Good Morning, I believe one of you called F&G for comments on these applications. See below response from F&G.

Thanks.
Sharla

Bob,

Good morning. Bob, Jim Lukens had a note in my in-box indicating IDWR had called regarding water right applications for both 12 Mile and Dahlenega creeks. Apparently IDWR called our office indicating they were holding these two applications pending our comments. We respectfully decline the opportunity to protest these applications due to the small amount of water being requested and because we are dealing with other priority water right applications. Could you please forward this information to the appropriate persons in your agency? Thank you. Thx tc
