Re: Permit No. 21200

Mr. Severiano Ancho
Aberdeen, Idaho

Dear Mr. Ancho:

The report of our Field Engineer on examination for beneficial use under Permit No. 21200 shows that you have irrigated 30 acres in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 17, Township 6 South, Range 31 East, B.M. from the well in the same location.

A License can therefore be issued for .6 of a second foot (or 30 inches) of water, upon receipt of the statutory fee of \$2.00.

If later on you wish to apply the remaining 15 inches included in Permit No. 21200 on the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 20, a supplemental proof can be made when these 15 acres have been irrigated, and License issued for the remaining 15 inches.

Dear Mr. Ancho:

We acknowledge receipt of the depositions of yourself and two witnesses; also Affidavit of Publication in the Aberdeen Times, all in Proof of Beneficial Use under your Permit No. 21200.

Before final action is taken in the matter, the law requires that a field examination be made by an Engineer from this Department.

We are unable to say just when this examination will be made as this Department has but one Field Engineer who makes examinations all over the State.

However, Mr. Tolman, Field Engineer for this Department, will try and contact you at the time he makes the examination in order that you may arrange to show him over the grounds.

Dear Mr. Ancho:

We enclose Permit No. 21200, together with Departmental Receipt No. 21755 for the \$5.00 filing fee.

Since your application states that the works are completed and in use, we have allowed three months or until December 2, 1949, within which to make the statutory proofs necessary to complete your water right.

The first proof or proof of completion of works is made by executing Form 6 enclosed before a Notary Public, and returning to this Department with a statutory fee of \$5.00, upon receipt and approval of which, a Certificate of Completion of Works will be issued.

The final or beneficial use proof requires publication once a week for four consecutive weeks in a county newspaper, prior to the date set for making proof. Notice should be made in duplicate on Form 10 enclosed, setting the time and place and naming the Notary Public before whom proof is to be made. Both copies of the notice to be returned to this Department together with Form 11 which is your authorization for us to have the notice published in the designated newspaper at your expense.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing, and on the date set, you should appear before the Notary Public together with two disinterested witnesses to execute depositions of proof on forms furnished by this Department.

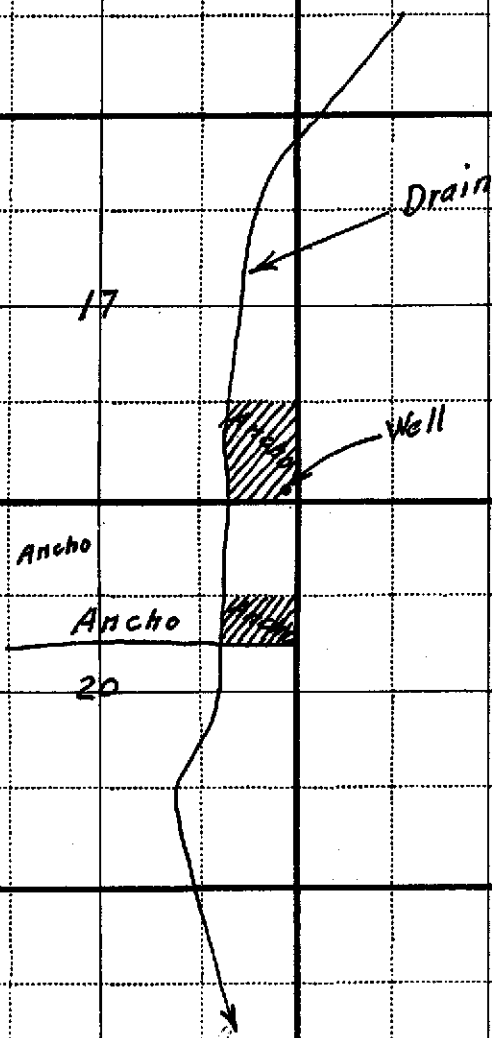

Very truly yours,

July 18, 1949

Mr. Severiano Ancho
Aberdeen, Idaho

Dear Mr. Ancho:

In reply to your letter of July 15, 1949, we enclose a form of application for permit to appropriate the public waters of the State of Idaho, together with regulations and instructions in regard to filing same.

This form is used for filing on subterranean water from a well the same as from any other source. The point of diversion called for under Question 4 should be the legal subdivision in which the well is located.

When this application is approved it will be signed by the proper State Officials and sent you as a use permit under which you may proceed with the construction of the work described in the application. In order to complete your water right two proofs are required as follows:

First, proof of completion of works which is made by affidavit before a Notary Public. The time required for making this proof should be stated under Question 12 in the application.

The final proof is made when the water has been completely applied for irrigation or whatever purpose it is intended. Notice of such proof must be published for four consecutive weeks in a county newspaper at your expense and at the time set for proof depositions are to be executed by yourself and two witnesses in proof of such beneficial use. The additional time required for making this proof should be stated under Question 13 of the application.
