Notice for Publication NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 11:00 A.M. on the 7th day of July, 1951, at American Falls, County of Power, State of Idaho, before T. C. Sparks, Notary Public, 214 Idaho Street, proof will be submitted of the application to beneficial use of 2 cubic feet per second of the waters of a drilled well in accordance with the terms and conditions of Permit No. 22066 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Joseph Mayer, Route No. 1 American Falls, Idaho.

The use to which said water has been applied is Irrigation.

The amount applied to beneficial use is 2 cubic feet per second.

The place where said water is used: All of the E $\frac{1}{2}$ SE $\frac{1}{4}$ and approximately 20 acres of the W $\frac{1}{2}$ SE $\frac{1}{4}$, all in Section 10, Township 7 South, Range 30 East of the Boise Meridian, in Power County, Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of use is from drilled well, by 8" pipe and open ditch, not named.

The right to take water from such works is based upon Permit No. 22066.

The source of supply from which such water is diverted is a drilled well, 150 feet in depth, in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 10, Twp 7 South, Range 30 East, B. M.

The date of priority which said user is prepared to establish is May 3, 1951.

MARK R. KULP
State Reclamation
Engineer.

APPLICATION FOR PERMIT
To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 29800
PERMIT No. 22066
DISTRICT No.

1. Name of Applicant: **JOSEPH MAYER**

Postoffice address: **American Falls**

County: **Power**

State: **Idaho**

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand:
- (b) Treasury stock:
- (c) Bonds to be issued:
- (d) Other resources:

2. Quantity of water claimed: **Two (2.00)** cubic feet per second.

3. Source of water supply: **150 ft. deep well** which is a tributary of

4. Location of point of diversion **Approx. 650 ft. N.** feet distant from the **S. E.**

corner of Section **10**, T. **7 S.**, R. **30 E.**, B.M., and is in the **SE $\frac{1}{4}$ SE $\frac{1}{4}$**

of Section **10**, T. **7 S.**, R. **30 E.**, B.M., County of **Power**

5. Water is to be used for **Irrigation**

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section
T. , R. , B.M., in the of Section , T. , R. , B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet
distant from the corner of Section , T. , R. , B.M., in the
of Section , T. , R. , B.M.

7. Estimated cost of works: \$ **6,500.00**

8. Kind of works: **Deep well, cased 90', total depth 150'- Cook 8" turbine pump**

9. Height of dam feet; length of dam at top feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom **1 $\frac{1}{2}$** feet; width at water line **2 $\frac{1}{2}$** feet; depth of water **1** feet;
dimensions of flume:

Diameter of pipe inches; length of conduit miles.

Average grade per mile feet.

12. The time required for the completion of such work is **Work is /** **practically completed** years.

13. The time required for the complete application of the water to the proposed use is **one month** ~~additional~~ years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: **None**

16. (a) Is reservoir to be used? **No** If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

JOSEPH MAYER

Applicant.

March 22, 1983

Mr. Joseph Mayer
Rt. 1, Box 66
American Falls, ID 83211

Dear Mr. Mayer:

In your letter of March 10, 1983, you accurately described water rights, Nos. 27281/35-2530, 22066/35-2197, 32161/35-2745, 31735/35-2733, and 32162/35-2746, which are on record with this department in the form of valid licenses.

Licensed rights are considered real property and appurtenant to the lands. Ownership of the licensed rights are evidenced by ownership of the lands. Therefore, no further action on your part is required as long as you continue to use the water in compliance with the rights.

If you have any questions or need additional assistance, please do not hesitate to contact us.

Sincerely,

ROBERTA GARRETT
Records Supervisor

22066

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 22066

This proof is for Beneficial use In Water District No. _____

1. Name of applicant Joseph Mayer, Route 1, American Falls, Idaho

2. Source of water supply: Subterranean flow from a well

3. Location of point of diversion: Is in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 10

T. 7 South R. 30 East County of Power

4. Describe works as they exist, giving dimensions and capacities of same: There is a good pump house 5' by 6 $\frac{1}{2}$ ' by 6' high, concrete base. Well is 150' deep by 16" diameter, cased down 9'. 10" bowls, 3 stage, 8" column. Static H. 120', draw down unknown, but estimated at 5'. 40 h.p. U.S. motor, 220 V. 98 amps, 1800 r.p.m. No. 860510. Pump is A.D. Cook No. 3352. Delivery is to the South into a concrete standpipe into open dike ditches. There is also a sprinkler system used in conjunction with this on part of the land. There is a 25 h.p. booster pump in the center of the field for the sprinkler system. Spinkler is used on West 80 and a slight amount on the SE 40. T= 54° F. Q= 112" measured through Sparling meter.

Pump bowls in bottom of well.

5. Water is used for: Irrigation

6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

Southeast Quarter Section 10, Twp. 7 South, Range 30 East, B. M.

See Map

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: _____

This examination was made on the 7th day of August, 19 53.

RE: Permit No. 22066

Mr. Joseph Meyer
American Falls
Idaho

Dear Mr. Meyer:

We have your letter of November 15, 1952, inquiring as to license on Permit No. 22066, final proof of which was made July 7, 1951.

We regret that through an oversight, your well was not inspected at the time other inspections were made in your neighborhood.

It is now so late in the season that an inspection will not be made until next spring at which time our field engineer will try and contact you.

The delay in issuing the license will in no way affect your priority.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Mark B. Hulp.
State Reclamation Eng.

Dear Sir;

I am writing in regards to the Underground water licence I applied for on May 3, 1951. (Permit No. 22066) I have received my permit and Certificate of Completion of Works, but that is all.

Your letter of July 10, 1951 stated that a field examination will be made before the licence are issued. To my knowledge this examination has not been made, nor have I heard anything on the matter. A. R. Kramer of American Falls filed on Underground water the same time I did, and he has received his licence. I was wondering why my licence is being delayed.

Your answer will be appreciated.

Yours truly,

Joseph Mayer
American Falls,
Idaho.

Re: Permit No. 22066

Mr. T. C. Sparks
Notary Public
American Falls, Idaho

Dear Mr. Sparks:

We acknowledge receipt of your letter of July 7, 1951, enclosing depositions of Joseph Mayer and two witnesses, also Affidavit of Publication in the Power County Press; all submitted in Proof of Beneficial Use under Permit No. 22066.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this Department.

We cannot say just when this examination will be made as this Department has but one Field Engineer who makes examinations all over the State.

However, he will try to contact Mr. Mayer at the time the examination is made so that arrangements may be made to show him over the grounds.

There is no fee required at this time, but when the report of our Field Engineer has been filed, we shall notify Mr. Mayer in regard to same, which will be at the statutory rate of \$2.00 for each 40 acre subdivision in which his irrigated land is located.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Mr. Mark R. Kulp
State Reclamation Engineer
State House,
Boise, Idaho

PERMIT No. 22066;

Dear Mr. Kulp: RE PROOF OF APPLICATION - JOSEPH MAYER

I am enclosing herewith the following
papers in connection with the above proof, to-wit:

1. Deposition of Holder (Joseph Mayer);
2. Deposition of Witness (George Funk);
3. Deposition of Witness (Paul Vollmer);
4. Proof of Publication.

The booklet which you sent to Mayer has been mislaid
by the undersigned and I am not certain as to whether or
not a fee is required with this filing, or if so, how much.
If you will advise Joseph Mayer, Rt. #1, American Falls,
Idaho regarding this, he will immediately mail you check
to cover.

Very truly yours,

T.C. Sparks, Notary Public,
American Falls, Idaho.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 22066

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Joseph Mayer, Farm 6 miles NW of American Falls, Idaho.
Occupation: Farmer. P.O. Address: Rt. #1, American Falls, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Not a corporation.

Ques. 3 State number and date of permit, and date of priority you propose to establish under the permit.

Ans. No. 22066, Dated: May 5, 1951. Priority date: May 3, 1951.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean: Deep Well 650' from South line of SE $\frac{1}{4}$ SE $\frac{1}{4}$ and just inside (about 40') inside East line of SE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 10, T. 7 S., R. 30 E., B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Deep Well, 150' deep. Cased first 90 ft. with 16 in. steel casing. It is 115 ft. to water. Cook 8 in. Turbine Pump, discharges 1080 gals. per minute. Conveyed from well location to point of use by ditches totaling approx 4100 ft. in length. Ditches are 2 $\frac{1}{2}$ ft. wide at top water line, 1 $\frac{1}{2}$ ft. wide at bottom, and 1 ft. deep. No name for ditches. Pump discharge was measured with a wood weir. Ditches will carry 120 inches or more of water from well to points of use.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Irrigation use, in:

Ans. 40 acres in NE $\frac{1}{4}$ SE $\frac{1}{4}$; 40 acres in SE $\frac{1}{4}$ SE $\frac{1}{4}$; approx 10 acres in SW $\frac{1}{4}$ SE $\frac{1}{4}$; approx 10 acres in NW $\frac{1}{4}$ SE $\frac{1}{4}$ all in Sec. 10, T. 7 S., R. 30 E., B.M. This was cultivated dry farm land, and the improvements made have been the completion of the well, casing, pump, ditches, and the application of the water to the above land, transforming it from dry farm land to irrigated land, increasing the land value and also increasing the income from farming operations.

22066

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Not for any other purposes.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. -----

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I am the person to whom above mentioned permit was originally issued.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. First application of water for irrigation was made about June 4, 1951, and has been continuously applied to entire 100 acres from that date to the date hereof. By operation of the pump and the conveyance of water by ditch to the land. I have been pumping about 120 inches of water to the entire 100 acres during this period.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. There has never been any water other than this well diverted from any other source. The land has been dry farmed exclusively since patented up to the time I installed these works for which License is sought.

(Sign) Joseph Mayer

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in American Falls, County of Power, State of Idaho, on this 7th day of July, A. D. 1951,

H. P. Smith, Notary Public,
Residing at American Falls, Idaho.

License and Certificate of Water Right

Water License No. 22066

Amount Two Second Feet

Water District No.

Priority May 3, 1951

THIS IS TO CERTIFY that JOSEPH MAYER
of American Falls, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated May 3, 1951; that Permit No. 22066
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
Two (2) second feet, was issued thereunder on June 9, 1951, showing that said works
were completed on the 2nd day of June, 1951; and that on the 7th
day of July, 1951,

JOSEPH MAYER
of American Falls, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of a well
~~and~~ (subterranean flow) for the purpose of irrigation
under Use Permit No. 22066 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
8 of Licenses at page 5123, on the 24 day of August, 1953;
The right hereby confirmed dates from May 3, 1951;
The Point of Diversion is located

In the SE 1/4, SE 1/4, Sec. 10, Tp. 7 S., R. 30 E., B. M. Power County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed Two (2) cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
7 S.	30 E.	10	NE 1/4 SE 1/4)	100	40
			NW 1/4 SE 1/4)		40
			SW 1/4 SE 1/4)		30
			SE 1/4 SE 1/4)		40
			Number of Acres Actually Irrigated - - -		150

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place
of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this

24th day of August, 1953.

BOISE, IDAHO

Permit No. 22066

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Paul Vollmer. Age 48. Aberdeen, Idaho. Well Driller, Aberdeen, Idaho.

Ques. 2. Are you acquainted with Joseph Mayer, the holder of Permit No. 22066? How long have you known him and where does he reside?

Ans. Yes. 15 years. Approx. 6 miles NW of American Falls, Idaho.

Ques. 3. Have you read or heard read said Permit No. 22066, and are you familiar with its provisions and conditions?

Ans. Yes. I am completely familiar with its provisions and conditions.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. 150' Deep Well, subterranean, Diverten in SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 10, T. 7 S., R. 30 E., B.M. Conveyed from point of diversion to place of use by ditches 2 $\frac{1}{2}$ ' wide on top, 1 $\frac{1}{2}$ ft. wide on bottom, and 1 ft. deep.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 120 inches. I have actually observed this amount so conveyed.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 120 miner's inches. This I helped measure with a wood weir. I am a professional well driller and work with such matters all of the time.

22066

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. For Irrigation, as follows: 40 acres in NE $\frac{1}{4}$ SE $\frac{1}{4}$; 40 acres in SE $\frac{1}{4}$ SE $\frac{1}{4}$; about 10 acres in SW $\frac{1}{4}$ SE $\frac{1}{4}$; about 10 acres in NW $\frac{1}{4}$ SE $\frac{1}{4}$, all in Sec. 10, T. 7 S., R. 30 E., B.M. 100 acres total land irrigated. Land was cultivated dry farm land. Improvement consists in bringing under cultivation 100 acres of first quality dry farm land.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Not for any other purposes.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land is light loam, volcanic. Lies in excellent slope for good irrigation. Requires at least 100 miner's inches for profitable cultivation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None whatever, No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I drilled this well in Aug., 1950. I finished it in 2 weeks. ~~Since~~ Since drilling I installed the casing, run tests, and during spring of 1951 I installed the pump and have seen the same in operation at least 20 times, since it started to deliver water to the ditches and to all of the land described in question No. 7.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 22066

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. George Funk, Age 60, Farmer, American Falls, Idaho.

Ques. 2. Are you acquainted with Joseph Mayer, the holder of Permit No. 22066? How long have you known him and where does he reside?

Ans. 6 years. He resides about 6 miles NW of American Falls, Idaho.

Ques. 3. Have you read or heard read said Permit No. 22066, and are you familiar with its provisions and conditions?

Ans. Yes, I am familiar with the entire set up.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Deep Well, subterranean. SE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 10, T. 7 S., R. 30, E., B.M. Open ditches, from well to land to be irrigated. Ditches are approximately 2 $\frac{1}{2}$ ft. wide at water line, 1 $\frac{1}{2}$ ft. wide on bottom, and 1 ft. deep.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. More than 2.0 cu. ft. per second. I have seen more than 2.0 cu. ft. per second being so conveyed from pump to land.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I have owned and operated irrigated land, and I estimate from my experience as an irrigator that the pump was delivering in excess of 100 miner's inches of water during the numerous times I have seen it in operation.

22066

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation, as follows: NE $\frac{1}{4}$ SE $\frac{1}{4}$, 40 acres; SE $\frac{1}{4}$ SE $\frac{1}{4}$, 40 acres; NW $\frac{1}{4}$ SE $\frac{1}{4}$, approx. 10 acres; SW $\frac{1}{4}$ SE $\frac{1}{4}$, approx. 10 acres, all in Sec. 10, T. 7 S., R. 30, E., B.M., Total of 100 acres. Land was cultivated dry farm land, and the improvement resulting from this use is the application of ample water to excellent dry farm land.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Not for other purposes.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Volcanic ash, with excellent slope for irrigation. The amount of water required for its profitable cultivation is not less than 100 miner's inches.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No, none whatever.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen the well started, the drilling and installation of casing pump and motor completed, and have seen the pump in operation and water being conveyed to the land at least a dozen times.

Notice for Publication NOTICE OF PROOF APPLI- CATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 11:00 A.M. on the 7th day of July, 1951, at American Falls, County of Power, State of Idaho, before T. C. Sparks, Notary Public, 224 Idaho Street, proof will be submitted of the application to beneficial use of 2 cubic feet per second of the waters of a drilled well in accordance with the terms and conditions of Permit No. 22066 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Joseph Mayer, Route No. 1 American Falls, Idaho.

The use to which said water has been applied is Irrigation.

The amount applied to beneficial use is 2 cubic feet per second.

The place where said water is used: All of the E $\frac{1}{4}$ SE $\frac{1}{4}$ and approximately 20 acres of the W $\frac{1}{4}$ -SE $\frac{1}{4}$, all in Section 10, Township 7 South, Range 30 East of the Boise Meridian, in Power County, Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of use is from drilled well, by 8" pipe and open ditch, not named.

The right to take water from such works is based upon Permit No. 22066.

The source of supply from which such water is diverted is a drilled well, 150 feet in depth, in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 10, Twp 7 South, Range 30 East, B. M.

The date of priority which said user is prepared to establish is May 3, 1951.

Dear Mr. Mayer:

We acknowledge receipt of your letter of June 2, 1951, enclosing your Proof of Completion of Works under Permit No. 22066, together with the \$5.00 fee in connection therewith; also Notice of Beneficial Use Proof to be made on this Permit before T. C. Sparks, Notary Public, on July 7, 1951. *csab*

Your Proof of Completion of Works is returned herewith, in order that you may more fully describe the well as to size and casing and also describe the pump if the pump has been installed, as called for in the Permit.

Meanwhile, we have sent to the Power County Press, Notice of Beneficial Use Proof to be made on July 7, 1951, with instructions to publish it once a week for four consecutive weeks prior to that date, and to send you the Affidavit of Publication, together with statement of costs.

We shall send Mr. Sparks the necessary forms of deposition to be used in making this proof, consisting of one for yourself and one for each of two witnesses, and at the time set, you should appear before him together with two disinterested witnesses who are familiar with the terms of the Permit and the work done thereunder for the purpose of executing the depositions.

STATE OF IDAHO
Department of Reclamation

Proof of Completion of Works

AFFIDAVIT OF HOLDER

STATE OF IDAHO

County of POWER

ss.

JOSEPH MAYER

, being first duly sworn, upon his oath deposes and says:
First: That he is the holder and owner of Permit to appropriate the Public Waters of the State of Idaho, No. 22066, and that his postoffice address is American Falls, State of Idaho, Route #1.

Second: That the name of the stream which said water is to be directed is Subterranean, - Drilled Well.

Third: That the point of diversion of said water is 650 feet North of the SE corner of Section 10, Township 7 South, Range 30 East, B.M.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by August 5th, 1951.

Fifth: That the use for which said water is intended is Irrigation.

Sixth: That on the date above mentioned, the works constructed under said permit were (or were not) fully completed and consisted of the following:

- I. Kind of works: Drilled Well, discharging into 8" pipe and ditches.
(Reservoir, dam, ditch, flume, pipe or otherwise)
- II. Dimensions of work: Drilled Well, 150 feet in depth.

(a) Height of dam --- feet, length of dam at top --- feet, length of dam at bottom --- feet. Material used in construction ---

(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir None acre feet.

(c) Size of headgate: Width None feet, height --- feet.

(d) Conduit ditch width at bottom $1\frac{1}{2}$ feet, width at water line $2\frac{1}{2}$ feet, depth of water 1 feet; diameter of pipe 8 inches/average grade per mile is 6 feet. Length of conduit is 1 miles.
(State whether ditch, flume or pipe) at well discharge.

Seventh: That said works are capable of conducting to the place of intended use 2 second feet of water.

Eighth: That water appropriated under said permit is available for 100 acres of land described as follows: All of the E $\frac{1}{4}$ SE $\frac{1}{4}$ and approximately 20 acres of the W $\frac{1}{4}$ SE $\frac{1}{4}$, all in Section 10, Township 7 South, Range 30 E., B.M., in Power County, Idaho.

Ninth: Remarks: That Total depth of well, 150 ft. Cased for 90 ft. with 16 in. steel casing, remaining 60 ft. is in lava rock. Well is an 18 in. diameter hole. Pump is installed and operating. It is an A.D. Cook Deep Well Turbine pump, equipped with a 40 HP U.S. Motor. The pump is 8" size pipe discharge, with 3-stage, 10 in. Impellers.

Re: Permit No. 22066

Mr. Joseph Mayer
Rt. 1
American Falls, Idaho

Dear Mr. Mayer:

We enclose Permit No. 22066, together with Departmental Receipt No. 23325 for the \$5.25 filing fee.

Since only 100 acres are to be irrigated, this Permit could only be approved for 100 inches or two (2) second feet of water which is the maximum allowed by Statute for irrigation purposes.

Since your application states that the works are practically completed and that an additional one month will be required for making Beneficial Use Proof, we have allowed three months or until August 5, 1951 within which to make both of these proofs.

The first proof, or proof of completion of works, should be made on Form 6 enclosed, executed before a Notary Public and returned to this Department with the statutory fee of \$5.00.

The statutes require publication of a notice in a county newspaper for four consecutive weeks prior to making proof of beneficial use. This notice should be made in duplicate on Form 10, setting time and place, and naming the Notary Public before whom the proof is to be made. The time, of course, should be set sufficiently far ahead to allow for the four weeks' publication.

Both copies of Form 10 to be returned to this Department, together with Form 11, which is your authorization for us to have the notice published at your expense in the designated newspaper. We shall then send a copy of the notice to the newspaper with instructions in regard to publishing.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Mr. Joseph Mayer
R.F.D. #1
American Falls, Idaho

Dear Mr. Mayer:

In reply to your letter of February 24, 1951, we enclose herewith an Application for Permit to appropriate the Public Waters of the State of Idaho, together with a pamphlet giving regulations and instructions in regard to filing same.

The same form is used for filing on a well as for surface water, but in describing the point of diversion as called for in Question 4, you should give the location of the well by subdivision, Section, Township and Range.

When this application is approved, it will be signed by the proper State Officials and sent you as a use permit under which you may proceed with the construction of the work described in the application. In order to complete your water right, two proofs are required as follows:

First, proof of completion of works which is made by affidavit before a Notary Public. The time required for making this proof should be stated under Question 12 in the application.

The final proof is made when the water has been completely applied for irrigation or whatever purpose it is intended. Notice of such proof must be published for four consecutive weeks in a county newspaper at your expense, and at the time set for proof, depositions are to be executed by yourself and two witnesses in proof of such beneficial use. The additional time required for making this proof should be stated under Question 13 of the application.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Feb. 24, 1951

Dear Sir;

I am drilling a irrigation well on my farm which is located 6 miles North West of American Falls. I've been told that I have to file on the underground water and that I can get an application from you.

Would you send me the necessary papers and instructions.

Yours truly,
