Subject: Assignment of Application for Permit form

3/3/2006

Mr. Carlson,

I've attached the assignment form that you requested. For applications that have been held for a number of years because the the moratorium in the Salmon drainage, IDWR requires a written request to resume processing. Therefore, when the assignment has been completed, please notify IDWR in writing that you wish to proceed with the application.

Please call or email if you have any other questions.

Sincerely,
