Mr.. Stoltey:

The 1/26/06 prehearing conference for your application for permit # 78-12245 has been rescheduled for early May. A rescheduling notice was mailed late last week in this regard.

Steve Lester
Water Rights Supervisor
IDWR Western Region

Mr. Lester,

Re: water rights application

As you know, our neighbor, Joel Chambliss, has filed a formal protest against our application for water rights to a small amount of water from Little Elk Creek. A week or so ago my wife was in Idaho and wrote you a letter regarding the planned prehearing conference in New Meadows scheduled for January 26th. She informed you that we are in Mexico for the winter and asked for a rescheduling of the conference if Mr. Chambliss is not willing to drop the protest.

As I have heard nothing from you or from Mr. Chambliss this week by e-mail, I am writing to ask you for an update on the situation. It would be an extreme inconvenience and expense for me to have to fly back to Idaho at this time. However, if that is what it takes in order for my side of the story to be heard, then I need to know in time to make an airline reservation. A rescheduling to a late April date would be most appreciated.

Thank you for your consideration of this matter.
Raymond K. Stoltey
