Jas. Stephenson, Jr.,

State Engineer.

State Of Idaho

Dated Yuma, May 11-1910.

County of Bingham.

Mark Colborn, being first duly sworn, deposes, says, that He is the holder of Permit No. 3479.

The point of diversion is in the north west corner of the southeast $\frac{1}{4}$ of section six (6) Township five (5) south Range thirty two (32) east B. M.

This is the point that was originally intended, but through an error of the Attorney who filled out the application blank, it was located at the spring, in the southeast $\frac{1}{4}$ of section two (2) township five (5) south, range thirty one (31) east B.M. This does not interfere with any other interests on the creek. The additional land to be irrigated is part of the S W $\frac{1}{4}$ of the N.W. $\frac{1}{4}$ of sec. eight (8) Township five (5) south Range thirty two (32) east B.M. The description of the land to be irrigated as amended is as follows, The SW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Sec. five (5) the NW $\frac{1}{4}$ and part of the E $\frac{1}{4}$ and part of the SW $\frac{1}{4}$ of the NW $\frac{1}{4}$ of sec. eight (8) Township five (5) south range thirty two (32) east B.M. and continuing about (190) acres. There is a bench running through this land, leaving the rest of the land named in the permit on a lower flat and is irrigated from another stream.
