NAME OF PARTY Mr. Hill FLB Blackfoot

EMPLOYEE Pratt Farms Transfer and New Permit No. 35-7560 - Ray

RE: Mr. Hill Called and wanted to know what Mr. Pratt was doing to
the water rights and what the hold up was.

Told him Mr. Pratt was transferring the water from the land in
the SWNE and SE $\frac{1}{4}$, Sec. 1, T. 5S, R. 30E and applying it to the land in the
S $\frac{1}{2}$ NW $\frac{1}{4}$ and W $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 1, T. 5S, R. 30E that was not covered by License

contract as his proof of ownership.

New Permit No. 35-7560 was being held up pending Mr. Wrides
transferring his water right from the N $\frac{1}{2}$ NE $\frac{1}{4}$, Sec. 12, T. 5S, R. 30E.

P.O. Box 197
Aberdeen, Idaho 23210

Dear Mr. Pratt:

Enclosed is a corrected retyped copy of the transfer you filed on December 12, 1975 on License No. 35-2128.

The permit was licensed in the amount of 3.70 cfs to irrigate 233 acres. This would equal 0.0158798 cfs per each acre licensed. Therefore, for the amount transferred from the 95 acres in the E $\frac{1}{2}$, Sec. 1, should have been 1.51 cfs instead of 1.90 cfs as indicated on the transfer and which was advertised in the Blackfoot News on December 26, 1975 and January 2, 1976.

The corrected transfer still gives you 3.70 cfs to irrigate 233 acres all in the S $\frac{1}{2}$ NW $\frac{1}{4}$ and the SW $\frac{1}{4}$, Sec. 1, T. 5S, R. 30E. The E $\frac{1}{2}$ SW $\frac{1}{4}$ was not affected by the transfer and will remain as in the original license.

Please sign at the red check before a notary public and return with a copy of your sales agreement contract for further processing.

It will be necessary to readvertise this transfer again at our expense. There will be no further charges to you as this was a departmental error.

If you have any questions concerning the matter, please feel free to contact me.

Very truly yours,

Dear Mr. Wride:

Your proofs of completion of works and beneficial use were made so near the end of the irrigation season and the inspection load was so heavy that it was impossible to make the required inspection last fall.

It will be made sometime after irrigation gets underway this coming season. You will be notified in advance or contacted at the time inspection is made. It is a fixed policy of this department to have the permit holder or his representative present at time of inspection.

After the inspection report has been turned in to this department, a license can be issued. You will be further advised from this office regarding same at that time.

Very truly yours,

Dear Mr. Wride:

We acknowledge receipt of the depositions of yourself and two witnesses, also affidavit of publication in the Aberdeen Times, all in proof of completion of works and beneficial use under Permit No. 20857.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.
