State of Idaho

License and Certificate of Water Right

Water License No. G-22583

Amount 2.32 second feet

Water District No.

Priority February 4, 1952

THIS IS TO CERTIFY that JOHN RAST
of American Falls, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated February 4, 1952; that Permit No. G-22583
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
2.32 second feet, was issued thereunder on June 23, 1953, showing that said works
were completed on the 6th day of April, 1953; and that on the 6th
day of April, 1953,

JOHN RAST

of American Falls, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of a well

~~XXXXXXXXXX~~ (subterranean flow), for the purpose of irrigation

, under Use Permit No. G-22583 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
8 of Licenses at page 5094, on the 23rd day of June, 1953;

The right hereby confirmed dates from February 4, 1952;

The Point of Diversion is located

in the NE 1/4 SW 1/4, Sec. 21, Tp. 7 S., R. 30 E., B. M. Power

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 2.32 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
E. S.	30 E.	21	NE SW $\frac{1}{4}$	40	40
			NW SW $\frac{1}{4}$	40	40
			SW SW $\frac{1}{4}$	40	40

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G-30325
Permit No. G- 22583
District No.

1. Name of Applicant: **JOHN RAST**
Postoffice address: **American Falls** County: **Power** State: **Idaho**
2. Quantity of water claimed:
 - (a) Rate of withdrawal in cubic feet per second. **6.40** or Idaho
Miners' inches **320** or gallons per minute.
 - (b) Annual withdrawal in acre feet per annum
3. Source of water supply: **Well (subterranean flow)**
Southeast corner of the
4. Location of point of diversion or well is in the **NE** $\frac{1}{4}$ of the **SW** $\frac{1}{4}$ of Section **21**
Twp. 7 S. , Rge. **30 E.** , B.M., County of **Power**
5. Water is to be used for: **Irrigation**
6. If for municipal, industrial or recreational purposes, give:
 - (a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
Rge. , B.M.
 - (b) Waste water or sewage effluent is to be returned to
at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B.M.
7. Kind of works: **Well and sprinkler system**
8. Estimated cost of works: **\$ 20,000.00**
9. (a) Is reservoir to be used? **No**
(b) Capacity of reservoir: **No reservoir**
10. The time required for the completion of such work and complete application of the water to the proposed use is **One (1)** years.
11. If applicant is a corporation, give:
 - I. (a) Date and place of incorporation:
(b) Amount of capital stock: \$ (c) Amount paid in: \$
(d) Names and addresses of directors:
 - II. The financial resources of the applicant are (a) Cash on hand: \$
(b) Treasury stock: (c) Bonds to be issued:
(d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: **None**
 - (a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) (cubic feet per second, inches or gallons per minute) is for new lands.

BE IT KNOWN THAT The undersigned hereby makes appli cation for permit to appropriate the public waters of the State of Idaho as herein set forth.

Applicant.

RE: Permit No. G-22583

Mr. John Rast
American Falls
Idaho

Dear Mr. Rast:

We enclose Certificate of Completion of Works, also License and Certificate of Water Right issued under Permit No. G-22583, confirming your right to the use of 2.32 second feet of water from a well in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 21, Township 7 South, Range 30 East, B.M., with priority of February 4, 1952, for the irrigation of the SW $\frac{1}{4}$ and W $\frac{1}{2}$ SE $\frac{1}{4}$ of said Section 21.

We also enclose departmental receipt No. 26010 for the \$17.00 fees paid in connection with proof of completion of works and license.

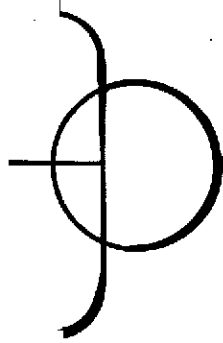

Very truly yours,

MARK R. KULP

RE: Permit No. G-22583

Mr. John Rast
American Falls
Idaho

Dear Mr. Rast:

The report of our field engineer on examination for completion of works and beneficial use on Permit No. G-22583, shows that your well in the NE¹/₄ SW¹/₄ Section 21, Township 7 South, Range 30 East, B.M., will deliver 116 inches of water and that you have irrigated 240 acres of land in the SW¹/₄, W¹/₂ SE¹/₄ of said section.

Therefore, upon receipt of the statutory fees, Certificate of Completion of Works and License will be issued for 2.32 second feet, or 116 inches of water from said well. The fee for completion of works is \$5.00, and license fee is \$12.00, being at the rate of \$2.00 for each 40 acre subdivision in which the land is located.

Very truly yours,

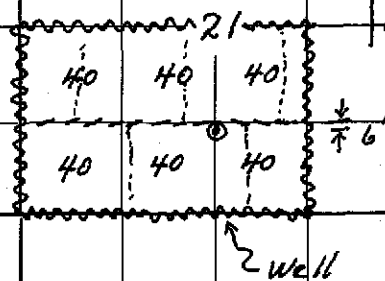

MARK R. KULP
State Reclamation Engineer

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty, and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

RE: Permit No. G-22583

Mr. John Rast
American Falls
Idaho

Dear Mr. Rast:

State Law requires that an inspection be made in connection with any water permit ready for license.

We hope to make the inspection in connection with your Permit No. G-22583 either Friday evening, June 12, or early Saturday morning, June 13, 1953. I will try to get in touch with you by phone before coming out, but in case I am unable to get you I will drive to the place listed in the permit, Section 21, Township 7 South, Range 30 East, B.M.

Please be prepared to accompany me on the inspection.

Very truly yours,

MARK R. KULP

RE: G-22583

Mr. John Mast
American Falls, Idaho

Dear Mr. Mast:

We have received from Mr. T. O. Sparks, Notary Public, the deposition of yourself and two witnesses, also affidavit of publication in the Power County Press, all submitted in proof of completion of works and beneficial use under Permit No. G-22583.

Before final action is taken the law requires that a field examination be made by an engineer of this department.

We cannot tell just when this examination can be made, but our field engineer will try to contact you at the time he makes the examination so that you may arrange to show him over the ground.

Very truly yours,

Permit No. G-22583...

Proof of Application of Water to Beneficial Use
and Completion of Works

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. John Rast, Residence: American Falls, Idaho, Occupation: Farmer.
Post Office Address: American Falls, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Acting for myself as an individual. Not for a corporation.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. G-22583, dated February 6th, 1952.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean Well. In the SE corner of the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 21, Township 7 South, Range 30 East of the Boise Meridian.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Deep well, 255 ft. deep; not cased; Depth to water: 195 feet.
Deep well turbine pump, discharging 6.4 cu ft. per second. Discharge was estimated by George Welch, pump engineer for Michener & Wilson, pump dealers, and dealers in sprinkler irrigation equipment.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation. 240 acres in all is irrigated and were fully irrigated during all of the 1952 irrigation season. Following subdivisions were irrigated 100%, to-wit: NW $\frac{1}{4}$ SE $\frac{1}{4}$, SW $\frac{1}{4}$ SE $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$, SE $\frac{1}{4}$ SW $\frac{1}{4}$, NW $\frac{1}{4}$ SW $\frac{1}{4}$ and SW $\frac{1}{4}$ SW $\frac{1}{4}$, all in Section 21, Township 7 South, Range 30 East of the Boise Meridian. Land is cultivated, and not natural meadow land. Improvements consist entirely of bringing this entire tract under irrigation and cultivation as irrigated land. Land was formerly entirely dry farm land. Total acres irrigated: 240.

22583

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Not for any other purposes.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 4.8 cu. ft. per second.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I am the holder and owner of the original permit.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. I commenced irrigation of this entire 240 acre tract on May 1, 1952, by pumping through surface piping and sprinklers for the entire 1952 irrigation season; I produced and harvested an irrigated crop on 160 acres and 80 acres irrigated and prepared for seeding in fall of 1952.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None whatever. This land has been farmed as dry land for past 40 years or more prior to this irrigation in 1952.

(Sign)

John Rant

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in American Falls, County of Power, State of Idaho, on this 6th day of April, A. D. 1952,

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Edward Rasti; Age: 50 yrs. Residence: American Falls, Idaho
Occupation: Farmer. Post Office Address: American Falls, Idaho.

Ques. 2. Are you acquainted with John Rast, the holder of Permit No. G-22583, Yes? How long have you known him and where does he reside?

Ans. I have known him all his life. He resides near American Falls, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-22583, Yes, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Deep well. Point of Diversion: SE corner of NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 21, Twp. 7 S., R. 30 E., B.M. Works consist of a deep well, 255 feet deep, a turbine pump, electric drive, discharging into pipes leading to overhead sprinklers on the ground to be irrigated.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 4.8 second feet.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 4.8 cu. ft. per second. I am developing a similar installation myself, and am taking into consideration also the estimate of the pump engineer who installed this pump and who has watched its operation during 1952 irrigation season.

22583

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation only. Water was applied and used in 1952 on the entire 40 acres of each of the following legal subdivisions, to-wit:

NW $\frac{1}{4}$ SE $\frac{1}{4}$; SW $\frac{1}{4}$ SE $\frac{1}{4}$; NE $\frac{1}{4}$ SW $\frac{1}{4}$; SE $\frac{1}{4}$ SW $\frac{1}{4}$; NW $\frac{1}{4}$ SW $\frac{1}{4}$ and SW $\frac{1}{4}$ SW $\frac{1}{4}$, all in Sec. 21, Twp. 7-S., R. 30-E., B.M. All is cultivated land. Improvements consist solely of application of irrigation water to the entire tract.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Not for power purposes. Not for any other purposes except irrigation.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Slightly rolling, light soil. It needs 1 in. per acres for profitable irrigation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None whatever.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I own and operate a farm close to this farm and have observed the development of this irrigation system from its inception to the date hereof. I witnessed the irrigation of this tract during the 1952 irrigation season.

(Signed)

Edward Rust

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in American Falls, County of Power, State of Idaho, on this 6th day of April, A. D. 19 53.

W. J. Rust

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. G-22583.....

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. A.E. McIlveen, Age: 35, Residence: American Falls, Idaho.
Occupation: Manager Idaho Power Company, American Falls Office.
P.O. Address: American Falls, Idaho.

Ques. 2. Are you acquainted with John Rast, the
holder of Permit No. G-22583 Yes? How long have you known him and where does
he reside?

Ans. I have known him
He resides 7 miles West of American Falls, Power County, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-22583, Yes, and are you
familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for con-
veying water from point of diversion to place of use.

Ans. Subterranean well. Point of diversion: SE corner of NE $\frac{1}{4}$ SW $\frac{1}{4}$ of
Sec. 21, Twp. 7 South, Range 30 E., B.M. Works consist of a deep well,
255 feet deep, a turbine electrically driven pump, discharging into
pipe leading to overhead sprinklers on the ground to be irrigated.

Ques. 5. How many second feet of water do you estimate said works will safely con-
duct to place of use, and how much water have you seen being so conveyed?

Ans. 4.8 cu. ft. per second.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons
per minute have you seen the pump deliver, and how did you measure or estimate the
amount?

Ans. 4.8 cu. ft. per second. Estimated by me from close association
in the development of like irrigation systems in my company territory, and
the statement of the engineer observing Mr. Rast's operation.

22583

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use. Total irrigated: 240 acres.

Ans. Irrigation only. I have observed the complete irrigation of the entire tract applied for, which included 40 acres in each of the following subdivisions, to-wit: NW $\frac{1}{4}$ SE $\frac{1}{4}$; SW $\frac{1}{4}$ SE $\frac{1}{4}$; NE $\frac{1}{4}$ SW $\frac{1}{4}$; SE $\frac{1}{4}$ SW $\frac{1}{4}$; NW $\frac{1}{4}$ SW $\frac{1}{4}$ and SW $\frac{1}{4}$ SW $\frac{1}{4}$, all in Sec. 21, Twp. 7 S., R. 30, E., B.M. This land, all of it, has been cultivated and farmed formerly as dry farm land. Improvements consist of application of water to entire tract.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. For irrigation only.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Gently rolling, easily farmed contour, good productive light soil. At lease 1 in. per acre of water is required for profitable irrigation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None whatever.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have cooperated closely with Mr. Rast in the construction and application of electricity to his pump motor, as he buys current from Idaho Power Co., for whom I work. I have seen at least 1 in. per acre of water applied to this entire tract several times during the 1952 irrigation season.

PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO, March 27, 1953

Re: Permit No. G-22583
John Rast

Mr. T. C. Sparks
Notary Public
American Falls, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. G-22583

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On April 6, 1953, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at American Falls, Idaho before T. C. Sparks, Notary Public
2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly.

MARK E. RULP
Commissioner of Reclamation.

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 3:00 M., on the 6th day of April, 19 53, at American Falls, County of Bonner State of Idaho, before S. C. Sparks, Notary Public proof will be submitted of the completion of works for the diversion of 6.4 cubic feet per second of the waters of a well in NW 1/4 Sec. 21, Twp. 7, South, Rgs. 30 and 31 E.B.M. the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. 22583 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are John East, American Falls, Idaho
2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 6.4 cubic feet per second.
3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 6.4 cubic feet per second.
4. The place where said water is used is S 1/2 Section 21, Township 7 South, Range 30 East, E.M.
5. The date of priority which said user is prepared to establish is February 4, 1952.

MARK R. KULP

State Reclamation Engineer

22583

Permit No. 225-83

Application for Extension of Time FOR COMPLETION OF WORKS

John Rast, of American Falls
State of Idaho, being first duly sworn, upon his oath deposes and says:

He is the owner and holder of Permit to Appropriate the Public Waters of the State of Idaho
No. 225-83

Under the terms and conditions of said permit, construction work thereunder was required to be
completed by Feb, 6, 1953

That he has heretofore performed the following work described under said permit.....

Drilled a well 20" hole, 255 ft. deep; Installed a 100 HP Fairbanks Morse Deep
well turbine; Installed main line sprinkling system, 6" and 8" diameter coathed
steel pipe, 3/4ths mile in length; 1 mile of 4" aluminum laterals; cultivated and
irrigated and raised a crop on 160 acres of land in the 1952 crop season.

costing \$22,000.00.....

That he is unable to complete the remainder of the work within the required time, for the fol-
lowing reasons, to-wit:

Work is completed, but through misunderstanding I will require this extension
in order to make Proof of Completion of Works and Application of Water to
beneficial use.

WHEREFORE, He asks that the Commissioner of Reclamation extend the time for the comple-
tion of works under said permit to April 6th, 1953.

Subscribed and sworn to before me this 24th day of February, 1953.

My commission expires October 22nd, 1955. Residing at American Falls, Idaho.
Notary Public.

Date of receipt at office of Department of Reclamation Feb. 25-1953

STATE RECLAMATION ENGINEER
APPROVAL OF COMMISSIONER OF RECLAMATION
State Reclamation Engineer

I, Mark R. Kulp, Commissioner of Reclamation of the State of Idaho, hereby extend the time for the com-
pletion of construction work under Permit to Appropriate the Public Waters of the State of Idaho, No. 22583 to

April 6, 1953

Witness my hand this 26th day of February, 1953

February 21, 1953

Re: Permit No. 22583

Mr. John Rast
American Falls, Idaho

Dear Mr. Rast:

We shall send to the Power County Press notice for proof of completion of works and beneficial use on your Permit No. 22583, with instructions to publish it once a week for four consecutive weeks prior to April 6, 1953, the date set for making proof, and to send you the affidavit of publication, together with statement of costs.

If you will refer to the permit you will see that while it is true that proof of beneficial use is not actually due until February 6, 1954, the proof of completion of works was due February 6, 1953, so it is already delinquent. It is therefore, very necessary that you request an extension of time for making this proof, if the permit is to be continued in good standing.

At the time set for making proof, you should appear before Mr. Sparks, together with two disinterested witnesses, who are familiar with the terms of the permit, and the work done thereunder, for the purpose of executing depositions, forms for which will be sent Mr. Sparks.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RE: Permit No. 22583

RECEIVED
FEB 21 1953
Department of Reclamation

Mr. John Rast
American Falls
Idaho

Dear Mr. Rast:

We are in receipt of duplicate notice for proof of completion of works and beneficial use on Permit No. 22583, to be made at 3:30 p.m., on March 6, 1953.

However, this notice is not made out exactly right and besides, March 6 does not allow sufficient time for the statutory four weeks' publication. We have made out this form in accordance with the permit except that we have left the date blank. If you will set another date far enough in advance to allow for the four weeks' publication and return the copy to us, we shall send same to the Power County Press with instructions in regard to publishing.

Moreover, since this proof was due on or before February 6, 1953, which time is now past, it will be necessary for you to apply for an extension of time on the form enclosed.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
