Re: Transfer Application - 72769 (Hughes)

Dear Mary,

Idaho Department of Fish and Game (Department) staff has reviewed the Hughes application for water transfer (No. 72769) and has no objection to the completion of the transfer. The Department Screen Program has worked closely with Mr. Hughes on this transfer as it will improve fish passage in Challis Creek and benefit both resident and anadromous fish.

Thank you for the opportunity to review this application and provide comments.

Sincerely,

James R. Lukens
Regional Supervisor
