Dear Mr. Vanderford:

We acknowledge receipt of your letter of October 12, 1949, enclosing Affidavit of Publication from the Aberdeen Times, from which we note that the additional publication was made on October 6, thus completing the statutory four weeks.

This completes your proof, but before final action is taken in the matter, the law requires that a field examination be made by an Engineer from this Department.

We are unable to say just when this examination will be made as this Department has but one Field Engineer who makes examinations all over the State.

However, Mr. Tolman, Field Engineer for this Department, will try and contact you at the time he makes the examination in order that you may arrange to show him over the grounds.

We return your Permit No. 21178 which you sent us along with your Beneficial Use Proofs.

Mr. T. S. Vanderford

Dear Mr. Vanderford:

We enclose Permit No. 21178 together with Departmental Receipt No. 21708 for the \$5.50 filing fee.

As your application states that the works are complete and the water in use, we have allowed three months or until November 13, 1949, within which to make the two statutory proofs necessary to complete the water right. These proofs, however, may be made at any time prior to that date.

The first proof or proof of completion of works is made by executing Form 6 enclosed before a Notary Public, and returning to this Department with a statutory fee of \$5.00, upon receipt and approval of which, a Certificate of Completion of Works will be issued.

The final or beneficial use proof requires publication once a week for four consecutive weeks in a county newspaper, prior to the date set for making proof. Notice should be made in duplicate on Form 10 enclosed, setting the time and place and naming the Notary Public before whom proof is to be made. Both copies of the notice to be returned to this Department together with Form 11 which is your authorization for us to have the notice published in the designated newspaper at your expense.

We shall then send a copy of the notice to the newspaper with instructions in regard to publishing, and on the date set, you should appear before the Notary Public together with two disinterested witnesses to execute depositions of proof on forms furnished by this Department.
