Re: Transfer of Water Right License #95-08447

This statement will confirm the transfer of the Harbor View Estates Homeowners Association interest in our Water Right License, State of Idaho number 96-08447, to the newly formed Harbor View Estates Water and Sewer District, effective on the date of the new District's formation, which was 1-1-04. This transfer is made without any restriction or limitation, in consideration of the fact that the new district fully encompasses the service area represented by the water and sewer utility users served by the former provider, the Harbor View Estates Homeowners Association.

If there are any questions, please call me at 765-2165.

Jerry Lanahan

President, Harbor View Estates Homeowners Association
