10. Remarks:

Due to varied geology on our property, we are not exactly sure where the proposed well will be drilled; the application shows 2 generic sites, as this is the best we can do for now. The well will serve the large home being built at #347 Stephens Rd. A separate existing well serves the mobile home that is already on the property, but this well is not sufficient to cover the additional uses.

11. Map of proposed point of diversion and place of use attached? ☐

BE IT KNOWN that the undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.
