside?

Ans. I have known him 20 years and know that he resides in Rupert, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-22988, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. The source of the water is a drilled well with pt. of diversion in NE 1/4 SW 1/4, Sec. 35, T 1 S - R 33 E., B.M. The works are a drilled well 225 Ft. deep with 10 ft. of casing, main line sprinkler with portable aluminum laterals. A 200 hp pump and motor is installed. There are eight portable aluminum laterals each having 33 full circle heads.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. I estimate the said works will safely conduct over 4 second ft. of water to the place of use and have seen this amount so conveyed.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I estimate the pump has delivered 210 miner's inches of water. My estimation is based on past experience in farming and seeing water measured.

H. 22988

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. ~~The water is used for irrigation. The whole 280 acres is irrigated. There is no natural meadow. All the improvements listed are a direct result of said use. Land irrigated is described as follows: SW¹/₄, S¹/₂NW¹/₄, NE¹/₄NW¹/₄, Sec. 35, T1S-R33E., B.M.~~

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. ~~Only for irrigation.~~

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. ~~The soil is a sagemore, silt loam. I would say that the water being used now is the minimum requirement for profitable cultivation.~~

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. ~~No.~~

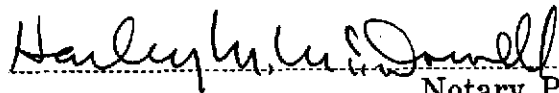

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. ~~I have been on this land several times over the period it has been under development and have seen its application to beneficial use during the entire time.~~

(Signed)

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Boise, County of Ada, State of Idaho, on this 22 day of July, A. D. 1957.

and
APPLICATION OF WATER TO BENEFICIAL USERECEIVED
JUL 1 1957
Department of Reclamation

Notice is hereby given that at 10:30 M., on the 22
day of July, 19 57, at Boise, County of
Ada State of Idaho, before Harley M. McDowell
proof will be submitted of the completion of works for the diversion of 5.6
cubic feet per second of the waters of subterranean source
and of the application to beneficial use of said water, in accordance with the
terms and conditions of Permit No. 22988 heretofore issued by the Department
of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation
holding said permit are Willard H. Shillington, 715 6th St., Rupert, Idaho

2. Said works of diversion will be fully completed on the date set for
such completion, and the amount of water which said works are capable of conveying
to the place of use, in accordance with the plans accompanying the application for
such permit, is 5.6 cubic feet per second.

3. The use to which said water has been applied is irrigation
purposes, and the amount applied to beneficial use is
5.6 cubic feet per second.

4. The place where said water is used is SW₁, S₁ NW₁, NE₁ NW₁, Sec. 35
T 1 S - R 33 E., B.M.

5. The date of priority which said user is prepared to establish is
8/16/52.

Boise, Idaho

Dear Mr. McDowell:

Enclosed is an extension of time for completion of works and beneficial use proofs on Permit No. G-22988 to June 2, 1958.

This extension has been approved by the State Reclamation Engineer and recorded in the Department of Reclamation in Book 82 of Permits at Page 22988. It should now be attached to the original permit to which it refers and of which it becomes a part.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit #G-22988, Willard H. Shillington

Dear Sir:

With regard to the above water permit, please be advised that this was applied for in connection with my desert entry Idaho Serial #03130 which was not allowed in the Land Office until June 2, 1953.

I hereby respectfully request than an extension of time be granted allowing five years from the date of allowance or until June 2, 1958.

Very truly yours,

Willard H. Shillington

RE: Permit No. G-22988

June 1, 1957

Mr. Willard H. Shillington
715- 6th Street
Rupert, Idaho
Dear Sir:

We enclose herewith blank notice for proof of completion of works and application of water to beneficial use under your Permit No. G-22988. This notice should be filled out in duplicate and returned to this office at least 40 days before the date upon which you wish to make this proof, in order to allow time for the four weeks' publication required by law.

This proof must be submitted before a Notary Public or other officer authorized by law to administer oaths.

The date for proof, as set out in your permit, is not later than August 28, 1957.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RE: Permits Nos. G-22988 and G-22989

Mr. Harley M. McDowell
Idaho Building
Boise, Idaho

Dear Mr. McDowell:

We enclose Permits Nos. G-22988 and G-22989 in the names of Willard H. Shillington and Edith D. Shillington, respectively, and direct their attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

We also enclose two copies of each of these permits, one of which has been certified, to be used in connection with the desert entries filed by the applicants in the Idaho Land & Survey Office.

Also departmental receipt No. 24779 for \$16.25 which includes \$12.25 filing fees and \$4.00 for the extra copies.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:30 a.m., on the 22nd day of July, 1957, at Boise, County of Ada, State of Idaho, before Harley M. McDowell proof will be submitted of the completion of works for the diversion of 5.6 cubic feet per second of the waters of subterranean source in NE $\frac{1}{4}$, SW 35, Twp. 1 S., Rge. 33E., and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. 22968 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and telephone address of the person or corporation holding said permit are Willard H. Shillington, 715 Sixth St., Rupert, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 5.6 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 5.6 cubic feet per second.

4. The place where said water is used is SW $\frac{1}{4}$, S $\frac{1}{2}$ NW $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 35 T1S-R 33 E., B. M.

5. The date of priority which said user is prepared to establish is 8-16-52.
