INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

NOTICE OF PROGRESS OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 o'clock, A.M., on the 23rd day of July, 1953, at Blackfoot, County of Bingham, State of Idaho, before H. William Furchner, a Notary Public, proof will be submitted of the completion of works for the diversion of 3.8 cubic feet per second of the waters of a subterranean flow, from a well in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 27, Twp. 1 S., Rge. 35 E.B.M. and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. 21299 here-

before issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Gordon L. Stolorworthy, Route No. 1, Blackfoot Idaho,

2. Said works of diversion have been fully completed on the date set for such completion and the amount of water which said works are capable of conveying to the place of use in accordance with the plans accompanying the application for such permit is 3.8 cubic feet per second.

3. The use to which said water has been applied is irrigation and domestic purposes and the amount applied to beneficial use is 3.8 cubic feet per second.

4. The place where said water is used is the SW $\frac{1}{4}$ of Sec. 27, & NW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 35, in Twp. 1 South, of Range 35, E.B.M.

5. The date of priority which said user is prepared to establish is November 29, 1949.

MARK R. KULP
State Reclamation Engineer

State of Idaho
License and Certificate of Water Right

Water License No. 21299 Amount 2.6 second feet
Water District No. _____ Priority November 29, 1949

THIS IS TO CERTIFY that GORDON L. STOLWORTHY
of Blackfoot, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated November 29, 19 49; that Permit No. 21299
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
2.6 second feet, was issued thereunder on November 26, 19 54, showing that said works
were completed on the 23rd day of July, 19 53; and that on the 23rd
day of July, 19 53,

GORDON L. STOLWORTHY

of Blackfoot, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of a well
~~in the~~ (subterranean flow), for the purpose of irrigation and
domestic use, under Use Permit No. 21299 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
9 of Licenses at page 5413, on the 26th day of November, 19 54;
The right hereby confirmed dates from November 29, 19 49;

The Point of Diversion is located
in the NE 1/4 SW 1/4, Sec. 27, Tp. 1 S, R. 35 E., B. M. Bingham County
That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 2.6 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
1 S.	35 E.	27	NE 1/4 SW 1/4	40	15
			NW 1/4 SW 1/4	40	40
			SW 1/4 SW 1/4	40	40
			SE 1/4 SW 1/4	40	40
			NW 1/4 NW 1/4	30	--
		35	Number of Acres Actually Irrigated		- 135

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place
of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this
26th day of November, 19 54.

MARK E. KULP
State Reclamation Engineer.

County: Bingham

State: Idaho

I. If applicant is a corporation, give:

(a) Date and place of incorporation:

(b) Amount of capital stock:

(c) Amount paid in:

(d) Names and addresses of directors:

II. The financial resources of the applicant are:

(a) Cash on hand:

(c) Bonds to be issued:

(b) Treasury stock:

(d) Other resources:

2. Quantity of water claimed: Eight (8)

cubic feet per second.

3. Source of water supply: Wells

which is a tributary of

4. Location of point of diversion: 2600

feet distant from the Southeast

corner of Section 27, T. 1 S., R. 35 E., B.M., and is in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ and NW $\frac{1}{4}$ SE $\frac{1}{4}$

of Section 27, T. 1 S., R. 35 E., B.M., County of Bingham

5. Water is to be used for Irrigation and domestic purposes

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T., R., B.M., in the of Section, T., R., B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section, T., R., B.M., in the

of Section, T., R., B.M.

7. Estimated cost of works: \$ 10,000.00

8. Kind of works: Wells, pumps, gravity laterals.

9. Height of dam feet; length of dam at top feet; length of dam at bottom

feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom 3 feet; width at water line 6 feet; depth of water 1 $\frac{1}{2}$ feet;

dimensions of flume:

Diameter of pipe inches; length of conduit One miles.

Average grade per mile 2 feet.

12. The time required for the completion of such work is Three (3) years.

13. The time required for the complete application of the water to the proposed use is One (1) additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None

16. (a) Is reservoir to be used? ☐ No ☐ Yes If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

State Reclamation Engineer

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. 21299

Comes now Gordon L. Stolworthy and represents to the State Reclamation Engineer of the State of Idaho:

That he is the owner and holder of Permit to Appropriate the Public Waters of the State of Idaho, No. 21299.

That the point of diversion is described in said permit as being located in NE $\frac{1}{4}$ SE $\frac{1}{4}$ & NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 27, T. 1 S., R. 35, E.B.M.

That he now requests that the point of diversion be changed to a point Approx. 1150' So. and 210' West of center of Sec. 27, T. 1 S., R. 35, E.B.M., and in the NE $\frac{1}{4}$ SW $\frac{1}{4}$, said Sec. 27.

That his reasons for desiring to make such change are as follows: Subsequent to filing of application and issuance of the permit it was found advisable to change the location of the well for appropriation of water to the second location.

That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Blackfoot, Idaho this 30th day of November, 1952.

Gordon L. Stolworthy

Date of receipt at Department of Reclamation June 10, 1953.

APPROVAL OF STATE RECLAMATION ENGINEER

I, Mark H. Kulp, State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to Appropriate the Public Waters of the State of Idaho, No. 21299. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers, and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

MARK R. KULP

State Reclamation Engineer

Permit No. 21299
CERTIFICATE OF COMPLETION OF WORKS

TO ALL WHOM IT MAY CONCERN:

This is to certify that GORDON L. STOLWORTHY of Blackfoot, County of Bingham, and State of Idaho, the holder of Permit No. 21299, issued upon Application No. 28986 bearing date of priority of November 29, 1949, authorizing the diversion of Eight (8) second feet of the waters of subterranean flow from wells County of Bingham, State of Idaho, for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use 2.6 second feet of the waters of one well; that the point of diversion of said waters is in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 27, Township 1 South, Range 35 East, B.M. and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: SW $\frac{1}{4}$ Section 27, and NW $\frac{1}{4}$ Section 35; Twp. 1 South, Range 35 East, B.M.

RE: Permit No. 21299

Mr. H. William Furchner
Attorney at Law
Blackfoot, Idaho

Dear Mr. Furchner:

The enclosed copy of letter we are today addressing Mr. Gordon Stolworthy is self-explanatory.

We remind you that proof was due December 1, 1954, on that portion of Permit No. 21299 assigned to Ival D. Wolfe and since it has not been made, that portion of the Permit is technically subject to cancellation.

However, if the works were completed prior to that date, Mr. Wolfe may make the necessary proofs and the Permit may be continued in good standing.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. 21299

Mr. Gordon L. Stolworthy
Box 493
Paul, Idaho

Dear Mr. Stolworthy:

We enclose Certificate of Completion of Works also License and Certificate of Water Right issued under your unassigned portion of Permit No. 21299 confirming your right to the use of 2.6 second feet of water from a well in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 27, Township 1 South, Range 35 East B.M. with priority of November 29, 1949, for irrigation and domestic use on the SW $\frac{1}{4}$ Section 27, Township 1 South, Range 35 East B.M.

We also enclose departmental receipt No. 27058 for the \$5.00 fee paid in connection with completion of works proof and departmental receipt No. 27066 for the \$8.00 fee paid in connection with beneficial use proof.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

21299

October 12, 1954

RE: Permit No. 21299

Mrs. Gordon L. Stolworthy
Box 493
Paul, Idaho

Dear Mrs. Stolworthy:

Your letter of October 10 enclosing check for \$8.00 is evidently intended in reply to office letter addressed Mr. Stolworthy at Route 2, Rupert on July 7, 1954.

However, that letter stated that Certificate of Completion of Works and License could be issued on the above numbered Permit for 130 inches of water from a well in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 27, Township 1 South, Range 35 East B.M. and that the fee for the Certificate of Completion of Works is \$5.00 and License fee \$8.00.

There is therefore an additional \$5.00 due in order to obtain Certificate of Completion of Works and License to complete the water right.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
By

Chief Clerk

RE: Permit No. 21299

Mr. Gordon L. Stolworthy
Route 2
Rupert, Idaho

Dear Mr. Stolworthy:

We now have on file the report of our field engineer on examination for completion of works and beneficial use on the un-assigned portion of your permit No. 21299.

This report shows that the well in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 27, Township 1 South, Range 35 East B.M. will deliver 130 inches of water which has been used to irrigate 135 acres in the SW $\frac{1}{4}$ Section 27.

Therefore, a Certificate of Completion of Works can be issued for 130 inches or 2.6 second feet of water, upon receipt of the statutory fee of \$5.00, and a License for the same amount, the fee for which will amount to \$8.00.

Very truly yours,

3. Location of point of diversion: Is in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 27
T. 1 S. R. 35 E. County of Bingham
4. Describe works as they exist, giving dimensions and capacities of same: Well is 220' deep by 18" diameter, cased 28'. Lift is 80'. U. S. Motor 60 HP., 440 V., 73.5 Amps. 1800 RPM. Serial No. 855833. Peerless Pump No. 86021. There is a 60 HP. Booster Pump in the line a few feet from the main pump. It is a Fairbanks Morse combined unit, 60 HP Motor and centrifugal pump. Water is delivered to the fields mostly by sprinklers. Some water is delivered by ditches and gravity.

5. Water is used for: Irrigation and domestic purposes.
6. State whether or not water has been turned into works of diversion: Yes.
7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

SW $\frac{1}{4}$ Section 27;

* NW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 35;

Twp. 1 South, Range 35 East, B. M.

See the map.

* This 40 is in the notice but not in the proofs.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks: Mr. Ashley, who owns the rest of this half section, irrigates the SE $\frac{1}{4}$ of Section 27, excepting 5 acres with this same pump; also, 40 acres in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 26 adjoining.

Mr. Ashley intends to get sufficient water from this well for balance of his farm in S. 27 and 26. He will file on same later.

See 21300 and G-26767

This examination was made on the 1 day of July, 19 54

(Signed)

E. N. Humphrey Examiner.

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

RE: Permit No. 21299

Mr. H. William Furchner
Attorney at Law
Blackfoot, Idaho

Dear Mr. Furchner:

We acknowledge receipt of your letter of August 1, 1953, enclosing depositions of Gordon L. Stolworthy and two witnesses, also affidavit of publication in the Blackfoot Daily Bulletin all in proof of Completion of works and Beneficial Use on Permit No. 21299.

Before final action is taken, the law requires that a field examination be made by an engineer from this Department.

We cannot say just when this examination will be made, but our field engineer will contact Mr. Stolworthy at the time he makes the examination in order that arrangements may be made to show him over the ground.

After this inspection has been made and report filed, we will notify you as to the correct amount of fees in connection with Completion of Works and Beneficial Use; meanwhile, we return your check for \$5.00 which was enclosed in your letter.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. 21299.

Dear Sir:

Enclosed herewith are the proof of notice and depositions of the holder and witnesses in proof of completion of works and application of water to beneficial use to the above permit.

Also enclosed is my check in the sum of \$5.00 which I believe is the proper fee to be paid at this time.

These proofs were taken on the date set in the notice and shown in the notary's certificate but I have been delayed several days in transmitting them to your office.

Very truly yours,

**NOTICE OF PROOF OF COMPLETION
OF WORKS AND APPLICATION OF
WATER TO BENEFICIAL USE**

Notice is hereby given that at 10:00 o'clock, A.M., on the 23rd day of July, 1953, at Blackfoot, County of Bingham, State of Idaho, before H. William Furchner, a Notary Public, proof will be submitted of the completion of works for the diversion of 3.8 cubic feet per second of the waters of a subterranean flow, from a well in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 27, Twp. 1 S., Rge. 35 E., B.M. and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. 21299 heretofore issued by the Department of Reclamation of the State of Idaho:

1. The name and postoffice address of the person or corporation holding said permit are Gordon L. Stolorworthy, Route No. 1, Blackfoot Idaho.

2. Said works of diversion have been fully completed on the date set for such completion and the amount of water which said works are capable of conveying to the place of use in accordance with the plans accompanying the application for such permit is 3.8 cubic feet per second.

3. The use to which said water has been applied is irrigation and domestic purposes and the amount applied to beneficial use is 3.8 cubic feet per second.

4. The place where said water is used is the SW $\frac{1}{4}$ of Sec. 27, & NW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 35, in Twp. 1 South, of Range 35, E.B.M.

5. The date of priority which said user is prepared to establish is November 29, 1949.

MARK R. KULP

State Reclamation Engineer
Publish June 26, July 3, 10, 17, 1953.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 21299.

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Gordon L. Stolworthy, Rt. 1, Blackfoot, Idaho. I am a farmer.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. ---

Ques. 3 State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 21299, dated December 1, 1949, with date of priority of November 29, 1949.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Water taken from well located about 1150 ft. South and 210 ft. West of the center of Sec. 27, Twp. 1 So., R. 35, E.B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. Well is 18" in diameter, 228 ft. deep. Cased 58 ft. with 18" casing to lava rock. 60 h.p. electric pump. Water stands at 102 ft. from surface. Pump discharges about 190 inches of water. This is based only on my estimate from past irrigating experience. Ditches run from the well over the lands irrigated. There are three main ditches, with an average width of 8 ft. and average depth of 2 ft.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water is all used for the irrigation of NE $\frac{1}{4}$ of SW $\frac{1}{4}$ --15 a.; NW $\frac{1}{4}$ of SW $\frac{1}{4}$ --40 a.; SE $\frac{1}{4}$ of SW $\frac{1}{4}$ --40 a.; SW $\frac{1}{4}$ of SW $\frac{1}{4}$ --20 a., of Sec. 27, in Twp. 1 So., R. 35, E.B.M. The land is all cultivated. The improvements consist of a house, garage, domestic well and some fencing.

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. -----

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. The land requires a minimum of 1 inch per acre for irrigation.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. -----

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. The water under this permit has been used in increased amounts each year for the past four years. The acreages above mentioned are those being irrigated this year.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. No other water used on these lands.

(Sign) *Gordon J. Stenworthy*

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Blackfoot, County of Bingham, State of Idaho, on this 23rd day of July, A. D. 19 53.

T. William Purdum

My commission expires January 31, 1954. Blackfoot, Idaho.

21299

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 21299.

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. C. J. Hobbs. I am 24 years of age. My residence and P. O.
Address are Rt. 1, St. Anthony, Idaho. I am a farmer.

Ques. 2. Are you acquainted with Gordon L. Stolworthy, the
holder of Permit No. 21299? How long have you known him and where does
he reside?

Ans. I have known him about 5 years. He resides at Rt. 1, Blackfoot,
Idaho.

Ques. 3. Have you read or heard read said Permit No. 21299, and are you
familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for con-
veying water from point of diversion to place of use.

Ans. The source of water supply is a well, located about 1150 ft.
South and 210 ft. West of the center of Sec. 27, Twp. 1 So., R. 35,
E.B.M. There are three main ditches running from the well through the
SW $\frac{1}{4}$ of Sec. 27, with branches and laterals. Average width of ditches,
8 ft., average depth, 2 ft.

Ques. 5. How many second feet of water do you estimate said works will safely con-
duct to place of use, and how much water have you seen being so conveyed?

Ans. The ditches will convey about 190 miner's inches of water, and
I have seen that amount of water used during the past two seasons.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons
per minute have you seen the pump deliver, and how did you measure or estimate the
amount?

Ans. I have seen the pump deliver what I estimate to be 175 to 190
miner's inches of water. This estimate is based on my past experience
with irrigation water.

21299

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. All of the water is used for irrigation of: NE $\frac{1}{4}$ of SW $\frac{1}{4}$ -15 a.; NW $\frac{1}{4}$ of SW $\frac{1}{4}$ -40 a.; SE $\frac{1}{4}$ of SW $\frac{1}{4}$ -40 a. ; SW $\frac{1}{4}$ of SW $\frac{1}{4}$ -20 a., of Sec. 27, Twp. 1 So., R. 35, E.B.M. All is cultivated. Improvements consist of house, garage, domestic well. Some fencing.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. ---

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is a lava ash soil, well suited to cultivation, and requires about an inch of water per acre for profitable irrigation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen all of the waters produced by the well used for the irrigation of said lands during the past two irrigation seasons and it is in use now.

(Signed) Carl Halls C. J. Halls

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Blackfoot, County of Bingham, State of Idaho, on this 23rd day of July, A. D. 1953.

William L. Luchins
Notary Public.

BOISE, IDAHO

Permit No. 21299.

Proof of Application of Water to Beneficial Use
Deposition of Witness **and Completion of Works**

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Gene Nickell. I am 27 years of age. My present residence and postoffice address are Ashton, Idaho. I am a farmer, and farm land neighboring that of Gordon L. Stolworthy in Bingham County, Idaho.

Ques. 2. Are you acquainted with Gordon L. Stolworthy, the holder of Permit No. 21299? How long have you known him and where does he reside?

Ans. I have known Mr. Stolworthy about 5 years. He lives at Route #1, Blackfoot, Idaho.

Ques. 3. Have you read or heard read said Permit No. 21299, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. The source of water supply is a well located about 1150 ft. South and 210 ft. West of the center of Sec. 27, Twp. 1 So., R. 35, E.B.M. There are three main ditches running from the well through the SW $\frac{1}{4}$ of Sec. 27, with branches and laterals. Average width of ditches, 8 ft., and average dept, 2 ft.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. I estimate the ditches carry about 190 miner's inches of water, and I have seen approximately that amount of water used during the past two seasons.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I have seen the pump deliver an estimated 175 to 190 inches of water to the ditches. My estimate is based on my past experience with irrigation streams.

21299

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water is used for irrigation of: NE $\frac{1}{4}$ of SW $\frac{1}{4}$ --15 a.; NW $\frac{1}{4}$ of SW $\frac{1}{4}$ --40 a.; SE $\frac{1}{4}$ of SW $\frac{1}{4}$ --40 a.; SW $\frac{1}{4}$ of SW $\frac{1}{4}$ --20 a., of Sec. 27, Twp. 1 So., R. 35, E. B. M. All is cultivated. Improvements consist of a house, garage, domestic well. There is some pasture fenced.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. --

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

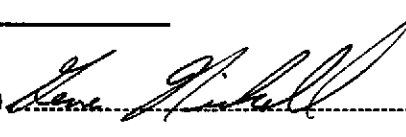

Ans. The land is a lava ash soil. Suitable for cultivation and irrigation. It requires about one inch of water per acre.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

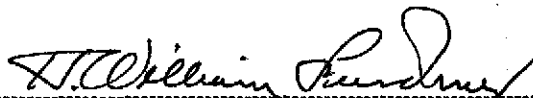

Ans. None.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen the abovescribed lands irrigated from this well for the past two years and again this year. Each year a few more acres have been irrigated.

(Signed) 

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Blackfoot, County of Bingham, State of Idaho, on this 23rd day of July, A. D. 1953.

RE: Permit No. 21299

Mr. H. William Furchner
Box 206
Blackfoot, Idaho

Dear Mr. Furchner:

Reference is made to your letter of June 9, 1953, in regard to Permit No. 21299 in the name of Gordon L. Stolworthy.

We return the assignment of a portion of this permit to Ival D. Wolfe; Approval by the State Reclamation Engineer of Mr. Wolfe's application for extension of time for completion of works on his assigned portion of the permit; and also Mr. Stolworthy's amendment to the point of diversion in his portion of the permit which has been approved by the State Reclamation Engineer; all of which instruments have been recorded in this department.

We have completed the notice for completion of works and beneficial use proof to be made by Mr. Stolworthy on July 23, 1953, and have sent a copy of the notice to the Blackfoot Daily Bulletin with instructions to publish it once a week for four weeks prior to that date and to send Mr. Stolworthy the affidavit of publication together with statement of costs.

The portion of the land described in the permit retained by Mr. Stolworthy and not included in the assignment to Mr. Wolfe, includes the NW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 35, Township 1 South, Range 35 East, B.M., as well as the SW $\frac{1}{4}$ of Section 27, and we have therefore included that forty in the notice for publication.

We enclose the necessary forms of deposition to be used in making these proofs and at the time set Mr. Stolworthy should appear before you together with two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder for the purpose of executing same.

Since completion of works proof was due on this permit on or before December 1, 1952, the depositions should definitely state that the works were completed prior to that date.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 o'clock, A.M., on the 23rd day of July, 1953, at Blackfoot, County of Bingham, State of Idaho, before H. William Furehner, a Notary Public, proof will be submitted of the completion of works for the diversion of 3.8 cubic feet per second of the waters of a well in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 27, Twp. 1 S., Rge. 35 E., B.M. and of a subterranean flow from / and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. 21299 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Gordon L. Stolworthy, Route #1, Blackfoot, Idaho,
2. Said works of diversion ~~will be~~ ^{have been} fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is 3.8 cubic feet per second.
3. The use to which said water has been applied is irrigation and domestic purposes, and the amount applied to beneficial use is 3.8 cubic feet per second.
4. The place where said water is used is the SW $\frac{1}{4}$ of Sec. 27, a NE $\frac{1}{4}$ Sec. 35, in Twp. 1 South, of Range 35, E. B. M.
5. The date of priority which said user is prepared to establish is November 29, 1949.

Gordon L. Stolworthy
Blackfoot, Idaho

Dear Mr. Kulp:

Thank you for your letter of June 1st, 1953, calling my attention to the oversight in commencing the proofs connected with the above permit. The appropriation of the water and all application to the beneficial use has been completed and my oversight is the sole reason for failure to make proof until this time.

I enclose herewith the application to amend the permit to show the proper location of the point of diversion and the required notice and authorization for publication of the same.

Please forward the necessary deposition blanks for taking proof of the holder and witnesses when the date for proof arrives.

Very truly yours,

H. William Furchner

RE: Permit No. 21299

Mr. H. William Furchner
Attorney at Law
Blackfoot, Idaho

Dear Mr. Furchner:

In checking our files, we note that we have received no answer to office letter addressed you on November 25, 1952, in regard to the above numbered permit, and in order to refresh your memory we enclose a copy of said letter.

The proof of completion of works was due on this permit December 1, 1952, and we have on file the application of Ival D. Wolfe for extension of time for making proof on his portion to December 1, 1954. However, no such application for extension has been filed by Mr. Stolworthy, which renders his portion of the permit subject to cancellation.

If the permit is to be continued in good standing, it is necessary that some action be taken at once in regard to the matter.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RK: Permit No. 21299

Mr. H. William Furchner
Attorney at Law
Blackfoot, Idaho

Dear Mr. Furchner:

In reference to your letter of November 24, 1952, in regard to Permit No. 21299, the following steps seem to be indicated.

1. We shall record the assignment of Gordon L. Stolworthy and wife of 210/400 of their interest in said permit to Ival D. Wolfe.

2. We enclose a form of application for amendment to the point of diversion or location of the well in the portion of the permit retained by Mr. Stolworthy.

3. We enclose a form of notice in connection with proofs of completion of works and beneficial use on Mr. Stolworthy's portion of the permit. Form 36 should be submitted in duplicate setting time and place and naming the Notary Public before whom proof is to be made, and both copies returned to this department together with Form 11 which is authorization for us to have the notice published at permit holder's expense in the designated county newspaper.

In this connection, we note that the NW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 35 is not included in either the portion assigned to Mr. Wolfe or the part on which Mr. Stolworthy wishes to make proof. Was this omission intentional?

4. Mr. Wolfe's application for extension of time for making proof of completion of works on the assigned portion will be approved and recorded in regular course.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. 21299.

Dear Mr. Kulp:

It has taken me some little time to secure the exact information for a reply to your letter of October 23rd. However, I learned from Mr. Gordon L. Stolworthy and Mr. Ival D. Wolfe the following facts:

Mr. Stolworthy has drilled, completed and used a well in the Northeast quarter of the Southwest quarter of Section Twenty-seven which quarter section he still holds title to. This well is approximately 1150 feet South and 210 feet West of the center of Section Twenty-seven, Township One South, of Range Thirty-five, East of the Boise Meridian. This is the only well to which he proposes now to make proof of beneficial use under the above permit. It appears that he changed the location of the well from the location given in his original application and I presume therefore it will be necessary to amend the permit in order to specify the location. Mr. Stolworthy will wish to make proof of beneficial use of 160 inches of water from the above mentioned well.

Mr. Wolfe drilled a well in the Northwest quarter of the Southeast quarter of said Section Twenty-seven, which is approximately 300 feet South and 200 feet West of the Northeast corner of the Northwest quarter of the Southeast quarter of said Section Twenty-seven. This is the well which has been referred to in our correspondence as a dry well since it produces insufficient water for profitable irrigation. Mr. Wolfe now proposes to drill a new well in the Northeast quarter of the Southeast quarter of said Section Twenty-seven at a point approximately 300 feet East and 100 feet North of the Southwest corner of the Northeast quarter of the Southeast quarter of said Section Twenty-seven.

I hope this information will be sufficient for you to make the proper entries in your records and that the assignment from Stolworthy to Wolfe can now be approved and the proper forms forwarded for making the final proof by Mr. Stolworthy.

Very truly yours,

H. William Furchner

RE: Permit No. 21299

Mr. H. William Furchner
Attorney at Law
Blackfoot, Idaho

Dear Mr. Furchner:

Reference is made to your letters of October 7, and October 20, 1952, the first enclosing an assignment of a portion of Permit No. 21299 from Gordon L. Stolworthy to Ivel D. Wolfe and stating that Mr. Stolworthy was prepared to make proofs of completion of works and beneficial use on the portion he has retained, and the latter enclosing Mr. Wolfe's application for extension of time for completion of works on his portion.

We are a little bit confused as to just what the intention is in regard to this permit. As you know, both wells described therein are located in the SE $\frac{1}{4}$ of Section 27, Township 1 South, Range 35 East, B.M., one in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ and the other in the NE $\frac{1}{4}$ SE $\frac{1}{4}$, and this entire quarter section is included in the assignment to Mr. Wolfe whose extension application states that he has drilled one well and it is necessary to drill another to obtain sufficient water.

Please advise what well Mr. Stolworthy wants to prove up on and for what amount, and also advise as to the location of the well Mr. Wolfe has completed, and also the location of the additional well which he expects to drill.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Permit No. 21299

Application for Extension of Time FOR COMPLETION OF WORKS

Ival D. Wolfe, of Tulelake, California,

State of _____, being first duly sworn, upon his oath deposes and says:

He is the owner and holder of Permit to Appropriate the Public Waters of the State of Idaho No. 21299, as assignee of Gordon L. Stolworthy and Mallene W. Stolworthy, husband and wife.

Under the terms and conditions of said permit, construction work thereunder was required to be completed by December 1, 1952.

That he has heretofore performed the following work described under said permit:
Drilled one well last year - insufficient water for irrigation.

costing \$ 6,450.00

That he is unable to complete the remainder of the work within the required time, for the following reasons, to-wit:

It will be necessary to drill a new well and financial condition at present time does not permit having work done

State Reclamation Engineer

WHEREFORE, He asks that the ~~Commissioner of Reclamation~~ extend the time for the completion of works under said permit to December 1, 1954

Subscribed and sworn to before me this 17 day of October, 1952.

Victor S. Thaler

My commission expires Aug 24 1956

Residing at Tulelake, Calif

Date of receipt at office of Department of Reclamation Oct. 22-1952

STATE RECLAMATION ENGINEER

APPROVAL OF ~~COMMISSIONER OF RECLAMATION~~

I, Mark R. Kulp

~~Commissioner of Reclamation~~ of the State of Idaho, hereby extend the time for the completion of construction work under Permit to Appropriate the Public Waters of the State of Idaho, No. 21299 to

December 1, 1954

Re: Permit No. 21299.

Dear Mr. Kulp:

Enclosed is a new assignment of a portion of the above permit made to Ival D. Wolfe of Tulalake, California, which I believe conforms to the instructions of your letter of October 1st, 1952. I also enclose 50¢ for recording of the assignment.

Mr. Gordon L. Stolworthy is prepared to make proof of completion of works on the portion of the property and permit retained by him, and also proof of application to beneficial use.

Will you please send the necessary forms for making proof and an extra set for making proof in connection with another permit.

Very truly yours,

RE: Permit No. 21299

Mr. H. William Furchner
Attorney at Law
Blackfoot, Idaho

Dear Mr. Furchner:

We are in receipt of your letter of September 29, 1952, enclosing a form of assignment of a portion of Permit No. 21299 from Gordon L. Stolorthy and wife to Ivel D. Wolfe.

Until final proof is made, there is nothing definite as to the amount of water that will be produced by the two wells described in said permit, although the application calls for 8 second feet or 400 inches.

The description of the land upon which this water is to be used gives 50 acres in the $W\frac{1}{2}$ $SW\frac{1}{4}$ Section 26, 320 acres in the $S\frac{1}{2}$ Section 27, and 30 acres in the $NW\frac{1}{2}$ $NW\frac{1}{4}$ Section 35, Township 1 South, Range 35 East, B.M., or a total of 400 acres.

The assignment submitted covers the $SE\frac{1}{4}$ of Section 27, and the $W\frac{1}{2}$ $SW\frac{1}{4}$ of Section 26, or a total of 210 acres.

The assignment should therefore be for 210/400 of the permit, the exact amount to be determined, of course, when final proof is made.

We return the assignment enclosed in your letter with the request that it be resubmitted in accordance with the above, together with the fee of 50 cents for recording same.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. 21299.

Dear Sir:

Mr. Gordon L. Stolworthy of Route #1, Blackfoot, Idaho, has sold a portion of the property for which the above permit has been issued and desires to transfer to Ival D. Wolfe, the purchaser, such rights as he now holds for the appropriation of water for the part of the premises transferred.

I do not know whether or not it is the practice of your office to issue a new permit or to make such other record of the transfer and I would appreciate information as to how you would wish this to be handled. If you have any special form you wish to have used I would appreciate your forwarding it to me in the event the enclosed assignment is not satisfactory for your purposes.

If the enclosed assignment is satisfactory we would appreciate acknowledgement of the transfer from your office.

Very truly yours,

H. William Furchner

DEPARTMENT OF RECLAMATION
BOISE

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mr. Gordon L. Stelworthy
Route 1
Blackfoot, Idaho

Boise, Idaho, **October 1, 1952**

Dear Sir:—

I enclose herewith blank form upon which to give notice that you are prepared and desire to submit proof of completion of works under your permit No. 21299.

This form should be filled out and mailed to the Department of Reclamation, at least 60 days before the date upon which proof is to be submitted, which proof **MUST** be on or before December 1, 1952. Upon receipt of the blank properly filled out, notice of publication will be sent to the paper direct from this office, which notice must be published a period of four weeks prior to the date of proof.

The proof may be submitted at any place convenient to you and two witnesses, where there is a notary public or other officer authorized to administer oaths.

The certificate that shall be issued under this proof does not give you a perpetual right to the use of the water for which application is made, as it only confirms the completion of the works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Very truly yours,

MARK R. KULP

Dear Mr. Furchner:

We enclose herewith the form letter we send out on the first of each month to permit holders whose proof of completion of works comes due within the next 60 days.

Your letter of September 19, 1952, indicated that Permit No. 21299 was to be assigned to Ival D. Wolfe, but we have not received the assignment so the letter is addressed to the record holder, Gordon L. Stolworthy.

We also understood from your letter that application for extension of time for completion of works was to be filed on this permit, but such application has not yet reached this department.

Re: Permits Nos. 21299 and 21300

Mr. J. H. Anderson
Attorney at Law
Blackfoot, Idaho

Dear Mr. Anderson:

We acknowledge receipt of your letter of December 3, in regard to the applications of Gordon L. Stolworthy and Rodney W. Tew.

In view of your explanation as to the overlapping of land in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ and NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 27, Township 15, Range 35 East, the applications have been approved as made, with the understanding that when final proof is made, there can be an adjustment as to the amount of water allowed from each source.

We accordingly enclose Permit No. 21299 in the name of Gordon L. Stolworthy, together with Departmental Receipt No. 21945 for the \$6.75 filing fee.

We also enclose Permit No. 21300 in the name of Rodney W. Tew, with Departmental Receipt No. 21946 for the \$6.50 filing fee. As your check accompanying this application was for \$6.75, there is a refund of \$.25 due you which we enclose in stamps.

Attention of the Permit Holders is directed to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

LAW OFFICES
J. H. ANDERSEN
BLACKFOOT, IDAHO

December 3, 1949

Hon. Mark R. Kulp
State Reclamation Engineer
Boise, Idaho

Dear Sir:

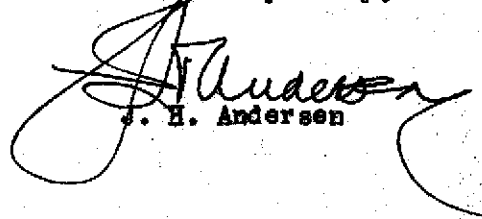

Replying to your communication of the 2nd instant regarding the applications of Gordon Stelworthy and Rodney W. Tew.

It was known to us that this overlapped, but it was determined at the time that it might be impossible to irrigate all of the land from wells on the Rodney Tew property and so the land was covered also by the Stelworthy application.

However, that may be corrected by dividing the land in the two 40's, that is to say, change the Stelworthy application to show ten acres to be irrigated in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ and 10 acres in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 27, Township 1 South, Range 35 East Boise Meridian, and you are also authorized to reduce accordingly the amount of water which is applied for by Mr. Stelworthy.

If you can not make this correction in your office, please return the applications to me and I will have them corrected and returned.

Yours very truly,

J. H. Andersen

JHA:rr

21299

December 2, 1949

Mr. J. H. Andersen
Attorney at Law
Blackfoot, Idaho

Dear Mr. Andersen:

In checking the applications recently received from you in the name of Gordon Stolworthy and Rodney W. Tew, we note what seems to be an overlapping of the land descriptions.

Mr. Stolworthy's application describes land including all the S $\frac{1}{2}$ Section 27, Township 1 South, Range 35 East, one of the wells being located on the NW $\frac{1}{4}$ SE $\frac{1}{4}$ of this Section.

However, Mr. Tew's application describes, in addition to the N $\frac{1}{2}$ Section 27, Township 1 South, Range 35 East, B.M., 30 acres in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ and 30 acres in the NW $\frac{1}{4}$ SE $\frac{1}{4}$ (where Mr. Stolworthy's well is located).

As these 60 acres in the S $\frac{1}{2}$ Section 27 are included in Mr. Stolworthy's application, we are wondering if there can be an error in one of these descriptions. We shall appreciate hearing from you in regard to the matter.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

LEGAL NOTICE

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 o'clock, A.M., on the 23rd day of July, 1953, at Blackfoot, County of Bingham, State of Idaho, before H. William Furchner, a Notary Public, proof will be submitted of the completion of works for the diversion of 3.3 cubic feet per second of the waters of the Snake River from a well in the NE 1/4 of Section 27, Twp. 1 S., Rge. 35 E.B.M. and of the application to beneficial use of said water.

Before issued by the Department of Reclamation, June 26, 1953.

1. The name and postoffice address of the person or corporation holding said permit are Gordon L. Stolorthy, Route No. 1, Blackfoot Idaho.

2. Said works of diversion have been fully completed on the date set for such completion and the amount of water which said works are capable of conveying to the place of use in accordance with the plans accompanying the application for said permit is 3.3 cubic feet per second.

3. Said water is being applied to beneficial use in the amount of 3.3 cubic feet per second.

4. The place where said water is used is the SW 1/4 of Sec. 27, & NW 1/4 NW 1/4 Sec. 35, in Twp. 1 South, of Range 35, E.B.M.

5. The date of priority which said user is prepared to establish is November 29, 1949.

MARK R. KULP
State Reclamation Engineer
Publish June 26, July 10, 17, 1953.
