In accordance with your letter of April 30th we enclose herewith check of Ronald B. Wilson representing your fees for issuing a Water License and Certificate of Completion of Works in connection with the above numbered permit.

Gentlemen:

Enclosed you will find our check No. A 5763 in your favor for \$1.50, for a certified copy of the above numbered permit.

It was my oversight that this check was not sent you previously; when the copy of the permit and your letter arrived, I called in Mr. Wilson and Mr. and Mrs. Reed to discuss the assignment and, while waiting for them to act, I put the file away and overlooked mailing you a check. Hope this has not inconvenienced you.

Very truly yours,

ATTENTION: Mr. John L. Bloem

Dear Mr. Bloem:

We acknowledge receipt of your letter of June 14, 1956, re a Permit to appropriate the underground waters of the State of Idaho issued in either the name of Wallace Reed or Leona M. Reed.

We find Permit No. G-22850 filed in this Department June 16, 1952 in the name of Leona M. Reed of Blackfoot, Idaho, which land list is the same as that given in your letter (NE $\frac{1}{4}$, E $\frac{1}{2}$ NW $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 17., Twp. 3 S., Rge. 32 E., B.M. County of Bingham).

This Permit was filed in connection with a Desert-Land Entry filing, Idaho 030337 filed with the Idaho Land & Survey Office, Boise, Ida.

The completion of works and beneficial use proofs are not due until June 23, 1957.

However, if that does not allow sufficient time to complete the works and put the water to beneficial use an extension of time could be given for 5 years from the date the Desert-Land Entry was allowed.

Therefore, feeling assured there is sufficient time for completion of works and application of water to beneficial use we are enclosing a certified copy of Permit No. G-22850.

There is a fee of \$1.50 for the certified copy of the above captioned Permit which you may remit at your convenience.

Very truly yours,

MR. MARK R. KULP
State Reclamation Engineer
Boise, Idaho

Dear Mr. Kulp:

On or about May 7, 1952, Wallace Reed (or possibly his wife, Leona M. Reed) made an application for a permit to appropriate the underground waters of the State for the irrigation of the following described land in Bingham County, to-wit: NE $\frac{1}{4}$, E $\frac{1}{2}$ NW $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 17, Twp. 3 S.R. 32, E.B.M.

On the same day, Leona M. Reed made an application for a desert-land entry on the same land.

At the present time, Mr. and Mrs. Reed have agreed to assign the entry and also his water permit, but are unable to find the water permit and are not familiar with its terms.

Will you please make a check of your records and see if this permit was issued, and if so if there is still time for the assignee to complete the works and apply the water to beneficial use? The assignee states he could probably complete the works this spring, but it is doubtful it would be in time to raise a crop this summer.

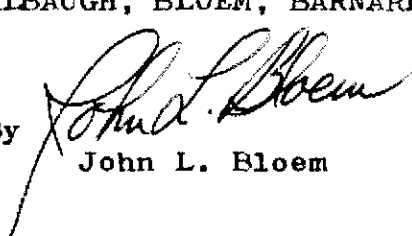

If there is sufficient time for the assignee to take over the old permit, please send us a certified copy of the old permit; if not please send us the necessary forms for making a new filing in the name of the assignee.

Very truly yours,

ALBAUGH, BLOEM, BARNARD & SMITH
