Assistant Secretary of Reclamation

State of Idaho
License and Certificate of Water Right

Water License No. 19323

Amount One second foot

Water District No. _____

Priority May 6, 1942

THIS IS TO CERTIFY that **WILLIAM C. HARRIS**
of **Roberts, Idaho**, made application for a permit to appropriate the
public waters of the State of Idaho, dated **May 6**, 19 **42**; that Permit No. 19323
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
one second foot, was issued thereunder on **June 13**, 19 **47**, showing that said works
were completed on the **11th** day of **June**, 1947; and that on the **14th**
day of **June**, 19 **48**,

WILLIAM C. HARRIS

of **Roberts**, State of **Idaho**, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of **an unnamed**
Stream, a tributary of **Sneke River**, for the purpose of **irrigation and domestic**
uses, under Use Permit No. 19323 of the **Department of Reclamation**
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
8 of Licenses at page **4507**, on the **2nd** day of **March**, 19 **50**;
The right hereby confirmed dates from **May 6**, 1942;

The Point of Diversion is located

in the **SW 1/4 SW 1/4**, Sec. **17**, Tp. **5 N.**, R. **37 E.**, B. M. **Jefferson County**

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed **one** cubic foot per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
5 N.	37 E.	17	NW 1/4 SW 1/4	25	20
			SW 1/4 SW 1/4	25	30
			Number of Acres Actually Irrigated	- -	50

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place
of use herein described, as provided by the laws of Idaho.

WITNESSE the seal and signature of the State Reclamation Engineer, affixed at Boise, Idaho, this
2nd day of **March**, 19 **50**

APPLICATION FOR PERMIT

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

Bash L. Bennett
Rigby, Idaho

Application No. 26784
Permit No. 19323
District No.

1. Name of Applicant: WILLIAM C. HARRIS
Postoffice address: Roberts County: Jefferson State: Idaho
 I. If applicant is a corporation, give:
 (a) Date and place of incorporation:
 (b) Amount of capital stock:
 (c) Amount paid in:
 (d) Names and addresses of directors:
 II. The financial resources of the applicant are:
 (a) Cash on hand: 175.00
 (b) Treasury stock:
 (c) Bonds to be issued:
 (d) Other resources:
2. Quantity of water claimed: one cubic feet per second.
3. Source of water supply: unnamed stream which is a tributary of Snake River
4. Location of point of diversion: Three Hundred feet distant from the NE corner of Section 17, T. 5 N, R. 37 E, B. M., and is the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 17, T. 5 N, R. 37 E, B. M., County of Jefferson
5. Water is to be used for: irrigation and domestic purposes.
6. If for mining, milling, power or manufacturing purposes, give:
 - (a) Point of use of water: feet distant from corner of Section T. , R. , B. M., in the of Section , T. , R. , B. M.
 - (b) Amount of power generated: H. P., under feet head.
 - (c) Water is to be returned to at a point feet distant from the corner of Section , T. , R. , B. M., in the of Section , T. , R. , B. M.
7. Estimated cost of works: \$ 750.00
8. Kind of works: pump, pipe, and ditch, or canal.
9. Height of dam none feet; length of dam at top feet; length of dam at bottom feet; material used in dam:
10. Size of headgate: Width four feet; height three feet.
11. Ditch: Width at bottom five feet; width at water line six feet; depth of water 1 1/2 feet; dimensions of flume:
 Diameter of pipe six inches; length of conduit 1,000 feet -miles.
 Average grade per mile four feet.
12. The time required for the completion of such work is 5 years.
13. The time required for the complete application of the water to the proposed use is one additional years.
14. The land to be irrigated is described in the following tabulation: See remarks.

15. (a) Is reservoir to be used? If so, fill in (b) and (c) below.
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

William C. Harris
Applicant.

Bash L. Bennett /s/
Agent.

Re: Permit No. 19323

Mr. William C. Harris
Roberts, Idaho

Dear Mr. Harris:

We enclose License and Certificate of Water Right issued under your Permit No. 19323 confirming your right to the use of one (1) second foot of water from an unnamed stream tributary to Snake River, with point of diversion in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 17, Township 5 North, Range 37 East, B.M. with priority of May 6, 1942, for irrigation and domestic use on the W $\frac{1}{2}$ SW $\frac{1}{4}$ of said Section.

We also enclose Departmental Receipt No. 22113 for the \$4.00 fee paid in connection with this proof.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. 19323

William C. Harris
Roberts, Idaho

Dear Mr. Harris:

We now have on file the report of our Field Engineer on examination for Beneficial Use under your Permit No. 19323.

This report shows that you have irrigated 50 acres in the W $\frac{1}{2}$ SW $\frac{1}{4}$ Section 17, Township 5 North, Range 37 East, B.M.

Therefore, upon receipt of the statutory fee of \$4.00, a License will be issued for one (1) cubic foot per second of water from an unnamed stream with point of diversion in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of said Section.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

REPORT OF ENGINEER

Permit No. 19323

This proof is for Beneficial use

In Water District No.

1. Name of applicant William V. Harris, Roberts, Idaho
 2. Source of water supply: An unnamed stream
 3. Location of point of diversion: Is in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 17
T. 5 N. R. 37 E. County of Jefferson
 4. Describe works as they exist, giving dimensions and capacities of same:
Sump 30 ft. from bank of slough. Vertical centrifugal pump. 8 inch intake and discharge. Driven by tractor power. Lift about 12 ft. Ditches 2 ft. wide, 1 ft. deep. Earth dam 5 ft. high and 100 ft. long across slough.
 5. Water is used for: Irrigation and domestic purposes
 6. State whether or not water has been turned into works of diversion: Yes
 7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):
W $\frac{1}{2}$ SW $\frac{1}{4}$ Section 17, Township 5 North, Range 37 East, B. M.
- (Submit map on attached plat, showing location and details of above description.)
8. What large stream would the water here appropriated finally reach? Snake River
- Remarks: Land very sandy. Needs 1 $\frac{1}{2}$ inches of water to the acre.

This examination was made on the 20 day of July, 1949

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Re: Permit No. 19323

Mr. William C. Harris
P. O. Box 304
Roberts, Idaho

Dear Mr. Harris:

We acknowledge receipt of the depositions of yourself and two witnesses, also affidavit of publication in the Rigby Star submitted in proof of beneficial use under Permit No. 19323.

We return the statement for \$7.50 publication fee which should be paid by you.

Before final action is taken in the matter the law requires that a field examination be made by an Engineer from this Department.

We are unable to say just when this examination will be made as this Department has but one Field Engineer who makes examinations all over the State.

However, Mr. Tolman, Field Engineer for this Department, will try and contact you at the time he makes the examination in order that you may arrange to show him over the grounds.

Very truly yours,

MARK R. KULP

DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 19323

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Mrs C. Harris Roberts Idaho, Farmer
P.O. Roberts Idaho. Box 304

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. No. 19323 - Date May 6, 1942. Priority date ~~Jan 1, 1942~~ May 6, 1942

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Unnamed stream which is tributary of Snake River and diversion point is 300 ft. distant from the NE corner of the SW $\frac{1}{4}$ of SW $\frac{1}{4}$ of Sec 17, T. 5 north R. 37 E. B. M. and in the SW $\frac{1}{4}$ of Sec 17.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Fill, Intake Culvert, pump, ditch. Fill is 450 ft. long, 0 ft base, 15 ft at top - 6 ft high. amt. of water is 200 minus inches. and name of ditch is Larried ditch.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. For irrigation and domestic use. For use on 50 acres on the NW $\frac{1}{4}$ of SW $\frac{1}{4}$ of Sec 17, T. 5 north R. 37 E. B. M. Co. J. Jefferson. Cultivated land which has been leveled, and diked and ditched.

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 150 inches is the least my pump could operate on.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. It was used the summer of 1947 for the amount of 150 inches of water to irrigate 50 acres of grain.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. This water is in two unnamed sloughs on the land of this applicant, and they have no inlet or outlet, the land to be irrigated lies above this water level, so that it is necessary to use a pump. The water, in the opinion of the applicant, is that this water be seepage from other land irrigated by applicant.
(Sign) J. P. Harris

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Roberts, County of Jefferson, State of Idaho, on this 10th day of June, A. D. 19 48.

PERMIT NO. 19323

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Carl E. Harris, Robert Idaho
Idaho 27 years of age

Ques. 2. Are you acquainted with Wm C Harris, the holder of Permit No. 19323? How long have you known him and where does he reside?

Ans. all my life or 27 years
Robert Idaho Jefferson County

Ques. 3. Have you read or heard read said Permit No. 19323, and are you familiar with its provisions and conditions?

Ans. yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Unnamed stream which is tributary of Snake River and
diversion point is 300ft distant from the NE corner of SW 1/4 of SW 1/4 of Sec 17,
T.5. N. R. 37. E. B.M. and in the SW 1/4 of SW 1/4 of said Sec 17.
Fill, Intake Culvert, pump, ditch. Fill is 460ft long, 50ft base, 13ft at top,
6ft high.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 200 minor inches. Have seen 150 minor inches
used.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation and domestic for use on 50 acres
on the NW 1/4 of SW 1/4 of Sec 17. T.5. N. R. 37. E. B.M.
land has been leveled, diked and ditched and
cultivated.

19323

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. 150 inches is the smallest amount

of water required for cultivation, 200 would be better
if the land is good sandy soil.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. just as a witness

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen Wm C Harris irrigate 50

acres of land in year of 1947. with 150 inches of water.
I live across the road from this land. It is profitable and
a benefit

NOTICE FOR PUBLICATION NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 a. m. on the 14th day of June, 1948, at Roberts, County of Jefferson, State of Idaho, before Arthur P. Jensen, Notary Public, proof will be submitted of the application to beneficial use of one cubic foot per second of the waters of unnamed stream in accordance with the terms and conditions of Permit No. 19323 heretofore issued by the Commissioner of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit is William C. Harris, Roberts, Idaho. The use to which said water has been applied is irrigation and domestic purposes.

The amount applied to beneficial use is One cubic foot per second.

The place where said water is $8\frac{1}{2}$ of SW $\frac{1}{4}$ of section 17, T 5 N., Range 37 E.B.M..

The name of the canal or other works by which said water is conducted to such place of use is Harris ditch.

The right to take water from such works is based upon Permit No. 19323.

The source of supply from which such water is diverted is unnamed stream.

The date of priority which said user is prepared to establish is May 6, 1942.

MARK R. KULP,

INSTRUCTIONS

PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO, June 4, 1948

Re: Permit No. 19323
Wm. C. Harris

Mr. Arthur P. Jensen
Notary Public
Roberts, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 19323

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On June 14, 1948, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Roberts, Idaho before Arthur P. Jensen, Notary Public

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly.

MARK R. KUIP

✓
May 14, 1948

Re: Permit No. 19323

Mr. William C. Harris
Box #304
Roberts, Idaho

Dear Mr. Harris:

We have made two corrections in the notice of beneficial use proof to be made under Permit No. 19323 on June 14, 1948, before Arthur P. Jensen, Notary Public, and have sent a copy to the Rigby Star with instructions to publish it once a week for four consecutive weeks prior to that date and to send you the affidavit of publication together with statement of costs.

The corrections are as follows: The land described in your permit is the $S\frac{1}{2}$ $SW\frac{1}{4}$ of Section 17, Township 5 N., Range 37 E. B.M. instead of the $SW\frac{1}{4}$ $SW\frac{1}{4}$ of this section; and the priority that you can establish under this permit is the date of your filing on May 6, 1942.

About ten days prior to the date set for proof we shall send Mr. Jensen, the Notary Public, the necessary forms of deposition, consisting of one for yourself and one for each of two witnesses so that he may have them in ample time for the proof.

At the time set you should appear before the Notary Public with two disinterested witnesses who are familiar with the terms of your permit and the work done thereunder for the purpose of executing the depositions.

Very truly yours,

MARK R. KULP

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) May 10, 1948

(P. O.) Roberts Idaho

STATE RECLAMATION ENGINEER:
TO THE COMMISSIONER OF RECLAMATION

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the

Rigby Star of Rigby, Idaho, published in
the county in which the works are situated.

W. C. Harris

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

19323

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10 A. M. on the 14th day of June, 1948,
at Ripley Roberts, County of Jefferson, State of Idaho, before
Arthur P. Jensen, Notary Public, proof will be submitted of the
application to beneficial use of one cubic feet per second of the waters of unnamed
Stream in accordance with the terms and conditions of Permit No. 19323
heretofore issued by the E. Bang Commissioner of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are _____

William C. Harris - Roberts, Idaho

The use to which said water has been applied is irrigation & domestic purposes

The amount applied to beneficial use is one cubic foot per second

The place where said water is used (if for irrigation, give full and accurate description of the
lands irrigated) S 1/2 SW 1/4 of section 17, T 5 N - R 37 E, B. M.
County of Jefferson

The name of the canal or ditch or other works by which said water is conducted to such place of
use is Harris ditch

The right to take water from such works is based upon Permit No. 19323

The source of supply from which such water is diverted is unnamed stream

The date of priority which said user is prepared to establish is May 6, 1942

Mr. William C. Harris

Roberts, Idaho

Dear Sir:

We enclose herewith blank notice for proof of application of water to beneficial use under your Permit No. 19323. This notice should be filled out in duplicate and returned to this office at least 40 days before the date upon which you wish to make this proof, in order to allow time for the four weeks' publication required by law.

This proof must be submitted before a Notary Public or other officer authorized by law to administer oaths.

The date for proof, as set out in your permit, is not later than June 16, 1948, and if proof is submitted later than said date, your priority will be brought down a length of time equal to the time elapsing between the date the proof is due and the date proof is actually made.

Very truly yours,

MARK R. KULP

Re: Permit No. 19323

Mr. William C. Harris
Box # 304
Roberts, Idaho

Dear Mr. Harris:

In reply to your letter of June 10th, in which you state that you are ready to make final proof on your Permit No. 19323.

The law requires publication of notice of this proof to be made once a week, for four consecutive weeks, in a newspaper published in the county where the water is diverted.

This notice should be made in duplicate, on Form 10 enclosed, naming time and place, and also the Notary Public before whom the proof will be made. Be sure to set the date sufficiently far ahead to allow for the four weeks' publication.

Both copies of the notice to be returned to this Department, together with Form 11, which is your authorization for us to have the notice published, at your expense, in the paper you designate.

We shall then send a copy of the notice to the designated newspaper, with instructions in regard to publishing.

At the time set, you should appear before the Notary Public, with two witnesses, to execute the proofs, forms for which will be furnished by this department.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

DEPARTMENT OF RECLAMATION
BOISE

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Mr. William G. Harris

Roberts, Idaho

Boise, Idaho **April 2, 1947**

Dear Sir:-

Under the terms of your permit No. 19323-----you are required to complete your diversion works on or before June 16, 1947----- I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

State Reclamation Engineer

Re; Appl. 26784 William C. Harris.

Attention Roy W. Thompson.

Dear sir;

Yours of the 29th May, 1942 at hand, and thank you for calling this to my attention, the actual place of diversion should read the same as in the application with the SW $\frac{1}{4}$ SW $\frac{1}{4}$: added. when corrected it should be as follows;

The waters of an unnamed slough or stream about 300 feet distant from the Northeast corner of the SW $\frac{1}{4}$ SW $\frac{1}{4}$: section 17, township 5 North Range 37 East Boise Meridian.

I am returning your enclosures, and thank you again for calling this to my attention.

Respectfully yours,

A handwritten signature in cursive script that reads "Bash L. Bennett".

Rigby, Idaho

Dear Mr. Bennett:

Re: Application #26784-William C.
Harris

On May 6, we received a letter from you enclosing an application for permit, signed by Wm. E. Harris, to appropriate one cubic foot per second from the waters of an unnamed stream with point of diversion located 300 feet distant from the Northeast corner SW $\frac{1}{4}$, Section 17, Twp. 5 North, Range 37 East, E.M., County of Jefferson.

We have a map in this office drawn and certified to by Mr. E. Milson Christensen of Idaho Falls, which, according to his map, does not show any slough in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 17. We wondered if you did not want to check the point of diversion and make sure of the correct diversion point before the said application goes to permit.

We are enclosing a small sketch map drawn by someone in your vicinity which may be of some help to you.

Very truly yours,

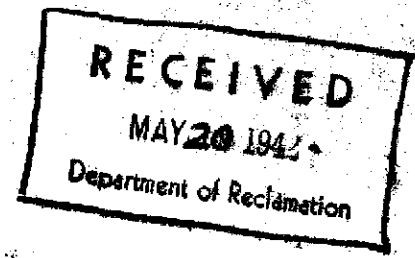

E. V. BERG
Commissioner of Reclamation

19323

19323

Roberts, Idaho
May 17, 1942

Department of Reclamation,
Boise, Idaho

Gentlemen:

Attention Mr. E. V. Berg

I am puzzled over the recent filing of Wm. G. Harris in NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 17, township 5, Range 37 E. If you will refer to the map prepared by Mr. Christensen, the engineer for my case you will note there is no body of water in that quarter. I talked it over with Mr. Christensen and he said the map was accurate.

To my knowledge and several neighbors have also agreed that the only two sloughs on Wm. G. Harris place are: the one through which I run my irrigation water, which as an inlet at my headgate and an outlet pipe under the county road that takes it over to the slough on my land on which the hearing was held last fall. This slough is located in the NW $\frac{1}{4}$ of SW $\frac{1}{4}$ of section 17. The other slough on his land is partly located in NW $\frac{1}{4}$ of SW $\frac{1}{4}$ of section 17 and extends into SW $\frac{1}{4}$ of NW $\frac{1}{4}$ of section 17. If he files on this first slough I mentioned he would naturally pump during the irrigation season and that is when I am running my water through there, and as it connects with slough on my land by pipe under the road he would lower my slough by pumping.

would it be asking too much the next time one of your men are in this part of country to have Mr. Harris point out the two sloughs in which he is making the filing? If I should ask him he will tell me it is none of my affairs, and if the department asks him he will comply.

Thanks

Mrs Bessie Jones
