Works and beneficial use proofs due December 29, 1964.

We are enclosing a photo copy of Melvin McClain's well under G-22133 which is the only well in that area for which we have received a well log. We have no filing from Al Kramer in this locality. Alfred C. Kramer made a filing for a well in NE1/4NW1, Sec. 20, T. 8 S., R. 9 E., S. M. for irrigation of the W1/2 of the same section, township and range but relinquished it.

We are sorry this report is a day or two late due to regular business pressure. Any lengthy report such as this one must of necessity be side-tracked at times.

APPLICATION FOR AMENDMENT
 TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
 OF THE STATE OF IDAHO, NO. 21290

Comes now O. ELWOOD, LEONARD H. & FRED W. MANWARING and represents to the State Reclamation Engineer of the State of Idaho;

That they are the owners and holders of Permit to appropriate the Public Waters of the State of Idaho, No. 21290.

That the point of diversion is described in said Permit as being located in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 33, Township 1 South, Range 35 East, B.M.

That they now request that the point of diversion be changed to a point located in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 33, Township 1 South, Range 35 East, B.M.

That their reasons for desiring to make such change are as follows: Original location was determined from power line location which has been found to be in error.

That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Blackfoot, this 18 day of July, 1955.

We are enclosing a photo copy of Melvin McClain's well under 0-28333 which is
the only well in that area for which we have received a well log. We have no filing
from Al Kramar in this locality. Alfred C. Kramar made a filing for a well in
NE1/4, Sec. 20, T. 8 S., R. 9 E., S. M. for irrigation of the W1/2 of the same
section, township and range but relinquished it.

We are sorry this report is a day or two late due to regular business pressure.
Any lengthy report such as this one must of necessity be side-tracked at times.

RE: Permit No. 21290

Mr. O. Elwood Manwaring
Route 1
Blackfoot, Idaho

Dear Mr. Manwaring:

The report of our field engineer on examination for beneficial use on the above numbered Permit in the name of yourself, Leonard H. & Fred W. Manwaring, is now on file.

This report shows that your well is actually located in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 33, Township 1 South, Range 35 East, B.M. and not in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ as described in the Permit and published notice.

It will, therefore, be necessary to file an application for amendment to the point of diversion or location of the well and we enclose a form of application for such amendment herewith. When this application is returned and approved, a License can be issued for 3.6 second feet of water for the irrigation of 220 $\frac{1}{2}$ acres in the SW $\frac{1}{4}$ of Section 28; NW $\frac{1}{4}$ and NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 33, Township 1 South, Range 35 East, B.M.

The license fee will amount to \$18.00, being at the rate of \$2.00 for each 40 acre subdivision in which the land is located. There is no fee in connection with the application for amendment.

Very truly yours,

Dear Mr. Manwaring:

We are in receipt of duplicate notice for proof of beneficial use to be made on Permit No. 21290 in the name of yourself, Leonard H. and Fred W. Manwaring with authority to publish in the Shelley Pioneer.

However, this notice sets the date for making proof as October 27, 1954. Since the law requires publication once a week for four weeks prior to the time set for proof, we must ask you to set another date far enough ahead to allow for the four weeks publication.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing.

Dear Mr. Kulp:

Enclosed you will find Permit No. 21290 entitled "Certificate of Completion of Works" issued to O. Elwood, Leonard H. and Fred W. Manwaring, joint owners of certain discribed lands on which a subterranean deep well was dug and installed. O. Elwood Manwaring appeared at your office on September 8th, 1950 and filed application for said permit. This permit No. 21290 was granted. Because of an inadvertant error on the application by him the figure of 3 second feet of water was issued as the amount diverted and conveyed under this development. The actual measured amount is 3.92 second feet. On September 25th, I appeared at your office and asked if this corrected figure could be issued and was told that if the Permit had not been recorded to return it to your office and a corrected application could be made and then a corrected permit granted.

Please send by return air mail the original application and a new blank application form and it will be submitted immediatly in order that you could issue a permit granting the additional acquirement of water.

We are very sorry that the application was in error and the inconvenience to your office because of it. We appreciate very much your cooperation in assisting us to get a corrected permit.

Re: Permit No. 21290

To Whom It May Concern:

At the request of Mr. O. Elwood Menwaring, we give below the status of Permit to appropriate the Public Waters of the State of Idaho, No. 21290, as shown on the records of the State Department of Reclamation at Boise, Idaho.

Permit No. 21290, dated December 19, 1949, in the names of O. Elwood, Leonard H. and Fred W. Menwaring, joint owners, of Blackfoot, Idaho, for the diversion of six (6) second feet of water from a deep well located in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 33, Township 1 South, Range 35 East, B.M., for the irrigation of 300 acres described as follows:

130 acres in the SW $\frac{1}{4}$ Section 28;

145 acres in the NW $\frac{1}{4}$, and 25 acres
in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Section 33;

All in Township 1 South, Range 35
East, B.M.

Proof of Completion of Works was made, showing a capacity of three (3) cubic feet per second, and Certificate of Completion of Works was issued September 8, 1950.

Proof of Application of Water to Beneficial Use is not due until December 19, 1954.

The Permit is in good standing at the present time.
