Re: Permit No. 21497

Mr. McKinley Bowler
American Falls, Idaho

Dear Mr. Bowler:

The report of our Field Engineer on examination for beneficial use under your Permit No. 21497 shows that you have irrigated 226 acres in the SE $\frac{1}{4}$ NE $\frac{1}{4}$, SW $\frac{1}{4}$ Section 25, Township 7 South, Range 30 East, B.M. and the W $\frac{1}{2}$ SW $\frac{1}{4}$ Section 30, Township 7 South, Range 31 East, B.M., but that your well is only capable of delivering 108 inches of water.

Upon receipt of the statutory fee of \$14.00, being at the rate of \$2.00 for each 40 acre subdivision in which the land is located, a License will be issued for 2.16 second feet (or 108 inches) of water from a well in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 25, Township 7 South, Range 30 East, B.M.

Dear Mr. Bowler:

We acknowledge receipt of your letter of August 18, 1950, and have corrected the depositions of yourself and two witnesses to show the point of diversion in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 25, Township 7 South, Range 30 East, B.M., as shown in the Permit itself.

Before final action is taken in the matter, the law requires that a field examination be made by an Engineer from this Department.

We are unable to say just when this examination will be made as this Department has but one Field Engineer who makes examinations all over the State.

However, the Field Engineer for this Department will try and contact you at the time he makes the examination in order that you may arrange to show him over the grounds.

Re: Permit No. 21497

Mr. McKinley Bowler

Dear Mr. Bowler:

We acknowledge receipt of the depositions of yourself and two witnesses, also Affidavit of Publication in the Power County Press; all submitted in Proof of Beneficial Use under Permit No. 21497.

We note that all these depositions describe the point of diversion as in the NE $\frac{1}{4}$ of Section 25, Township 7 South, Range 30 East, B.M. whereas the Permit describes it as in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of this Section.

We also note that in Question 6 of your deposition and Question 7 of the depositions of your two witnesses, in listing the land to be irrigated, you only describe 40 acres in the SW $\frac{1}{4}$ of Section 25. Does this mean that you have only irrigated 40 acres out of the 160 acres?

We shall await your further advice in regard to these matters.

Attention Mr. Mark Kulp

Dear Sir:

In Reply to your letter on the affidavit in proof of
Completion of Works under Permit No. 21497.

We have added the Point of diversion of the well, and
the type of pump and ditches in Question 6.

In the land description we intended to omit the NW $\frac{1}{4}$ of Section
25, as this water will not be used on this land. We own this
land but will not water it from the well. We had a typeographical
error on the description, and the water is to be used on the
on SE $\frac{1}{4}$ of Section 25, and not 27 as written.

Thanks for the letter of correction, for we wish to
get this Affidavit through.

Re: Permit No. 21497

Mr. McKinley Bowler
American Falls, Idaho

Dear Mr. Bowler:

We acknowledge receipt of your Affidavit in Proof of Completion of Works under Permit No. 21497, accompanied by the \$5.00 fee in connection with this Proof.

However, you failed to answer Question 3, giving the point of diversion or location of the well by legal subdivision, Section, Township and Range, and we return it for that purpose.

If there is a pump, that should also be included in the kind of works, also the ditches should be described under Question 6 (d) and under "Remarks", give the kind and size of pump and describe the well casing.

We note that in your land description, you have omitted the NW $\frac{1}{4}$ of Section 25 and have included the SE $\frac{1}{4}$ of Section 27, Township 7 South, Range 30 East, which is not included in your Permit. Did you intend to omit the NW $\frac{1}{4}$ of Section 25? If the water is to be used on the SE $\frac{1}{4}$ of Section 27, it will be necessary to amend the Permit to include that additional land.

Upon receipt of your corrected Proof of Completion of Works, we shall set a date for making Proof of Beneficial Use, if you will give us the name of the Notary Public at American Falls, before whom this proof will be made.

Re: Permit No. 21497

Mr. McKinley Bowler
American Falls, Idaho

Dear Mr. Bowler:

We enclose Permit No. 21497. You will note that we have allowed six months, or until November 20, 1950, within which to make Proofs of Completion of Works and Beneficial Use. These proofs, however, may be made at any time prior to that date.

The first proof or proof of completion of works is made by executing Form 6 enclosed before a Notary Public, and returning to this Department with a statutory fee of \$5.00, upon receipt and approval of which, a Certificate of Completion of Works will be issued.

The final or beneficial use proof requires publication once a week for four consecutive weeks in a county newspaper, prior to the date set for making proof. Notice should be made in duplicate of Form 10 enclosed, setting the time and place and naming the Notary Public before whom proof is to be made. Both copies of the notice to be returned to this Department together with Form 11 which is your authorization for us to have the notice published in the designated newspaper at your expense.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing, and on the date set, you should appear before the Notary Public together with two disinterested witnesses to execute depositions of proof on forms furnished by this Department.

Very truly yours,

Dear Mr. Bowler:

We call your attention to the fact that we have not received your application for Permit to appropriate underground water, which was returned to you on April 10, for certain corrections.

The Statutes require that corrected applications must be returned within 60 days.

Very truly yours,

MARK R. KULP

Dear Mr. Bowler:

We acknowledge receipt of your letter of April 5, 1950, enclosing application for Permit to appropriate four (4) second feet of underground water, accompanied by your check for the \$5.75 filing fee for which we enclose Departmental Receipt No. 22219.

Question 14 of the application describes 280 acres located in the SE $\frac{1}{4}$ NE $\frac{1}{4}$, E $\frac{1}{2}$ SW $\frac{1}{4}$, and SE $\frac{1}{4}$ Section 25, Township 7 South, Range 30 East, but the sketch map accompanying same shows a good deal more land, including additional land in Section 25, also land in the W $\frac{1}{2}$ SW $\frac{1}{4}$ of Section 30, Township 7 South, Range 31 East.

We are returning your application in order that you may reconcile same.

Very truly yours,

MARK R. KULP
