State of Idaho
License and Certificate of Water Right

Water License No. 20007
Water District No. _____

Amount 1.5 second feet
Priority February 10, 1947

THIS IS TO CERTIFY that **MILO LOOMIS**
of **Springfield, Idaho**, made application for a permit to appropriate the
public waters of the State of Idaho, dated **February 10, 1947**; that Permit No. **20007**
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
1.5 second feet, was issued thereunder on **May 22**, 19 **47**, showing that said works
were completed on the **8th** day of **March**, 19**47**; and that on the **25th**
day of **May**, 19 **49**,
of
MELVIN E. CLEMENTS' Assignee/MILO LOOMIS
of **Springfield**, State of **Idaho**, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of **subterranean flow**
, ~~subterranean~~ from a well, for the purpose of **irrigation**
, under Use Permit No. 20007 of the **Department of Reclamation**
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
8 of Licenses at page **4518**, on the **14th** day of **March**, 19**50**;
The right hereby confirmed dates from **February 10**, 19 **47**;
The Point of Diversion is located
in the **Ne 1/4 SE 1/4, Sec. 13**, Tp. **4 S.**, R. **32 E**, B. M. **Bingham County**
That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed **1.5** cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
4 S.	32 E.	13	NW 1/4 SE 1/4	40	28
			NE 1/4 SE 1/4	40	40
4 S.	33 E.	18	Lot 3 or NW 1/4 SW 1/4	24.12	24
Number of Acres Actually Irrigated - - -				- - -	92

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place
of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this
14th day of **March**, 19 **50**.

APPLICATION FOR PERMIT

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

Application No. _____

Permit No. _____

District No. _____

1. Name of applicant: Neil LammPost office address SpringfieldCounty BinghamState Idaho

I. If applicant is a corporation, give:

(a) Date and place of incorporation: _____

(b) Amount of capital stock: \$ _____ (c) Amount paid in: \$ _____

(d) Names and addresses of directors: _____

II. The financial resources of the applicant are: (a) Cash on hand: \$ _____

(b) Treasury stock: _____ (c) Bonds to be issued: _____

(d) Other resources: _____

2. Quantity of water claimed: 2.09 cubic feet per second.3. Source of water supply: Well

which is tributary of _____

4. Location of point of diversion: at Well 2980 feet distant from the N.E. cornerof Section 13, T. 4S R. 32E, B. M., and is in the N.E. 1/4 of S.E. 1/4of Section 13, T. 4S R. 32E, B. M., County of Bingham5. Water is to be used for: Irrigation of 104.12 acres

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: _____ feet distant from _____ corner of Section _____

T. _____, R. _____, B. M., in the _____ of Section _____, T. _____, R. _____, B. M.

(b) Amount of power generated: _____ H. P., under _____ feet head

(c) Water is to be returned to _____ at a point _____ feet

distant from the _____ corner of Section _____, T. _____, R. _____, B. M. in the

_____ of Section _____, T. _____, R. _____, B. M.

7. Estimated cost of works: \$ 900.008. Kind of works: Well, 12" diameter 37 feet deep, already in operation
(Reservoir, dam, ditch, flume, pipe, etc.)9. Height of dam _____ feet; length of dam at top _____ feet; length of dam at bottom _____ feet; material used in dam _____
(If height of dam will exceed 10 feet or will store more than 100 acre feet of water, send to Department of Reclamation for Regulations.)10. Size of ~~dam~~ discharge through 10" pipe: Width _____ feet; Height _____ feet.

11. Ditch. Width at bottom _____ feet; Width at water line _____ feet; Depth of water _____ feet;

Dimensions of flume _____; Diameter of pipe 10" inches;Length of conduit 20 ft miles. Average grade per mile _____ feet.

20007

no fee

12. The time required for the completion of such work is Now Completed years.

13. The time required for the complete application of the water to the proposed use is 200 additional years.

14. The land to be irrigated is described in the following tabulation:

(Give irrigable acreage in each 40-acre subdivision)

Twp.	Range	Sec.	NE¼				NW¼				SW¼				SE¼				Totals
			NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	NE¼	NW¼	SW¼	SE¼	
45.	32E	13																40	
45.	32E	18	Part of Lot 3 Consisting of 24.12 acres and being described as follows: Beginning at the South west corner of lot three (3) Section eighteen (18) Township four (4) south, range thirty three (33) East, Boise Meridian, and running thence north 1° 16' East along west boundary of said lot three (3) 1326.1 feet to North west corner of said lot three (3); thence South 89° 51' East along North boundary of said lot three (3) 998.8 ft. to a point; thence South 23° 03' west 467.6 ft. to a point; thence South 12° 41' West 917.3 ft. to a point on South boundary of said lot three (3); thence North 89° 51' West along South Boundary of said lot three (3) 644.5 ft. to South west corner of lot three (3) Section eighteen (18) Township four (4) South, Range thirty three (33) East, Boise Meridian, the place of beginning.																24.12

Total Number of Acres to be Irrigated 104.12

14-A. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are 94.12 shares
of stock in Aberdeen Spring & Cold Canal Co with full Reservoir
rights 20007

20007

15. (a) Is reservoir to be used? No. (If so, fill in (b) and (c) below.)

(b) Name of reservoir and number of Storage Permit: _____

(c) Date of filing of Application for Storage Permit and Name of Applicant. January 29, 1947

Milo Loomis

Remarks: This well was put in operation in summer of 1946 and was pumped steadily through part of July, all of August and part of September. The Aberdeen Springfield Canal water right for this farm is insufficient for all of this land. Present installation pumps about 1 1/2 second feet. A new electric single phase motor pump is installed now and the lift at greatest depth is not over 28 feet to highest point on this farm. Due to sub surface water conditions the water table rises as much as 6 feet in this district during irrigating season. This rise in water below surface has water logged a large percentage of land on this tract. I believe that all of the farmers in this vicinity should install wells to correct alkali conditions on lower lands.

BE IT KNOWN That the undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

Milo Loomis

Applicant

By _____, Agent

Affidavit of Permission to File on Springs

(Not to be used when spring is situated on lands owned by applicant.)

I, _____, of _____, County of _____, State of _____, do hereby certify that I am the owner or lessee of the land on which the spring mentioned in the application of _____ is located, to-wit: _____ and that I do hereby grant unto the said _____ permission to file on the said spring as set forth in the foregoing application.

IN TESTIMONY WHEREOF, We, C. A. ROBINS, Governor of the State of Idaho,

and J. D. "CY" PRICE, Secretary of State of the State of Idaho, have caused this instrument to

be executed in the name of the State of Idaho, and caused the Great Seal of the State of Idaho to be hereunto affixed, this 20th day of April, 1917.

day of February, 1947

STATE OF IDAHO

Countersigned:

(SEAL)

By C. A. ROBINS

Governor.

By J. D. "CY" PRICE

Secretary of State,

Remarks: This well was put in operation in the summer of 1946, and was pumped steadily through part of July, all of August and part of September. The Aberdeen-Springfield Canal water right for this land is insufficient for all of this land. Present installation pumps about 1 $\frac{1}{2}$ second feet. A new electric single phase motor pump is installed now and the lift at greatest depth is not over 28 feet to highest point on this farm. Due to sub-surface water conditions the water table (continued below

Twp.	Range	Sec.	NE ¹ / ₄				NW ¹ / ₄				SW ¹ / ₄				SE ¹ / ₄				Totals

			A part of Lot 3, consisting of 24.12 acres, and being described as follows: Beginning at the Southwest corner of Lot 3, Section 18, Township 4 South, Range 33 East, B.M., and running thence North 1°16' East along West boundary of said Lot 3, 1326.1 feet to the Northwest corner of said Lot 3; thence South 89°51' East along the North boundary of said Lot 3, 998.8 feet to a point; thence South 23°03' West 467.6 feet to a point; thence South 12°41' West 917.3 feet to a point on the South boundary of said Lot 3; thence North 89°51' West along the South boundary of said Lot 3, 644.5 feet to Southwest corner of Lot 3, Section 18, Township 4 South, Range 33 East, B.M., the place of beginning.																
REMARKS (Continued)			raises as much as 6 feet in this district during the irrigation season. This rise in water below surface has waterlogged a large percentage of land on this tract. I believe that all of the farmers in this vicinity should install wells to correct alkali conditions on lower lands.																
			The water herein applied for is supplemental to the decreed water right in Aberdeen-Springfield Canal Co.																

CERTIFICATE OF COMPLETION OF WORKS

TO ALL WHOM IT MAY CONCERN:

This is to certify that Milo Loomis of Springfield, County of Bingham, and State of Idaho, the holder of Permit No. 20007, issued upon Application No. 27582 bearing date of priority of February 10, 1947, authorizing the diversion of 2.08 second feet of the waters of a well (subterranean) County of Bingham, State of Idaho, for irrigation purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use 1.5 second feet of the waters of said well; that the point of diversion of said waters is in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 13, Township 4 South, Range 32 East, B. M. and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit:

NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 13, Twp. 4 South, Range 32 East, B. M.-Lot 3 Section 18,
Twp. 4 South, Range 33 East, B. M.

Witness my hand this 22nd day of May, A. D. 1947.

RE: License No. 20007
Melvin Clements

Clarence Annen
Pingree, Idaho

Dear Mr. Annen:

Your letter of February 28 requested information from Water License No. 20007 shown below.

The license was issued to Melvin Clements for 1.5 cubic feet per second from a well in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 13, Township 4 South, Range 32 East, priority of February 10, 1947, to irrigate 92 acres in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 13, Township 4 South, Range 32 East and Lot 3, Section 18, Township 4 South, Range 33 East.

Very truly yours,

Re: Permit No. 20007

Mr. Clarence Annen
Pingree,
Idaho

Dear Mr. Annen:

In reply to your letter of December 5, 1957 in which you request information on a water right filed in this department appurtenant to the $N\frac{1}{2}SE\frac{1}{4}$ of Section 13, Township 4 South, Range 32 East, and Lot 3, Section 18, Township 4 South, Range 33 East.

We wish to state that State license was issued for a water right of 1.5 cubic feet per second from a well located in the $NE\frac{1}{4}SE\frac{1}{4}$ of Section 13, Township 4 South, Range 32 East, appurtenant to the above described lands. This license was issued in the name of Milo Loomis.

Upon the receipt of one dollar, we will furnish you a photo-copy of the license issued in connection with the above stated permit.

Very truly yours,

MARK R. KULP

Re: Permit No. 20007

Mr. Melvin E. Clements
Springfield, Idaho

Dear Mr. Clements:

We now have on file the report of our Field Engineer on examination for Beneficial Use under your Permit No. 20007.

This report shows that you have irrigated 92 acres in the NW $\frac{1}{4}$ SE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 13, Township 4 South, Range 32 East, B.M. and Lot 3, Section 18, Township 4 South, Range 33 East, B.M.

Therefore, upon receipt of the statutory fee of \$6.00, being at the rate of \$2.00 for each subdivision in which the land is located, a License will be issued for 1.5 cubic feet per second of water from a well located in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of said Section.

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Re: Permit No. 20007

Mr. Melvin E. Clements
Springfield, Idaho

Dear Mr. Clements:

We have received from Mr. John W. Jones, Notary Public, the depositions of yourself and two witnesses, also Affidavit of Publication in the Blackfoot Bulletin, all in proof of beneficial use under Permit No. 20007.

Before final action is taken in the matter, the law requires that a field examination be made by an Engineer from this Department.

We are unable to say just when this examination will be made as this Department has but one Field Engineer who makes examinations all over the State.

However, Mr. Tolman, Field Engineer for this Department, will try and contact you at the time he makes the examination in order that you may arrange to show him over the grounds.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 25th day of May, 1949, at Blackfoot, County of Bingham, State of Idaho, before John W. Jones, a Notary Public for Idaho, proof will be submitted of the application to beneficial use of 2.08 cubic feet per second of the waters of a well in accordance with the terms and conditions of Permit No. 20007 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and post office address of the person or corporation holding said permit are Melvin E. Clements assignee of Milo Loomis, of Springfield, Bingham County, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is 2.08 cubic feet per second.

The place where said water is used: The Northeast quarter of the Southeast quarter, and Northwest quarter of Southeast quarter, of Section Thirteen (13), Township Four (4) South, of Range Thirty-two (32), E. B. M., in Idaho; and Lot Three (3) in Section Eighteen (18), in Township Four (4) South, of range Thirty-three (33) E. B. M. in Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of use is None.

The right to take water from such works is based upon Permit 20007.

The source of supply from which such water is diverted is underground water from well in the NE1/4 SE1/4 Section 13 Twp. 4 South, Range 32 East, E. B. M.

The date of priority which said user is prepared to establish is February 10, 1947.

MARK R. KULP
State Reclamation Engineer

Permit No. 20007

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Melvin E. Clements, assignee of Milo Loomis, of
Springfield, Bingham County, Idaho, engaged in farming.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. -----

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. #20007, dated February 10, 1947 ; priority February 10,
1947.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Well-- 2980 feet distant from NE corner of Sec. 13, Tp. 4 S.
Range 32 E. B. M and in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of said Sec. 13.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Well 12" in diameter, 37 feet deep, water discharged through
10" pipe into ditch; ditches of capacity of over 4 cuft are
constructed to all irrigated land. Supplemental to Aberdeen-Springfield
Canal Co. water right for land, and amount necessary and used
under permit 2.08 cuft. Canal company has syphon which does not afford
regular supply in irrigation season.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. For irrigation; NE $\frac{1}{4}$ SE $\frac{1}{4}$, irrigated 40 acres; NW $\frac{1}{4}$ SE $\frac{1}{4}$, irrigated
40 acres, Sec. 13, Tp. 4 S. R. 32 EBM and Lot 3, 24.12 acres
irrigated, Section 18, Tp. 4 S. R. 33 E. B. M. All cultivated
land and increased general crops have been produced as result
of additional water supply.

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. -----

20007

Hart

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 1 5/8 inches to acre to properly irrigate tract and overcome water logged and alkali conditions. Canal Co. Syphon does not afford

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder. supply in sea-

Ans. Original permit holder, Milo Loomis, assigned to above assignee son. with sale of land irrigated.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. During irrigation seasons of 1947 and 1948 the water to extent of 2.08 cuft was used in regular irrigation of said land.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. Have 94.12 shares of water right in Aberdeen-Springfield Canal Company and full reservoir right therewith furnishing 5/8 inch per share, but additional supply of 2.08 cuft from well is necessary for proper irrigation of land.

(Sign)

Milo Loomis

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was

subscribed and sworn to before me, at my office in Blackfoot, County of Bingham,

Re: Permit No. 20007

Mr. John W. Jones
Attorney at Law
P. O. Box 547
Blackfoot, Idaho

Dear Mr. Jones:

We have sent to the Blackfoot Daily Bulletin, for publication once a week for four consecutive weeks, Notice of Beneficial Use Proof to be made on May 25, 1949, under Permit No. 20007, in the name of Melvin E. Clements, and have instructed them to send the Affidavit of Publication, together with statement of costs, to Mr. Clements.

We enclose herewith, the necessary forms of deposition to be used in making these proofs, consisting of one for Mr. Clements and one for each of two witnesses.

At the time set, Mr. Clements should appear before you, together with two disinterested witnesses who are familiar with the terms of the Permit and the work done thereunder, for the purpose of executing the depositions.

Very truly yours,

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 25th day of May, 19 49
at Blackfoot, County of Bingham, State of Idaho, before
John W. Jones, a Notary Public for Idaho, proof will be submitted of the
application to beneficial use of 2.08 cubic feet per second of the waters of
a well in accordance with the terms and conditions of Permit No. 20007
heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are
Melvin E. Clements, assignee of Milo Loomis, of Springfield, Bingham
County, Idaho.
The use to which said water has been applied is irrigation.
The amount applied to beneficial use is 2.08 cubic feet per second.

The place where said water is used (~~if for irrigation, give full and accurate description of the~~
~~land irrigated~~) The Northeast quarter of the Southeast quarter, and Northwest
quarter of Southeast quarter, of Section Thirteen (13), Township Four (4)
South, of Range Thirty-two (32), E.B.M., in Idaho; and Lot Three (3)
in Section Eighteen (18), in Township Four (4) South, of Range Thirty-
three (33), E.B.M., in Idaho.

The name of the canal or ditch or other works by which said water is conducted to such place of
use is None.

The right to take water from such works is based upon Permit No. 20007
The source of supply from which such water is diverted is underground water from
well in the NE 1/4 SE 1/4 Section 13, Twp. 4 South, Range 32 East, B. M.

The date of priority which said user is prepared to establish is February 20, 1947.

MARK R. KUIP

State Reclamation Engineer.

April 4, 1949

Re: Permit No. 20007

Mr. Melvin E. Clements
Springfield, Idaho

Dear Mr. Clements:

We acknowledge receipt of your letter of April 2, enclosing the Assignment of Permit No. 20007 from Milo Loomis to yourself, accompanied by your check for \$2.00 which you say is to pay the costs of advertising for final proof.

We enclose two copies of Form 10 which should be made in duplicate, naming the time and place for making the proof and the Notary Public before whom the proof is to be made. The proof may be made at any place convenient for you and your two witnesses and the date should be set sufficiently far ahead to allow for four weeks publication.

Both copies of Form 10 are to be sent to this Department, together with Form 11, which is your authorization for us to have the notice published at your expense in the designated county newspaper.

We shall then send a copy of the notice to the newspaper, with instructions in regard to publishing, and telling them to send you the affidavit of publication, together with the statement of costs.

The cost will be more than the \$2.00 which you sent, and will probably run around \$10.00, so we are returning your check for the \$2.00.

However, there is a statutory fee of fifty cents for recording the Assignment of the Permit, which you may send us at your convenience.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. 2007

Mr. Milo Loomis
Springfield, Idaho

Dear Mr. Loomis:

We acknowledge receipt of your memorandum, stating that you wish to proceed with the original plan, and make your proof of beneficial use on May 20th for 1.5 second feet of water.

Since notice must be published once a week for four consecutive weeks prior to the date of making the proof, it is too late to make it on May 20th. Please advise us of a later date - at least a month ahead, on which it will be convenient for you to make this proof, and we shall change the notice accordingly, and send it to the Blackfoot Daily Bulletin for publication.

Meanwhile, we shall proceed to issue Certificate of Completion of Works in accordance with the completion of works proof submitted by you on March 8th.

Very truly yours,

Re: Permit No. 20007

Mr. Milo Loomis
Springfield, Idaho

Dear Mr. Loomis:

Reference is made to your reply to office letter addressed you on March 13th, in regard to the capacity of the works constructed under your Permit No. 20007.

When proof of completion of works has been submitted and certificate of completion of works issued, it is not possible later on to make supplemental proof for a larger amount.

Since your application calls for 2.08 second feet, and you expect to be able to obtain that amount of water when the larger pump is installed, we have the following suggestion to make.

Since you would be entitled to a longer time within which to make proof of completion of works, you can, if you wish, withdraw this proof and request an extension of time for making proof for three or four years, which would give you time to secure and install the larger pump, without losing your present priority

Please let us hear from you as to your wishes in the matter.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

By Jeanne L. Anderson
Chief Clerk

Re: above letter.

Under these conditions I withdraw the proof all ready submitted and ask for an extension of time for as many years as is allowed. With the understanding that I will install a larger pump as soon as conditions laid down by the Idaho Power Co. permit. Yours truly Milo Loomis

Re: Permit No. 20007

Mr. Milo Loomis
Springfield, Idaho

Dear Mr. Loomis:

We acknowledge receipt of your deposition in Proof of Completion of Works under Permit No. 20007, together with your check for the \$5.00 fee, for which we enclose departmental receipt No. 19859.

In question 7 you state that the works are capable of conducting to the place of intended use $1\frac{1}{2}$ second feet of water, whereas your Permit calls for 2.08 second feet. Please advise if this is a error in your deposition.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

By

Jeanne L. Anderson
Chief Clerk

A:FA

The present pump in this well is a single phase 5 horse power and will deliver only $1\frac{1}{2}$ second feet. It is the largest motor the power company will allow until they can furnish three phase power in this community. This should be within two or three years at most. At that time I should like install a larger motor and use the full amount of water asked for in the permit. (20007)

Re: Permit No. 20007

Mr. Milo Loomis
Springfield, Idaho

Dear Mr. Loomis:

We enclose herewith Permit No. 20007 and also departmental receipt No. 19802 for the \$5.50 filing fee, and call attention to the limitations and conditions of same as given on the fourth page.

Since your application stated that the works were already completed, we have allowed the minimum of three months in which to make the statutory proofs required to complete your water right, that is, on or before May 20, 1947.

The first, or completion of works proof, is made by executing Form 6, enclosed, before a Notary Public, and returning to this Department with the statutory fee of \$5.00, upon receipt and approval of which a Certificate of completion of works will be issued.

Notice of proof of beneficial use is required by law to be published once a week for four consecutive weeks prior to the date set for proof, in the county where the water is diverted. This notice should be made out in duplicate on Form 10 enclosed, setting the date sufficiently far ahead to allow for the four weeks' publication, and naming the Notary Public, or other officer authorized by law to administer oaths, before whom the proof will be made.

Both copies of the notice are to be returned to this Department, together with Form 11, which is your authorization for us to have the notice published at your expense in the newspaper you designate. We shall then send a copy of the notice to the newspaper, with instructions in regard to publishing same.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Dear Sir:

Last June I drilled a 12 in well
on my ranch at Springfield for irrigation
water. On the 20th. of July I began pumping
about 75 inches of water, using an electric
pump and running continuously until
Sept. 9. I would like to file on this water
and date the decree July 20, 1946. If this is
not possible then date the filing as early
as permissible. Could you furnish information
and application blanks ~~etc~~ on this matter?

yours truly

Mike Loomis
