INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

APPLICATION FOR PERMIT To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 28749
PERMIT No. 21086
DISTRICT No.

H. William Furchner
Attorney at Law
Blackfoot, Idaho

1. Name of Applicant: FRANK BRADFORD

Postoffice address: Pingree

County: Bingham

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand:
- (b) Treasury stock:
- (c) Bonds to be issued:
- (d) Other resources:

2. Quantity of water claimed: 1.5 cubic feet per second.

3. Source of water supply: A well which is a tributary of

4. Location of point of diversion: Approx. 700 Northwest feet distant from the Southeast corner of Section 34, T. 3 S., R. 33 E., B.M., and is in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 34, T. 3 S., R. 33 E., B.M., County of Bingham

5. Water is to be used for Irrigation

6. If for mining, milling, power or manufacturing purposes, give:

- (a) Point of use of water: feet distant from corner of Section T. , R. , B.M., in the of Section , T. , R. , B.M.
- (b) Amount of power generated: H.P., under feet head.
- (c) Water is to be returned to at a point feet distant from the corner of Section , T. , R. , B.M., in the of Section , T. , R. , B.M.

7. Estimated cost of works: \$ 2,500.00

8. Kind of works: 12 inch well, depth of 80 ft., equipped with electric rotary pump and ditches over the land to be irrigated.

9. Height of dam feet; length of dam at top feet; length of dam at bottom feet; material used in dam:

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom 1 feet; width at water line 3 feet; depth of water 1 $\frac{1}{2}$ feet; dimensions of flume:

Diameter of pipe inches; length of conduit One miles.

Average grade per mile Six feet.

12. The time required for the completion of such work is One (1) years.

13. The time required for the complete application of the water to the proposed use is One (1) additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: 45 shares of capital stock of Aberdeen-Springfield Canal Company (5.8 inch to the share), which applicant intends to transfer to other lands upon completion of the irrigation works and well.

16. (a) Is reservoir to be used? If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

Re: Permit No. 21086

Mr. H. William Furchner
Attorney at Law
Blackfoot, Idaho

Dear Mr. Furchner:

We acknowledge receipt of your letter of June 29, 1951, enclosing depositions of Frank Bradford and two witnesses, also Affidavit of Publication in the Blackfoot Daily Bulletin, all submitted in Proof of Beneficial Use under Permit No. 21086.

Before final action is taken in the matter, the law requires that a field examination be made by an Engineer from this Department.

We cannot say just when this examination will be made as this Department has but one Field Engineer who makes examinations all over the State.

However, he will try to contact Mr. Bradford at the time the examination is made so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 2 P. M. on the 27th day of June, 1951, at Blackfoot, County of Bingham, State of Idaho, before H. William Furchner, a Notary Public, proof will be submitted of the application to beneficial use of 1.5 cubic feet per second of the waters of a well in accordance with the terms and conditions of Permit No. 21086 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Frank Bradford, Pingree, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is 1.5 cubic feet per second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) for irrigation is: West half of Northeast quarter of Section Thirty-four, Township Three South, Range Thirty-three, East of the Boise Meridian, in Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of use is None.

The right to take water from such works is based upon Permit No. 21086.

The source of supply from which such water is diverted is subterranean sources diverted from well situated on above premises.

The date of priority which said user is prepared to establish is May 26th, 1949.

MARK R. KULP
State Reclamation Engineer.
Publish: May 25, June 1-8-15.

I, Marjorie Flint, do solemnly

swear that I am the Principal Clerk of

The Daily Bulletin, which is a daily newspaper of general circulation published each day except Saturday and Sunday at Blackfoot, Bingham County, Idaho, said newspaper having been so published at Blackfoot aforesaid for more than one year past; that said newspaper heretofore complied with all the provisions of Chapter 154 of the Sessions Laws of Idaho of 1933, approved March 11, 1933, and duly designated, pursuant to law, a particular day of the week as the day on which legal notices required by law or by order of any Court of competent jurisdiction within the State of Idaho shall be published, to-wit: Friday of each week; that the notice attached hereto, and which is a part of this affidavit and part of the proof of publication, was published

in said Friday issue in said newspaper 4

consecutive weeks the first publication having been

made on the 25 day of May, 1951

and the last publication having been made on the

15 day of June, 1951 that said

notice was published in the regular and entire issue of every number of the paper as aforesaid during the period and time of publication, and that the notice was published in the newspaper and not in a supplement.

Subscribed and sworn to before me this 16th

day of June, 1951

Notary Public for the State of Idaho,
Residing at Blackfoot, Idaho.

BOISE, IDAHO

Permit No. 21086

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. My name is Frank Bradford. I am a farmer and reside at Pingree,
Bingham County, Idaho. That is my postoffice address.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. ---

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 21086, dated June 4, 1949, with date of priority May 26,
1949.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Source of water supply and point of diversion are a well located in
the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 34, Twp. 3 So., R. 33, E.B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. The well is 12 inches in diameter, 76 feet deep. It is cased with
10-inch pipe 22 feet to lava rack. It is equipped with a rotary pump and
15 h.p. electric motor. The ditches run from the well over the land as
shown on the plat attached to the permit. The water level is about
38 feet from the surface of the land. The pump discharges from 90 to 100
inches of water, according to my best estimate from experience.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water is all used for irrigation of the W $\frac{1}{2}$ NE $\frac{1}{4}$ of Sec. 34, Twp.
3 So., R. 33, E.B.M. (about 79 acres). The land is all cultivated crop
land. It has been leveled and fended, and has a small pump house on it.

21086

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. -----

Ques. 8. What is the minimum amount of water required for the purpose specified above?
of one inch per acre

Ans. The land requires a minimum amount of water for irrigation.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. -----

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. I first began to use the water from this well in August 1949, and have used the full stream continuously for irrigation of the land since that time.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. I also own 45 shares of stock in Aberdeen-Springfield Canal Co., representing 5/8 inches of water per share which have been used on this land. I intend to sell or transfer this water to other lands if possible. However, the full amount of water from the well is necessary to supplement the canal water throughout the irrigation season.

(Sign) Frank Bradford

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Blackfoot, County of Bingham, State of Idaho, on this 27th day of June, A. D. 1951;

William L. Luchner

My commission expires January 31, 1954. Notary Public for Idaho, residing at Blackfoot, Idaho.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 21086

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. My name is Ernest Josephson. I am 42 years of age, am a farmer,
and live near Pingree, Bingham County, Idaho. That is my P. O. address.

Ques. 2. Are you acquainted with Frank Bradford, the
holder of Permit No. 21086? How long have you known him and where does
he reside?

Ans. Yes. He lives on a farm near Pingree. I have known him about 30
years.

Ques. 3. Have you read or heard read said Permit No. 21086, and are you
familiar with its provisions and conditions?

Ans. I am.

Ques. 4. State source of water supply, place of diversion, and describe works for con-
veying water from point of diversion to place of use.

Ans. The source of water supply and point of diversion is a well in the
NW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 34, Twp. 3 So., R. 33, E.B.M. The ditches run from the
well over the land as shown on the plat attached to the permit.

Ques. 5. How many second feet of water do you estimate said works will safely con-
duct to place of use, and how much water have you seen being so conveyed?

Ans. I estimate that the well delivers about 90 inches of water and I
have seen all of it used on the land.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons
per minute have you seen the pump deliver, and how did you measure or estimate the
amount?

Ans. My estimate of 90 miners inches is based only on experience with
irrigation.

21086

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water is used for irrigation of about 80 acres. All of the land shown on the plat--the W $\frac{1}{2}$ NE $\frac{1}{4}$ of Sec. 34, Twp. 3 So., R. 33, E.B.M. The land is all cultivated crop land. It has been leveled and fenced. There are no buildings except a pump house.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. ---

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is a lava ash soil. It requires about one inch per acre for profitable cultivation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. none.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have lived near Mr. Bradford and have seen the water from the well used on the land for irrigation of all of it since August, 1949.

(Signed)

Ernest Josephson

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Blackfoot, County of Bingham, State of Idaho, on this 27th day of June, A. D. 1951.

William L. Linder

Notary Public.

My commission expires January 31, 1954.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 21086

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case:

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Carl Beebe, 41 years of age. I am a farmer and reside at Pingree, Idaho, which is my post office address.

Ques. 2. Are you acquainted with Frank Bradford, the holder of Permit No. 21086? How long have you known him and where does he reside?

Ans. I have known Mr. Bradford 30 years. He also lives on a farm at Pingree, Idaho. I have examined his permit No. 21086.

Ques. 3. Have you read or heard read said Permit No. 21086, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source of water supply is a well in the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Sec. 34, Twp. 3 So., R. 33, E.B.M. Ditches run from the well over the land as shown on the plat attached to the permit.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. I have seen the water pumped from the well and used through the ditches and on the land and estimate the flow at 90 inches.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I estimate that the well pumps 90 inches. My estimate is based only on long experience with irrigation.

21086

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water is used for the irrigation of $W\frac{1}{2}NE\frac{1}{4}$ of Sec. 34, Twp. 3 So., R. 33, E.B.M. (about 80 acres). It is all cultivated land. The whole tract has been leveled and fenced. There are no buildings, except the pump house.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. -----

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The soil is lava ash. It requires at least an inch of water per acre for profitable irrigation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. The water was first used for irrigation of the land in August, 1949, and was used during the whole irrigation season of 1950, and is being used now. The full stream of about 90 inches is used for irrigation.

(Signed) Carl C. Breche

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Blackfoot, County of Bingham, State of Idaho, on this 27th day of June, A. NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 8 P. A. M. on the 27th day of June, 1951,
at Blackfoot, County of Bingham, State of Idaho, before
H. William Furchner, a Notary Public, proof will be submitted of the
application to beneficial use of 1.5 cubic feet per second of the waters of a well
in accordance with the terms and conditions of Permit No. 21086
heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are

Frank Bradford, Pingree, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is 1.5 cubic feet per second.

The place where said water is used (if for irrigation, give full and accurate description of the
lands irrigated) for irrigation is: West half of Northeast quarter of Section
Thirty-four, Township Three South, Range Thirty-three, East of the
Boise Meridian, in Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of
use is None.

The right to take water from such works is based upon Permit No. 21086.

The source of supply from which such water is diverted is subterranean sources
diverted from well situated on above premises.

The date of priority which said user is prepared to establish is May 26th, 1949.

MARK R. KULP

State Reclamation Engineer.

May 23, 1951

Re: Permits Nos. 20094 and 21086

Mr. H. William Furchner
Attorney at Law
Blackfoot, Idaho

Dear Mr. Furchner:

We are in receipt of your letter of May 21, in which you enclose prepared forms for publication of notice of time and place for making Proof of Application of Water to Beneficial Use in connection with Permit No. 21086 issued to Frank Bradford of Pingree, Idaho, and the authorization for publication of such notice.

We are sending said notice to the Blackfoot Daily Bulletin with instructions to publish it once a week for four consecutive weeks, and to send Mr. Bradford the Affidavit of Publication, together with statement of cost.

You state that you enclosed a Proof of Completion of Works of Melvin Judge of Pingree, Idaho, together with your check in the sum of \$5.00 in payment of the fee for issuance of the Certificate of Completion of Works for Permit No. 20094, held by Mr. Judge.

We wish to state that the Proof of Completion of Works was not enclosed in your correspondence. We assume that you have inadvertently overlooked the enclosure of said proof.

You also state that the Proof of Completion of Works in the last above mentioned Permit specifies different acreages in the respective subdivisions then was set out in the application for permit. We are enclosing a form of Application for Amendment to Permit for your use, providing the subdivisions have been changed in the Proof of Completions of Works. However, if it is just a difference in the number of acres within each subdivision, no amendment will be required as there would be no change in the place of use as to subdivisions recorded.

21086

Mr. H. William Furchner
May 23, 1951
Page 2

We also enclose a form which you may fill out for extension of time for beneficial use proof on this Permit.

We are also enclosing the necessary forms for Notice for Publication on Permit No. 20094, as per your request.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
By

Roy W. Thompson

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) May 21st, 1951

(P. O.) Blackfoot, Idaho

TO THE STATE RECLAMATION ENGINEER:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the-
The Daily Bulletin of Blackfoot, Idaho, published in
the county in which the works are situated.

Frank Bradford

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

Re: Permit No. 21086

Mr. H. William Furchner
Attorney at Law
Blackfoot, Idaho

Dear Mr. Furchner:

Reference is made to your letter of June 20, 1950, requesting forms for making Proof of Beneficial Use on Permit No. 21086 in the name of Frank Bradford.

Notice of this proof must be published once a week for four consecutive weeks in the county newspaper and we enclose herewith, the forms for making this notice, which should be made in duplicate on Form 10, setting the time and place, and naming the Notary Public before whom the proof is to be made. The time, of course, should be set sufficiently far ahead to allow for the four weeks publication. Both copies of Form 10 to be returned to this Department together with Form 11 which is authorization for us to have the notice published at Permit Holders expense in the designated county newspaper.

We shall then send a copy to the newspaper with instructions in regard to publishing, and we will send you the forms of deposition to be used in making the proof later. At present, we are a little short of these forms but are expecting others which have been ordered from the printer.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Permit No. 21086

STATE OF IDAHO
Department of Reclamation

Proof of Completion of Works

AFFIDAVIT OF HOLDER

STATE OF IDAHO

County of Bingham.

ss.

Frank Bradford

, being first duly sworn, upon his oath deposes and says:

First: That he is the holder and owner of Permit to appropriate the Public Waters of the State of Idaho, No. 21086, and that his postoffice address is Pingree, Idaho.

Second: That the name of the stream which said water is to be directed is Unnamed, subterranean waters.

Third: That the point of diversion of said water is Approximately 700 feet Northwest from the SE corner of NW $\frac{1}{4}$ of NE $\frac{1}{4}$ of Sec. 34, Twp 3 So., R. 33, E.B.M., and in said NW $\frac{1}{4}$ NE $\frac{1}{4}$ of said Sec. 34.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by June 4, 1950.

Fifth: That the use for which said water is intended is irrigation and domestic.

Sixth: That on the date above mentioned, the works constructed under said permit were (~~constructed~~) fully completed and consisted of the following:

I. Kind of works: 12-inch well, 75 feet deep, cased to depth of 22 feet, equipped with rotary pump and (Reservoir, dam, ditch, flume, pipe or otherwise) electric motor, discharges from well as shown on plat filed with petition.

II. Dimensions of work: (a) Height of dam feet, length of dam at top feet, length of dam at bottom feet. Material used in construction.

(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir acre feet.

(c) Size of headgate: Width feet, height feet.

(d) Conduit width at bottom 4 feet, width at water line 8 (State whether ditch, flume or pipe)

feet, depth of water 4 inches; diameter of pipe inches, average grade per mile is 8 feet. Length of conduit is 1 miles.

Seventh: That said works are capable of conducting to the place of intended use 1.5 second feet of water.

Eighth: That water appropriated under said permit is available for 75 acres of land described as follows: 35 acres in NW $\frac{1}{4}$ NE $\frac{1}{4}$ and 40 acres in SW $\frac{1}{4}$ NE $\frac{1}{4}$ of section 34, Twp. 3 South, Range 33, E.B.M.

Ninth: Remarks: That

Frank Bradford

DEPARTMENT OF RECLAMATION
BOISE

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mr. Frank Bradford
Pingree, Idaho

Boise, Idaho **April 1, 1950**

Dear Sir:-

Under the terms of your permit No. ~~21086~~-----you are required to complete your diversion works on or before ~~June 1, 1950~~----- I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP
State Reclamation Engineer
