APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 30561
Permit No. G- 22814
District No.

1. Name of Applicant: **WILLIAM E. FUNK**
Postoffice address: **Rt. 1, American Falls** County: **Power** State: **Idaho**
2. Quantity of water claimed:
 - (a) Rate of withdrawal in cubic feet per second. **3.2** or Idaho
Miners' inches **160** or gallons per minute.
 - (b) Annual withdrawal in acre feet per annum
3. Source of water supply: **Subterranean well 160 ft. deep**
4. Location of point of diversion or well is in the **SE** $\frac{1}{4}$ of the **SW** $\frac{1}{4}$ of Section **24**
Twp. 6 S., Rge. **30 E.**, B.M., County of **Bingham**
5. Water is to be used for: **Irrigation and domestic purposes.**
6. If for municipal, industrial or recreational purposes, give:
 - (a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
Rge. , B.M.
 - (b) Waste water or sewage effluent is to be returned to
at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B.M.
7. Kind of works: **Deep well, cased for 34' at top and for 34' at bottom. Well discharging into a sprinkler pipe system.**
8. Estimated cost of works: \$ **18,000.00**
9. (a) Is reservoir to be used? **No**
(b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is
~~xxxxx~~ **One month. Works are practically complete at this time.**
11. If applicant is a corporation, give:
 - I. (a) Date and place of incorporation:
(b) Amount of capital stock: \$ (c) Amount paid in: \$
(d) Names and addresses of directors:
 - II. The financial resources of the applicant are (a) Cash on hand: \$
(b) Treasury stock: (c) Bonds to be issued:
(d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: **None whatever.**
 - (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) (cubic feet per second, inches or gallons per minute) is for new lands.

BE IT KNOWN THAT The undersigned hereby makes appli cation for permit to appropriate the public waters of the State of Idaho as herein set forth.

Applicant.

Agent.

Returned to applicant for correction:

Corrected application received:

The number of this permit is **G-22814**

Recorded in Book 81 Page 22814 Approved June 3, 1952

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ _____ to be filed on or before _____

Work to begin on or before **August 3, 1952** and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which the permit holder has no control.

One-fifth of the work above specified to be completed on or before **June 3, 1953**

The whole of said work to be completed and beneficial use of water appropriated in accordance herewith, to be made on or before **June 3, 1954**

Witness my hand this **3rd** day of **June, 1952**

RE: Permit No. G-22814

Mr. William E. Funk
American Falls
Idaho

Dear Mr. Funk:

The report of our field engineer on examination for completion of works and beneficial use on Permit No. G-22814 shows that your well in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 24, Township 6 South, Range 30 East B.M. will deliver 111 inches of water, which has been used to irrigate 160 acres in the SW $\frac{1}{4}$ of said Section.

A Certificate of Completion of Works and License can, therefore, be issued upon receipt of the statutory fees amounting to \$5.00 for Certificate of Completion of Works and \$8.00 license fee, the latter being at the rate of \$2.00 for each 40 acre subdivision in which the land is located.

REPORT OF ENGINEER

Permit No. G-22814

This proof is for Completion of Works & Beneficial Use In Water District No.

1. Name of applicant William E. Funk, American Falls, Idaho

2. Source of water supply: Subterranean from a well.

3. Location of point of diversion: Is in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 24

T. 6 S. R. 30 E. County of Bingham

4. Describe works as they exist, giving dimensions and capacities of same: Well is 165' deep top portion 20" diameter, balance 16". H=95', draw down 1 foot. Column 8" by 115', 4 stage, 10". Pump house 8' by 8' by 7' high, concrete floor. 75 HP Fairbanks Morse Motor 440 V., 89 AMP. 1755 RPM. Fairbanks Morse Turbine Pump No. PM 7824. 4 sprinkler lines, 33 heads per line. Pressure slightly higher than normal. 45 pounds or above.

5. Water is used for: Irrigation

6. State whether or not water has been turned into works of diversion:

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

Southwest Quarter Section 24, Twp. 6 South, Range 30 East, B. M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks:

This examination was made on the 25th day of June, 1954

RE: Permit No. G-22814

Messrs. Potvin & Schou
Phillips Building
American Falls, Idaho

ATTENTION: Mr. L. R. Schou

Dear Mr. Schou:

This morning's mail brings us the affidavit of publication from the Aberdeen Times, which completes proof of completion of works and beneficial use on Permit No. G-22814 in the name of William E. Funk.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact Mr. Funk at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KALP
State Reclamation Engineer

AFFIDAVIT OF PUBLICATION

STATE OF IDAHO
COUNTY OF BINGHAM

ROBERT M. HAMMES, being first duly sworn, on his oath states:

That he is the PUBLISHER of the ABERDEEN TIMES, a newspaper of general circulation in Bingham County, Idaho, published at Aberdeen, in said county. That said newspaper has been published in said County uninterruptedly and continuously for over seventy-eight consecutive weeks, prior to the first publication of the annexed Notice of Proof of Completion and that said Notice was published as per clipping attached, in the regular and entire edition of said newspaper and not in any supplement thereof, in 4 consecutive issues, the date of the first publication being the 6 day of May, 1954, and the last publication being the 27 day of May, 1954.

Subscribed and sworn to me this 29 day of May, 1954.

My commission expires 3-12-55 Notary Public Residing in Aberdeen, Idaho

RECEIVED
JUN 7 1954
Department of Reclamation

NOTICE OF PROOF OF COMPLETION OF WORKS and APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M., on the 29th day of May, 1954, at Aberdeen, County of Bingham, State of Idaho, before L. R. Schou, a Notary Public, proof will be submitted of the completion of works for the diversion of 3.2 cubic feet per second of the waters of a well in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 24, Twp. 6 S. R30 EBM, and of the application to beneficial use of said water, in accordance with the terms and

conditions of Permit No. G-22814 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are William E. Funk, American Falls, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 3.2 cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 3.2 cubic feet per second.

4. The place where said water is used is Southwest Quarter of Section 24, Township 6 South, Range 30, E.B.M.

5. The date of priority which said user is prepared to establish is May 27, 1952.

MARK R. KULP
State Reclamation Engineer.

Permit No. G-22814

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. William E. Funk, Power County, Idaho, Farmer,
American Falls, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. ✓

Ques. 3 State number and date of permit, and date of priority you propose to establish under the permit.

Ans. G-22814, May 27, 1952, Date of Priority May 27, 1952.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Source of water supply is a well located in Northwest corner of
SE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 24, township 6 South, Range 30 E.B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Conversions works are pump and well 165 feet in depth. Well is cased down from top with 21 inch casing a distance of 35 feet, uncased for 85 feet, and cased with 16 inch casing for 34 feet. Depth to water is 95 feet. Works are capable of conveying 3.2 sec. feet to place of use. Pump discharges 3.2 sec. feet as measured by installation crew in my presence.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used to irrigate 160 acres in SW $\frac{1}{4}$ of Section 24, Township 6 South, Range 30 E.B.M. Land is cultivated and only improvement is pumphouse.

22814

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 3.2 sec. feet

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. 3.2 sec. feet have been used for the growing season of 1952 and 1953

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

(Sign) William E. Junk

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Am. Falls, County of Power, State of Idaho, on this 29th day of May, A. D. 1954,

BOISE, IDAHO

Permit No. G-22814

Proof of Application of Water to Beneficial Use
Deposition of Witness and Completion of Work

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Fred Ruff; 38 years; Power County, Idaho; Farmer;
American Falls, Idaho

Ques. 2. Are you acquainted with William E. Funk, the holder of Permit No. G-22814? How long have you known him and where does he reside?

Ans. Yes. Known him in excess of 15 years, resides in Power County,
Idaho

Ques. 3. Have you read or heard read said Permit No. G-22814, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source of water supply is a well located in Northwest corner of
SE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 24, Township 6 South, Range 30 E.B.M. Water is
conveyed by means of a well, pump and sprinkler system.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 3.2 sec. feet; 3.2 sec. feet.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 3.2 sec. feet estimated by personal observation of works.

22814

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation upon 160 acres of SW¼ of section 24, Township 6 South, Range 30 E.B.M. The land is cultivated.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Character of land reclaimed is a sandy loam. Estimate 3.2 second feet needed for its profitable cultivation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Observed above-described 160 acres irrigated under said permit to the extent of 3.2 sec. feet of water frequently during the crop year of 1952, particularly in the last week of May, 1952.

(Signed) _____

Fred Ruff

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in American Falls, County of Power, State of Idaho, on this 29th day of May, A. BOISE, IDAHO

Permit No. G-22814

Proof of Application of Water to Beneficial Use

Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Albert Ruff--42 years--Power County, Idaho--Farmer--
American Falls, Idaho

Ques. 2. Are you acquainted with William E. Funk, the holder of Permit No. G-22814? How long have you known him and where does he reside?

Ans. Yes. Known him in excess of 17 years, resides in Power County, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-22814, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source of water supply is a well located in Northwest corner of SE¼ SW¼ Sec. 24, Township 6, South, Range 30 E.B.M. Water is conveyed by means of a well, pump and sprinkler system.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 3.2 sec. feet; 3.2 sec. feet.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 3.2 sec. feet estimated by personal observation of works.

22814

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation upon 160 acres of SW¼ of section 24, Township 6 South, Range 30 E.B.M. The land is cultivated.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Character of land reclaimed is a sandy loam. Estimate 3.2 second feet needed for its profitable cultivation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Observed above-described 160 acres irrigated under said permit to the extent of 3.2 sec. feet of water at various times during the crop years of 1952 and 1953 and particularly during the last week of May, 1952

RE: Permit No. G-22814

Messrs. Potvin & Schou
Phillips Building
American Falls, Idaho

ATTENTION: Mr. L. R. Schou

Dear Mr. Schou:

Reference is made to your letter of May 22 in regard to the procedure for making proofs of completion of works and beneficial use on Permit No. G-22814 in the name of William A. Funk.

All that will be required on May 29, the date set for proof, is for Mr. Funk and two witnesses to fill out the forms of deposition enclosed in our letter of April 24 and return to this department together with the affidavit of publication from the Aberdeen Times.

However, if you have not received the affidavit at the time the proofs are made, it will not be necessary to hold up the proof awaiting the affidavit as that can be sent later.

In regard to field inspection, that is made after the proofs have been submitted and at that time, Mr. Funk will be notified. We cannot advise as to the date at this time as it is our custom to combine a number of inspections in one area in order to save expense.

In case you may have misplaced the forms of deposition previously sent you, we enclose others.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. G-22814

Dear Sir:

In regard to your inquiry of May 5, 1954, please be advised that May 29 is suitable to our client and proofs will be taken on that day.

I am unfamiliar with your procedure in these matters, is there anything to be done by our client in connection with with the field inspection, and can you inform us as to what date such inspection will be made?

If the Aberdeen Times mails its affidavit of publication to us we will immediately forward the same to you; if they send it directly to your office, will you notify us?

Very truly yours,

RE: Permit No. G-22814

Messrs. Potvin & Schou
Phillips Building
American Falls, Idaho

ATTENTION: Mr. Gregg R. Potvin

Dear Mr. Potvin:

As per our letter of April 24, we sent to the Aberdeen Times, notice for completion of works and beneficial use proof on Permit No. G-22418 of William E. Funk, to be made on May 27, and we received an acknowledgement saying that publication would start April 29.

However, in checking their issue of April 29 we failed to find the notice and in reply to a letter calling their attention to the matter, we are advised that "the copy got hung up on the operator's stand", and it would start this week.

This makes it necessary to change the date for making proof from May 27 to May 29 in order to get in the four weeks publication.

We hope this later date will be acceptable to you and your client.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Messrs. Potvin & Schou
Phillips Building
American Falls, Idaho

ATTENTION: Mr. Gregg R. Potvin

Dear Mr. Potvin:

Reference is made to your letter of April 23rd, in regard to Permit No. G-22814 in the name of William Funk.

There is nothing in our records to show publication of this notice in the Aberdeen Times since you failed to notify us in regard to this. The notice enclosed in your letter of April 12th set May 20th, for the date for making proofs on this permit, but due to the delay occasioned between then and your reply of April 23rd, it is now too late for four weeks publication prior to May 20th, so we have changed the date to May 27th.

If this date will not be convenient to you and Mr. Funk, will you please notify us at once of a suitable date and also advise the Aberdeen Times in regard to the change.

We have sent a copy of the notice to the Aberdeen Times with instruction to publish it once a week for four consecutive weeks prior to May 27th, and to send Mr. Funk the affidavit of publication together with statement of costs.

We enclose the necessary forms of deposition to be used in making these proofs, and at the time set Mr. Funk should appear before Mr. L. R. Schou, Notary Public, together with two disinterested witnesses who are familiar with the terms of the permit and the work done there under for the purposes of executing the depositions.

RE: Permit No. G-22814

Messrs. Potvin & Shou
Phillips Building
American Falls, Idaho

ATTENTION: Mr. Gregg R. Potvin

Dear Mr. Potvin:

We have your letter of April 12 enclosing notice for publication in connection with proof of completion of works and beneficial use on Permit No. G-22814 in the name of William E. Funk.

We do not quite understand your statement that previous publication was not completed until July 30, 1953, whereas the proof ought to have been made on July 20, 1953.

Although we have not received the affidavit of publication which the Power County Press was instructed to send Mr. Funk, we do have clippings of the notice which indicate that the first publication was June 18 and the last publication July 9, 1953, which would give ample time before the date set for proof, July 20, 1953.

If the affidavit of publication shows publication to have been completed at that time we can still accept these proofs without putting Mr. Funk to the expense of re-publishing. In this event, it will be necessary to accompany the depositions of the applicant and two witnesses with your own affidavit to the effect that your office was open at the time set for proof and that no protests were filed (if such is the case) and that the taking of the proofs was postponed to the later date.

Very truly yours,

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A.M., on the 26th 27th
day of May, 1954, at Aberdeen, County of
Bingham State of Idaho, before L. R. Schou, Public
proof will be submitted of the completion of works for the diversion of 3.2
cubic feet per second of the waters of a well in the SE 1/4 SW 1/4, Sec. 24, TWP. 6 S, R. 30, E. B. M. and of
the application to beneficial use of said water, in accordance with the terms and
conditions of Permit No. G-22814 heretofore issued by the Department of Reclama-
tion of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are William E. Funk, American Falls, Idaho
2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 3.2 cubic feet per second.
3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 3.2 cubic feet per second.
4. The place where said water is used is Southwest Quarter of Section 24, Township 6 South, Range 30, E. B. M.
5. The date of priority which said user is prepared to establish is May 27, 1952.

July 6, 1953

RE: Permits Nos. 21835, G-22814, and 21492

Power County Press
American Falls
Idaho

Gentlemen:

We have checked the notices in connection with the above numbered permits in the names of Roy Zaring, William E. Funk and William D. Smith, appearing in your issue of July 2, 1953, which reached us this afternoon, and find a few slight typographical errors which please correct in your final issue of July 9, 1953.

They are as follows: In the notices on Permits Nos. 21835, Roy Zaring, and G-23814, William E. Funk, the word corporation in the second line of the second paragraph is misspelled.

In the notice on Permit No. 21492 of William D. Smith, we find two errors as follows: In the eighth line of the first paragraph, the word "the" is omitted between the words "of" and "waters."

In the first line of the fourth paragraph, the word "amount" is misspelled.

Of course, none of these errors are of any great consequence, but it is unfortunate that we did not have a copy of the first issue in order that they might have been corrected before the errors appeared three times.

Very truly yours,

RE: Permit No. G-22814

Mr. William E. Funk
Route 1
American Falls, Idaho

Dear Mr. Funk:

We enclose Permit No. G-22814 together with department receipt No. 24500 for the \$5.75 filing fee.

In Mr. Sparks' letter transmitting your application, he stated that you would like to make proof of completion of works at once. Under the terms of Senate Bill No. 200 of the 1951 Session Laws, proof of completion of works and beneficial use on underground filings are made at the same time. If the water has been completely applied for the irrigation of the land described, these proofs can be made at any time although we have allowed two years or until June 3, 1954, in which to make the proofs.

We enclose a form of notice for the statutory four weeks' publication before making these proofs. This form should be made out in duplicate, setting time and place and naming the Notary Public before whom proof is to be made, and both copies returned to this department together with Form 11 which is your authorization for us to have the notice published in the designated county newspaper in Bingham County.

We shall then send a copy of the notice to the designated newspaper with instructions in regard to publishing.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
