Dear Sirs:

I am writing concerning my well (irrigation) under Permit No. 20012.

I received your letter of May 24, stating that before final action could be taken, a field examination had to be made by an engineer from your department.

I understand the field engineer was here, and contacted my hired man when I was not at home.

Having heard nothing since, I was wondering if the final action had been taken, and if the filing is completed.

Aggie Lusk:

I received your letter of instructions on how to fill out the papers in regards to the filing on my well. It had been accidentally put in a letter of Milo Loomie of Springfield.

I asked the watermaster of Aberdeen Springfield Canal company about it and he couldn't understand it either. Therefore we left the Notary Public space blank. The Notary I had will be fine for that too. Calvin Moser of Aberdeen.

I am enclosing a money order of five dollars for the statutory fee and am sending this air mail in hope that it will get there as soon as the rest of the forms that I sent yesterday.

Dear Mr. Babb:

We enclose herewith Permit No. 20012 and also departmental receipt No. 19816 for the \$5.50 filing fee, and call attention to the limitations and conditions of same as given on the fourth page.

Since your application stated that the works were already completed, we have allowed the minimum of three months in which to make the statutory proofs required to complete your water right, that is, on or before May 20, 1947.

The first, or completion of works proof, is made by executing Form 6, enclosed, before a Notary Public, and returning to this Department with the statutory fee of \$5.00, upon receipt and approval of which a Certificate of completion of works will be issued.

Notice of proof of beneficial use is required by law to be published once a week for four consecutive weeks prior to the date set for proof, in the county where the water is diverted. This notice should be made out in duplicate on Form 10 enclosed, setting the date sufficiently far ahead to allow for the four weeks' publication, and naming the Notary Public, or other officer authorized by law to administer oaths, before whom the proof will be made.

Both copies of the notice are to be returned to this Department, together with Form 11, which is your authorization for us to have the notice published at your expense in the newspaper, with instructions in regard to publishing same.
