Dear Mr. Williams:

We have researched our records for the land you indicated as Mr. Clement's on the map included with your February 26 letter.

Copies of all the licenses and any transfers are enclosed for your use.

From the differences between the existing water right licenses and the way Mr. Clement wishes to operate his project, you can determine what transfers of water rights, if any, are needed.

We hope this has provided you with the desired information.

Sincerely,

Returned herewith are the two assignments with

Our space is limited and we do not keep a record

Dear Sir:

The licensee and Leland J. Jensen under the above license has sold this property and all his interest and water rights to Richard L. Jensen and Della M. Jensen, husband and wife. I presume in order to make this transfer a matter of record, they should have the assignment recorded in your office. Accordingly I have had them execute a Form of Assignment which I enclose herewith, together with fifty cents (\$.50) which I understand to be the filing fee.

The Deed of Conveyance specifically refers to this Water License and that may be sufficient. If it is not necessary for this Assignment to be recorded in your office you can return the Assignment and the fee to me.

Re: Permits Nos. 20632 and 20890

Mr. Leland J. Jensen
Rt. 2
Blackfoot, Idaho

Dear Mr. Jensen:

We are prepared to issue Licenses under these Permits for a total of 2.37 cubic feet per second.

It is our understanding that the water from the well is divided on the basis of one-sixth to Permit No. 20890 of Leland J. Jensen and five-sixths to Permit No. 20632 of C. L. Williams.

On the basis of one-sixth and five-sixths, this would be .395 cubic foot per second for Permit No. 20890 and 1.975 cubic feet per second for Permit No. 20632.

The acreages found under our examination was 23 and 125 respectively, which would be roughly five-sixths and one-sixth, except that there was some supplemental use on additional acreage under Permit No. 20890.

If the division suggested is satisfactory, we will issue the Licenses on payment of fees which are \$4.00 on Permit No. 20890 and \$8.00 on Permit No. 20632.

MARK R. KULP
