RE: Permits Nos. G-22861 - G-22862 - G-25362

Blackfoot Daily Bulletin
Blackfoot
Idaho

Gentlemen:

We are in receipt of your tear sheet from your April 13th publication and in checking publication on the above captioned Permits we find them all in order with the exception of publication on Permit No. G-25362.

The place where said water is used was published as---
"SE $\frac{1}{4}$ NW $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$ and NW $\frac{1}{4}$ SE $\frac{1}{4}$, in Section 5, Township 4 South, of Range 33, East of the Boise Meridian, in Idaho, and the well is located in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of said Section 5."

The Place where said water is used should have read as the--
"SE $\frac{1}{4}$ NW $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$, NW $\frac{1}{4}$ SW $\frac{1}{4}$, and NW $\frac{1}{4}$ SE $\frac{1}{4}$, in Section 5, Township 4 South, of Range 33 East of the Boise Meridian, in Idaho, and the well is located in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of said Section 5."

We will not ask to have this republished since today is the date of last publication on this Permit, but to avoid such errors as this in the future please send us copy of first publication.

Re: Permit No. G-22862

Mrs. Blanche D. Gay
211 Melrose Street
Pocatello, Idaho

Dear Mrs. Gay:

Our field engineer's report on the inspection of the completion of construction work and application of water to beneficial use under the terms of Permit No. G-22862 shows that your well is capable of conveying 150 miner's inches (3.0 c.f.s.) of water for irrigation of 240 acres in the NE $\frac{1}{4}$ and N $\frac{1}{2}$ SE $\frac{1}{4}$ of Section 24, Township 3 South, Range 32 East, B.M. The record of the permit does not show the land in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 24, therefore, we have enclosed an application for amendment for this purpose and ask that you sign and return it.

Upon receipt of the amendment, mentioned above, and the statutory fees, total of \$17.00, we will issue to you the Certificate of Completion of Works (for which the fee is five dollars) and the License and Certificate of Water Right (twelve dollars--based at the rate of two dollars for each 40-acre subdivision) confirming the right with priority of June 21, 1952, to your use of 3.0 second feet of subterranean water with the point of diversion in the center line between the SW $\frac{1}{4}$ NE $\frac{1}{4}$ and SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 24, for irrigation of 240 acres in the NE $\frac{1}{4}$, N $\frac{1}{2}$ SE $\frac{1}{4}$ of Section 24, all in Township 3 South, Range 32 E., B.M.

Dear Miss Gay:

We acknowledge receipt of the depositions of yourself, the holder of the Permit and also the two witnesses, but to date we have not received the affidavit of publication from the Blackfoot Bulletin. If you have not already received it will you please get it and forward to us as we need it to complete this file.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

RE: Permit No. G-22862

Mr. R. M. Whittier
P. O. Box 105
Pocatello, Idaho

Dear Mr. Whittier:

We acknowledge receipt of your letter of March 31 enclosing duplicate notice in proof of completion of works and beneficial use on Permit No. G-22962 of Blanche D. Gay, together with authorization for us to have the notice published at her expense in the Blackfoot Bulletin.

However, we note that the notice gives the point of diversion as being in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 24, Twp. 3 South, Range 32 East B.M. Our records show that this Permit was amended to show the point of diversion as being on the line between the SW $\frac{1}{4}$ NE $\frac{1}{4}$ and SE $\frac{1}{4}$ NE $\frac{1}{4}$ of said Section, and we have changed the notice to conform with the same.

Also, we note that you give the land description as being in the NE $\frac{1}{4}$ of the SE $\frac{1}{4}$ of the NW $\frac{1}{4}$ and the NE $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 24, Twp. 3 South, Range 32 East, B.M. while the original permit gives it in the NE $\frac{1}{4}$, SE $\frac{1}{4}$ NW $\frac{1}{4}$ and NE $\frac{1}{4}$ SE $\frac{1}{4}$ of said Section. We have also changed the notice to show this description.

We are, by this same mail, sending a copy of the amended notice to the Blackfoot Bulletin with instructions to publish it once a week for four weeks prior to May 7, 1956, the date set for proof, and to send Blanche D. Gay the affidavit of publication together with statement of costs.

At the time set, she should appear before you as Notary Public, together with two disinterested witnesses who are familiar with the terms of the Permit and the work done thereunder for the purpose of executing the enclosed depositions.

If the above descriptions, as shown on the original permit, have been changed to read as you described them in the original notice, please notify the Blackfoot Bulletin to stop publication and an application for amendment to the land list will have to be completed and recorded in this department a form for which is enclosed. Please let us hear from you promptly.

Dear Mr. and Mrs. Gay:

Reference is made to your letter of August 10, 1952, requesting an extension of time for commencing construction under the above numbered permits for the reason that you have not been permitted to go on the land, which is under desert entry filing.

There is no statutory provision for granting extension of time for commencement of works, but under those conditions there can be no question as to your inability to so proceed.

However, it is our understanding that the Bureau of Land Management will grant special permit to go on the land for that purpose upon proper application, and we enclose copies of the notice in this connection.

Dear Madam:

In reply to your letter of May 9, 1952, we enclose a form of application for permit to appropriate subterranean water from a well together with a pamphlet giving regulations and instructions in regard to filing same.

When this application is approved, it will be signed by the proper State Officials and sent you as a use permit under which you may proceed with the construction of the work described in the application.

In order to complete your water right, proofs of completion of works and application of the water to beneficial use are required. The time required for making these proofs should be indicated under Question 10.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
