RE: Permit No. 21855

Mr. William Reese, Jr.
Aberdeen
Idaho

Dear Mr. Reese:

We now have on file the report of our field engineer on examination for beneficial use under Permit No. 21855.

This report shows that your well is located in the NW $\frac{1}{4}$ SE $\frac{1}{4}$, Section 35, Township 5 South, Range 31 East, B.M., instead of the center of said section as described in your permit. It will therefore, be necessary for you to amend the permit using the form of application for amendment enclosed.

The report also shows that your well will deliver 110 inches of water, of 2.2 second feet, and that you have irrigated 222 acres in the SE $\frac{1}{4}$ and E $\frac{1}{2}$ SW $\frac{1}{4}$ of said Section 35.

Upon approval of the amendment, a license can be issued for 2.2 second feet of water upon receipt of the statutory fee of \$12.00 which at the rate of \$2.00 for each 40 acre subdivision in which the land is located.

RE: Permit No. 21855
William Reese, Jr.

Stanley Pierce
Aberdeen, Idaho

Dear Mr. Pierce:

Enclosed is a form for assignment of permit.

Your application for permit will be approved in due course.

Permit No. 21855 was issued to Mr. Reese who made the proof of completion of works and also proof of beneficial use of the water. The license has not been issued.

The License and Certificate of Water Right (fee \$12.00) can be issued for 110 miner's inches of water with priority of January 6, 1951, to irrigate 222 acres in the E $\frac{1}{2}$ SW $\frac{1}{4}$, SE $\frac{1}{4}$ of Section 35, Township 5 South, Range 31 East.

The evidence of water right can be issued to you if Mr. Reese and his wife will sign the enclosed assignment forms before a Notary Public. There is a recording fee of \$0.50 to record the assignment of permit.

A copy of the permit is not enclosed as you requested as the license can be issued which would show the water right obtained through the permit.

Dear Mr. Reece:

We acknowledge receipt of your reply to office letter addressed you on March 29th, in which you state that you wish to include the ~~W&SE~~ Section 35, but that the land is not yet in cultivation.

We have placed your proofs on file, but before final action is taken the law requires that a field examination be made by an engineer from this Department.

We do not know just when this examination will be made, as this department has but one field engineer who makes examinations all over the State, and in order to save time and expense he tries to combine as many in one general locality as possible.

However, he will try and contact you at the time he makes the examination, so that you may arrange to show him over the ground.

Box 877
Aberdeen, Idaho

Dear Mr. Reese:

We enclose Certificate of Completion of Works issued under Permit No. 21855 for the diversion of three (3) second feet of water from a well located approximately in the center of Section 35, Township 5 South, Range 31 East, B.M., for the irrigation of land in the SE $\frac{1}{4}$ and E $\frac{1}{2}$ SW $\frac{1}{4}$ of said Section.

We also enclose Departmental Receipt No. 23046 for the \$5.00 fee paid in connection with this proof.

We have had to make one correction in your Notice of Beneficial Use Proof as the priority established under a Permit filed in this Department is the date the application reaches us, which was January 6, 1951. If you find it necessary or desirable to establish an earlier priority, this may be done through the District Court by proving such continued early usage.

A copy of the notice is being sent to the Aberdeen Times with instructions to publish it once a week for four consecutive weeks prior to March 15, 1951, the date set for proof, and to send you the Affidavit of Publication, together with statement of costs.

We shall send Mr. Calvin Moser, Notary Public, the necessary forms of deposition, consisting of one for yourself and one for each of two witnesses and at the time set, you should appear before him together with two disinterested witnesses who are familiar with the terms of the Permit and the work done thereunder for the purpose of executing the depositions.

Very truly yours,

Re: Permit No. 21855

Mr. Wm. Reese, Jr.
Box 877
Aberdeen, Idaho

Dear Mr. Reese:

We enclose Permit No. 21855, together with Departmental Receipt No. 22973 for the \$5.50 filing fee.

Since your application states that the works are completed, we have allowed three months, or until April 12, 1951, within which to make the two statutory proofs required to complete the water right.

The first proof, or proof of completion of works, should be made on Form 6 enclosed, executed before a Notary Public, and returned to this Department with the statutory fee of \$5.00.

The statutes require publication of a notice in a county newspaper for four consecutive weeks prior to making proof of beneficial use. This notice should be made in duplicate on Form 10, setting time and place, and naming the Notary Public before whom the proof is to be made. The time, of course, should be set sufficiently far ahead to allow for the four weeks' publication.

Both copies of Form 10 to be returned to this Department, together with Form 11, which is your authorization for us to have the notice published at your expense in the designated newspaper. We shall then send a copy of the notice to the newspaper with instructions in regard to publishing.

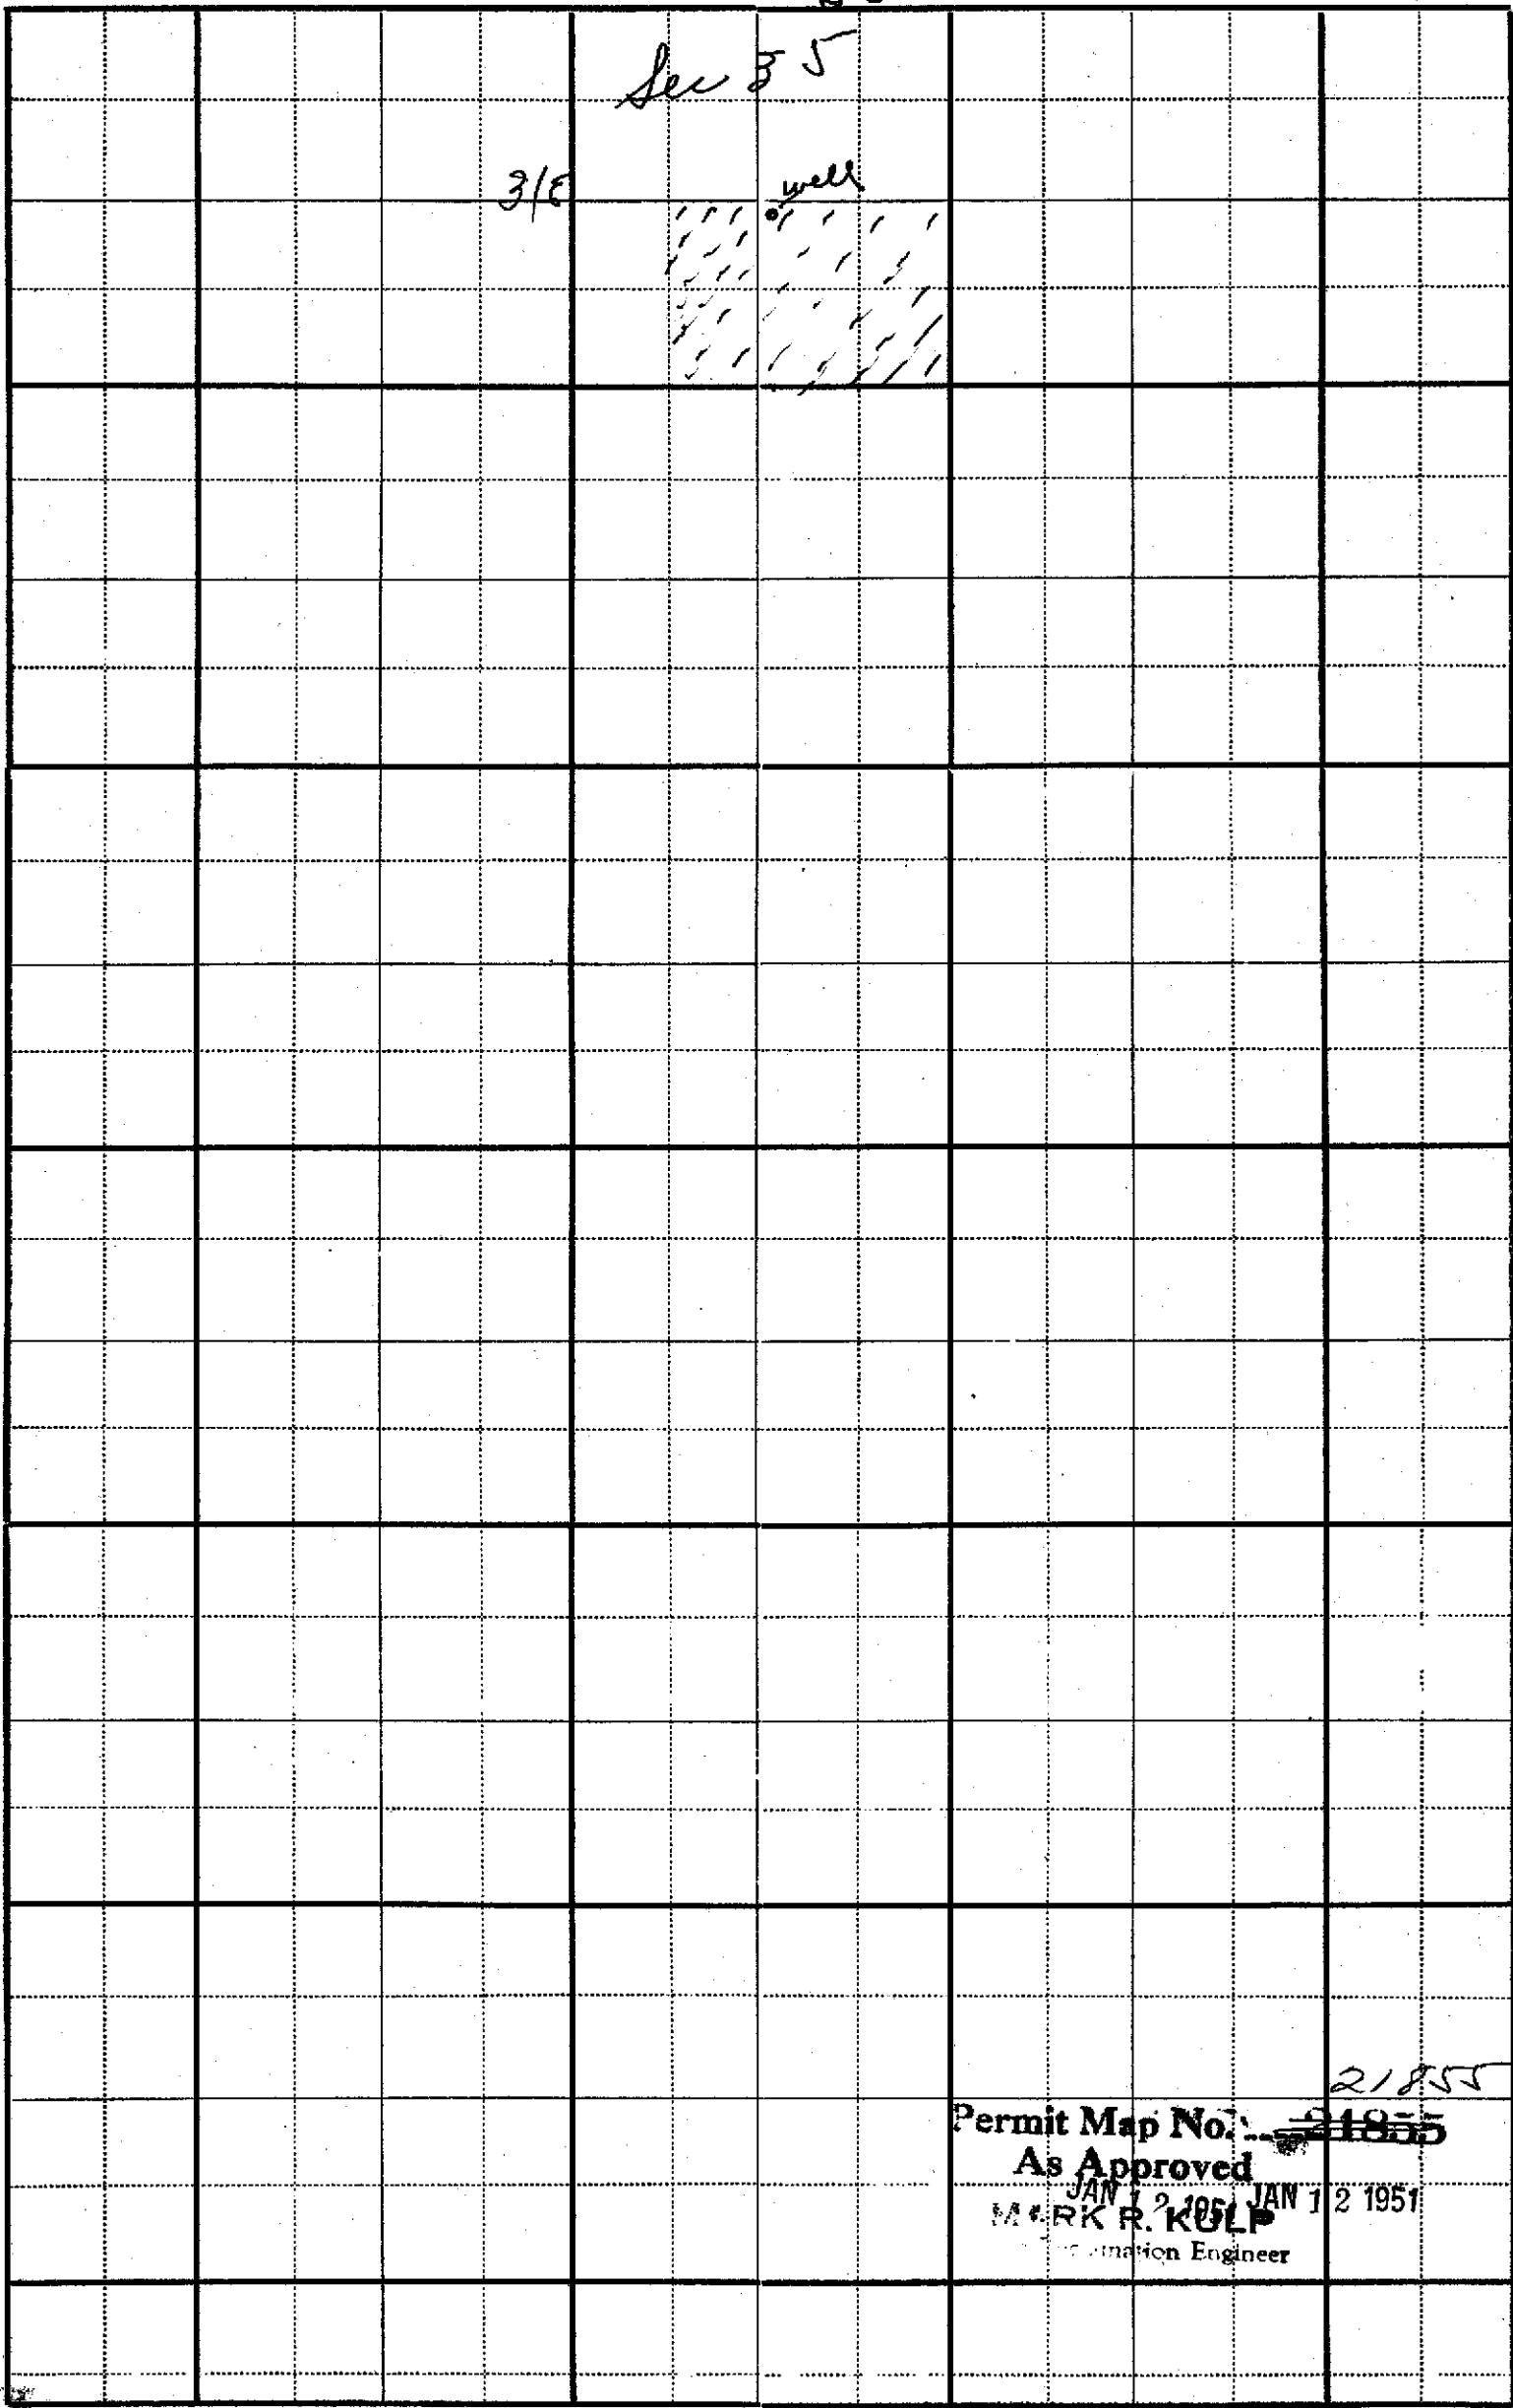

Very truly yours,

Mr. Wm. Reece, Jr.
Aberdeen, Idaho

Dear Mr. Reece:

We acknowledge receipt of your application for Permit to appropriate three (3) second feet of subterranean water from a well located approximately in the center of Section 35, Township 5 South, Range 31 East, B.M.

However, you failed to answer Question 15 and we also note that while Question 14 describes the $3\frac{1}{2}$ SW $\frac{1}{4}$ of Section 35, the sketch map shows the E $\frac{1}{2}$ SW $\frac{1}{4}$. Please correct either Question 14 or the sketch map, whichever is incorrect.

There is a filing fee of \$5.50 required before the application can be given a number and a filing date, as you will note by referring to the fourth page of the application.

Very truly yours,

MARK R. KULP
