Re: Permit No. 20833.

Dear Sir:

In answer to your letter of May 16th relative to the use of waters from the well in connection with the above permit Mr. Maruji, the permit holder, has confined the use of the well water to the lands described in the affidavits of proof to-wit:

South half of the South east quarter and the Southeast quarter of the Southwest quarter of Section Thirty-six, Township Two South, Range Thirty-three, East of the Boise Meridian.

You will note from the information in item 15 of the petition that Mr. Maruji had other irrigating waters in the Aberdeen-Springfield Canal Company. He has continued to use the canal water on the other lands described in his petition and has not used any of the canal water on the lands above described which have been irrigated entirely from the well.

I hope this satisfactorily answers your inquiry.

Dear Mr. Furchner:

We acknowledge receipt of your letter of May 12, 1950, enclosing the depositions of Ken Meruji and two witnesses; also Affidavit of Publication in the Blackfoot Daily Bulletin, all in connection with Beneficial Use Proof under Permit No. 20833.

However, we note that all three depositions describe the land on which the water has been applied as the S₁/₄ SE₁/₄ and SE₁/₄ SW₁/₄ Section 36, Township 2 South, Range 33 East, or 120 acres, whereas the Permit describes the entire SE₁/₄ and the SE₁/₄ SW₁/₄. Was the NE₁/₄ SE₁/₄ intentionally omitted or is this a typographical error? If the latter, we can make the necessary correction upon your authorization for us to do so.
