INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

APPLICATION FOR PERMIT To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 29124
PERMIT No. 21435
DISTRICT No.

INTL: John Harrison

1. Name of Applicant: WALTER INSKEEP

Postoffice address: Aberdeen

County: Bingham

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (b) Treasury stock:
- (d) Other resources:

- (a) Cash on hand:
- (c) Bonds to be issued:

2. Quantity of water claimed: Two (2)

cubic feet per second.

3. Source of water supply: Subterranean flow from well which is a tributary of

4. Location of point of diversion: 1628 ft. East and 362 ft. North from the Southwest

corner of Section 12, T. 5 S., R. 30 E., B. M., and is in the SE $\frac{1}{4}$ SW $\frac{1}{4}$

of Section 30, T. 5 S., R. 30 E., B. M., County of Bingham

5. Water is to be used for Irrigation

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T., R., B. M., in the of Section, T., R., B. M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section, T., R., B. M., in the
of Section, T., R., B. M.

7. Estimated cost of works: \$3,000.00

8. Kind of works: Well, pump, electric motor, ditches and pipe

9. Height of dam feet; length of dam at top feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom 2 feet; width at water line 5 feet; depth of water 2 feet;

dimensions of flume:

Diameter of pipe 6 inches; length of conduit miles.

Average grade per mile feet.

12. The time required for the completion of such work is Two (2) years.

13. The time required for the complete application of the water to the proposed use is Four (4) additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are:

16. (a) Is reservoir to be used? ☐ No ☐ Yes If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

RE: Permit No. 21435

Mr. Walter Inskeep
Box 348
Aberdeen, Idaho

Dear Mr. Inskeep:

We are happy to say that your proofs of Beneficial Use on Permit No. 21435 have been found and we now have on file the report of our field engineer on examination for such beneficial use which shows that your well in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 12, Township 5 South, Range 30 East, B.M., will deliver 64 inches or 1.28 second feet of water which has been used to irrigate 80 acres of land in the S $\frac{1}{2}$ SW $\frac{1}{4}$ and SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 12, same Township and Range.

A License can, therefore, be issued for 1.28 second feet of water upon receipt of the statutory fee amounting to \$6.00.

Very truly yours,

MARK R. KULP

REPORT OF ENGINEER

Permit No. 21435This proof is for Beneficial Use

In Water District No. _____

1. Name of applicant Walter Inskeep
2. Source of water supply: Subterranean flow from a well
1620 ft. east from west line of SW $\frac{1}{4}$ SW $\frac{1}{4}$ and 452 ft. North of South line of SW $\frac{1}{4}$
3. Location of point of diversion: Is in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 12

T. 5S R. 30 E. B.M. County of Bingham

4. Describe works as they exist, giving dimensions and capacities of same: Well specifications
unknown. 20 hp G. E. motor, serial No. RFJ 6799096. Layne Bowler Turbine Pump
serial No. 16374. Delivery through an 8" pipe 6' long to the South into a concrete
head box into open ditch to fields by gravity. Wooden building for well house

5. Water is used for: Irrigation

6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

15 acres SW $\frac{1}{4}$ SW $\frac{1}{4}$; 30 acres in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ and 35 acres in the

SW $\frac{1}{4}$ SE $\frac{1}{4}$ all in Section 12., Twp., 5 S., Rge., 30 E., B.M.

See the map

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? _____

Remarks: Crops are hay, grain and potatoes. Water measured through a Sparling meter

This examination was made on the 25 day of May, 1956

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Walter Inskeep Aberdeen Idaho Farming Aberdeen Idaho
Box 348

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 21435 (April 6 March 29 1950 date of permit) Priority March 29 1950

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Drilled well 1620 ft east from west line of S W $\frac{1}{4}$ of S W $\frac{1}{4}$ and
452 feet Nort of south line of S W $\frac{1}{4}$ all of section 12 S 30 E B M

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Drilled well with line shaft turbine pump 100 miners inches
private ditch own construction debth of well 147' casing from surface
to rock which is 6' size 12" debth to water 88 Ft open discharge 8"
pipe and was measured by orafice and actually delivered 70 miners
inches .

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation only water has been delivered in amounts as follows
about 15 acres in the S W $\frac{1}{4}$ and about 30 acres in the S E $\frac{1}{4}$ of S W $\frac{1}{4}$
and 30 acres in the S W $\frac{1}{4}$ of the S E $\frac{1}{4}$ all in section 12 S 30 E B M
cleared from sage brush to cultivated land , improvements are some
buildings and rencing and irrigation ditches

21435

RMT

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. only irrigation

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. minimum requirements are about what I am getting at present
seventy miners inches

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Every year since 1950 by pump and ditches full delivery in S E $\frac{1}{4}$
of S W $\frac{1}{4}$ and S W $\frac{1}{4}$ of S E $\frac{1}{4}$ and only 15 acres in the S W $\frac{1}{4}$ of S W $\frac{1}{4}$

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. No other water rights on the above land

(Sign) Waite L. L. L.

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Aberdeen, County of Bingham, State of Idaho, on this 15 day of March, A. Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Alvin Rice age 45 Aberdeen Carpenter Aberdeen Idaho

Ques. 2. Are you acquainted with Walter Inskeep, the holder of Permit No. 21435? How long have you known him and where does he reside?

Ans. Yes have known Mr. Inskeep for twenty years

Ques. 3. Have you read or heard read said Permit No. 21435, and are you familiar with its provisions and conditions?

Ans. yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Drilled well located in the S E $\frac{1}{4}$ of the S W $\frac{1}{4}$ of Sect 12
% S 30 E B M and conveyed to point of use in private ditch

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Have observed as neighbor that it will safely conduct to point of use about seventy inches of water

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. Seventy inches of water by estimation

21435

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation only about 15 acres in the S W $\frac{1}{4}$ and 30 acres in the S E $\frac{1}{4}$ both in the S W $\frac{1}{4}$ and 35 acres in the S W $\frac{1}{4}$ of the S E $\frac{1}{4}$ all in Section 12 $\frac{1}{2}$ S 30 E B M

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Irrigation

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Cleared from Brush and is now cultivated

Requirements are 70 miners inches

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Have seen pump in operation the past five years and estimate it will deliver seventy inches

(Signed) Alvin E. Rice

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Aberdeen, County of Bingham, State of Idaho, on this 15 day of March, A. Ans. About twenty years
Resides in Aberdeen Idaho

Ques. 3. Have you read or heard read said Permit No. 21435, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Drilled well in private ditch located in the S E $\frac{1}{4}$ of the S W $\frac{1}{4}$ of Section 12 5S 30 E B M

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. It would safely conduct 100 miners inches but actually pump is delivering about seventy inches

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. Have actually observed that it does deliver seventy miners inches and it was measured by orifice

21435

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. For irrigation only about 15 acres in the S W $\frac{1}{4}$ and 30 acres in S E $\frac{1}{4}$ all in the S W $\frac{1}{4}$ of Sect 12 5 S 30 E B M and 35 acres in the S W $\frac{1}{4}$ of the S E $\frac{1}{4}$ in Sect 12 5S 30 E B M

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. only irrigation

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Land has been clear from brush and rocks hauled off and cultivated I believe it requires seventy inches of water

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Have observed as neighbor that water has been delivered at about seventy inches

(Signed) Allen Pinkerton

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Aberdeen, County of Bingham, State of Idaho, on this 15 day of March, A. D. 1956.

**Notice of Proof Application of
Water To Beneficial use**

Notice is hereby given that at 10 A. M. on the 15th day of March 1956, at Aberdeen, County of Bingham, State of Idaho, before Calvin Moser, proof will be submitted of the application to beneficial use of 2 cubic feet per second of the waters of Subterranean in accordance with the terms and conditions of Permit No. 21435 heretofore issued by the Reclamation Department of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Walter Inskip, Aberdeen, Idaho.

The use to which said water has been applied is Irrigation. The amount applied to beneficial use is 2 Cubic Feet per second.

The place where said water is used S $\frac{1}{4}$ SW $\frac{1}{4}$, SW $\frac{1}{4}$ SE $\frac{1}{4}$, all in Sec. 12, Twp. 5 S., Rge. 30 E., B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Private ditches

The right to take water from such works is based upon permit No. 21435

The source of supply from which such water is diverted is drilled well in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of section 12, Twp. 5 S., Range 30 E., B. M.

The date priority which said user is prepared to establish is March 29, 1950.

Re: Permit No. 21435

Mr. Walter Inskeep
P. O. Box 348
Aberdeen, Idaho

Dear Mr. Inskeep:

We have your letter of February 9th, correcting the error on the land list as given on your beneficial Use proof for publication on Permit No. 21435 to be made on March 15th, 1956, before Mr. Calvin Moser a Notary Public.

We shall send a copy of the notice to The Aberdeen Times with instructions to publish it once a week for four weeks prior to that date and to send you the affidavit of publication together with the statement of costs.

At the time set, you should appear before Mr. Calvin Moser, the Notary Public together with two disinterested witnesses who are familiar with the terms of the Permit and the work done thereunder for the purpose of executing the enclosed depositions.

Very truly yours,

MARK R. KULP

RE: Permit No. 21435

Mr. Walter Inskeep
P. O. Box 348
Aberdeen, Idaho

Dear Mr. Inskeep:

We wish to acknowledge receipt of your Notice for Publication of proof of Application of water to Beneficial Use relative to the above stated Permit.

Before Publication Notice is sent to the paper we wish to make sure if you only intend to prove up on the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 12. Your Permit and also your Completion of Works proof recorded in this Department states that the SW $\frac{1}{4}$ SW $\frac{1}{4}$, SE $\frac{1}{4}$ SW $\frac{1}{4}$, and the SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 12, Township 5 South, Range 30 East.

We are wondering if you overlooked describing the three 40's or do you intend to only prove up on one 40 acre tract?

Kindly let us know as soon as possible so that we may go ahead with your proof.

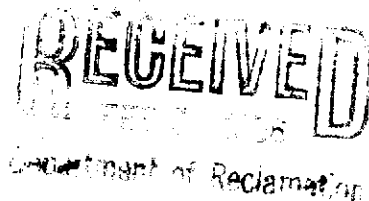

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Mr. Walter Inskeep
Abandon
Idaho

Dear Sir:

We enclose herewith blank notice for proof of application of water to beneficial use under your Permit No. ~~21435~~. This notice should be filled out in duplicate and returned to this office at least 40 days before the date upon which you wish to make this proof, in order to allow time for the four weeks' publication required by law.

This proof must be submitted before a Notary Public or other officer authorized by law to administer oaths.

The date for proof, as set out in your permit, is not later than ~~April 6, 1956~~, and if proof is submitted later than said date, your priority will be brought down a length of time equal to the time elapsing between the date the proof is due and the date proof is actually made.

Very truly yours,

MARK R. KULP

State Reclamation Engineer

RE: Permit No. 21435

Mr. Walter M. Inskeep
Aberdeen
Idaho

Dear Mr. Inskeep:

Reference is made to your letter of April 14 in regard to final proof on your Permit No. 21435.

According to the terms of your Permit this proof is not actually due until April 6, 1956, although, of course, it can be made at any earlier date.

However, if you have not yet applied the water for the irrigation of all the land described in the Permit we suggest you do not make the proof until the final due date. Any proof made on less acreage would only allow you an inch to the acre for the land actually irrigated.

However, if you wish to make proof at this time we would be glad to send you the necessary forms and instructions upon request.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Dear Sir

I am writing in reference to
our water permit no. 21435.

I have broken and cleared all the land
that the pump will take care of which is not
as much as I put in for in the permit.
The question is can I go ahead and
complete the permit? If so would you
send information about how to finish as
I would like to prove it as soon as
possible. If not would you let me know what
I can do. Sincerely Thank you.

Dear Mr. Inskeep:

We acknowledge receipt of your proof of completion of works under Permit No. 21435, accompanied by your check for the \$5.00 fee in connection therewith.

We note that you describe the point of diversion as being located 1628 feet East and 362 feet North from the Southeast corner of Section 12, Township 5 South, Range 30 East, B.M., whereas the permit gives it as being located at this distance from the Southwest corner of the section.

We assume this is an error in this proof, and upon receipt of authorization from you, we can make the necessary correction.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Mr. Walter Inskeep

Boise, Idaho **February 1, 1952**

Aberdeen, Idaho

Dear Sir:-

Under the terms of your Permit No. 21435 you are required to complete your diversion works on or before April 6, 1952. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

State Reclamation Engineer
