Re: Application for Permit No. 78-12245

Dear Mr. Stoltey:

I received your returned application earlier this week. You selected option #1 from my June 20, 2006 letter. This means you plan to construct an excavated site for pond storage, eliminating the need for a dam and for any additional runoff water to be stored.

Application processing has resumed. You should receive an approved permit soon. Thank you for your timely reply.

Please contact me at 334-2190 if you need more information or have any questions.

Sincerely,
