CONDITIONS OF APPROVAL

1. This right is limited to the irrigation of 230 acres within the place of use described above in a single irrigation season.
2. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 4.5 afa per acre at the field headgate for irrigation of the lands above.
3. Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 67.
4. The right holder shall maintain measuring devices and lockable controlling works of types approved by the Department in a manner that will provide the watermaster suitable control of the diversions.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed and sealed this 6th day of June, 2006.
